General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Cannes - France

CNE-B / NICE & PARFUMERIE FRAGONARD

DIFFICULTY

Price:\$119; Duration:5.00 hrs

Leaving the hustle and bustle of Cannes behind, discover the picturesque cities of Nice and Grasse with their historic landmark buildings. Nice's assets include its climate, light, fine ochre façades and colourful markets. Drive the Promenade des Anglais and discover its many treasures: the variety of its historical and architectural heritage attests to the many successive influences of its past. Continue to Grasse to a perfumery house where all of their products are made in their own factory, the earliest of these editions dates back to 1928.

Depart the pier for the 45-minute drive to Nice, the capital of the French Riviera.

Nice

Enjoy a panoramic city tour along the 'Promenade des Anglais', a splendid palm-lined boulevard stretching along the Baie des Anges. See in amazement landmarks like the legendary Negresco, an imposing hotel with its Belle Epoque façade, and the Russian Orthodox Cathedral, built with pink bricks, light grey marble and vivid colour ceramics, all sitting beneath six onion-shaped domes that lend an exotic touch to the Nice landscape.

Next, visit the Old City, where tall houses tightly-packed across narrow streets are often festooned with bright flowers or hanging laundry, and designed to provide shade and keep the streets cool during the long, hot summers. A stop is made for a leisurely stroll along the Cours Saleya, the elegant promenade of Old Nice, which is now lined with shops and restaurants.

Following your visit and some free time; re-board your coach to reach the capital of perfume, Grasse.

Grasse

The historic perfume factory in the heart of the Old Town is one of the oldest in Grasse, for the present premises housed perfume making from their construction in 1782. In 1926 they took the name of Parfumeries Fragonard as a tribute to the famous painter Jean-Honoré Fragonard. Here on a daily basis they produce perfumes, cosmetics and soaps in a setting imbued with respect for tradition.

Enjoy a guided tour, during which you can discover the various procedures involved in creating and producing the aromatic products. At the end of the tour, you may admire 3,000 years of perfume history in the private museum.

Afterwards, re-join your transport for the 45-minute return drive to the pier.

Please note: This tour involves a moderate amount of walking over uneven surfaces and cobblestone streets for approximately 700m (about one half mile). This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing, flat, closed-toe walking shoes and sun protection are recommended.

Barcelona - Spain

BCN-A / GAUDÍ'S BARCELONA

DIFFICULTY

Price: \$99; Duration: 5.00 hrs

Discover the whimsical art of the city's most famous architect, Antonio Gaudí, during this scenic, half-day sightseeing tour of Barcelona. Depart the pier for the drive through the centre of the city towards the north and Colonia Güell.

Colonia Güell

A jewel of modernism still relatively unknown to the big public, Colonia Güell remains today as one of the most secret treasures of Catalan architecture genius Antoni Gaudí. Conceived as an industrial village to accommodate factory workers, Gaudí was in charge of building the church of the installations and even though the temple remained unfinished, the crypt is considered a culminating point of his works: the construction including for the first time practically all of his architectural innovations. After a guided visit, your tour continues on with a visit to the Church of the Holy Family, or, 'La Sagrada Família'.

La Sagrada Família

This monumental but unfinished church is Gaudí's most famous masterpiece. Its towering spires are Barcelona's most prominent landmark. Many of the steeples Gaudí envisioned have not yet been built, and much of the structure is still exposed to the heavens. Take a walk around this unfinished church on an exterior visit for photos before continuing your drive through the Eixample District.

Eixample District Tour

The Eixample District is home to some of Barcelona's most stunning examples of Modernist architecture, especially along the elegant Passeig de Gràcia. Important buildings such as the Pedrerà House, the Batlló House and the Amatller House line this impressive thoroughfare.

Casa Batlló

Next, a visit is made to Casa Batlló. Originally a residence of a wealthy industrialist, Gaudí completely renovated the building between 1904 and 1906, and its façade is unsurpassed in the entire city. There are no corners; even the walls are rounded and the tile roof depicts the back of a dragon. Your guided walking tour of this Gaudí masterpiece includes the impressive main floor and rooftop, which features whimsical chimneys and offers spectacular views over the city.

Following your visit, re-board your coach for the return drive to the pier.

Please note: This tour involves a moderate amount of walking, with several steps to negotiate at the Casa Batlló (4 floors). It is not suitable for guests with limited mobility or those who utilise a wheelchair. Barcelona's City Government will no longer allow motor-coaches to drive by or stop near the Sagrada Família. Respectful attire that covers the shoulders and knees should be worn in order to enter the crypt. Photos and video are not allowed inside the crypt. Motor-coaches are required to park in a parking lot approximately 2-3 blocks away from the Sagrada Família. This will add an approximate 10 to 15 minute walk to and from Sagrada Família (30 minutes total) and the order of sites visited may vary.

BCN-B / GOTHIC QUARTER & PUBLIC MARKETS

DIFFICULTY

Price: **\$99**; Duration: **4.00** hrs

From the comfort of your coach, enjoy the views of Columbus Monument, the Old Port's installations, the Noucentist Avenue of Via Laietana and the Roman City Walls, until reaching the millenary heart of Barcelona and immersing in your enchanting traditional Markets walk through the ancient Barri Gotic - the Gothic Quarter.

Gothic Quarter

An island within the urban metropolis with narrow streets of ancient stone and historical buildings, the Gothic Quarter hosts the eternal administrative core of the city, with both the Palau de la Generalitat (Catalan Government palace) and l'Ajuntament (Town Hall), located on opposite sides of the over five centuries old Sant Jaume's Square. Follow your guide too through the vestiges of the Old Roman City of Barcino, medieval palaces and squares such as Plaça del Rei and Barcelona's main Cathedral of Santa Eulalia.

Public Markets

Just across Via Laietana, the oldest "path" in town, you will also visit the renewed Mercat of Santa Catarina, a place to taste a market snack and the flavour of local life, indeed a magnificent showcase of tradition, architectural innovation and recent archaeological excavations.

La Boqueria

A lovely route which will bring you to the very entrance of the Mercat of La Boqueria, Barcelona's most popular and colourful market, where time will also be provided to enjoy the lively atmosphere of the place and sample local products, direct from a market stall.

Las Ramblas

Returning to the maze of the Gothic area, and on your way to Barcelona's world famous boulevard of Las Ramblas, you will discover with your guide some of the city's most beautiful and hidden corners such as the square and church of Sant Felip Neri (architect Antoni Gaudí's daily place of confession), the alleys of the Medieval Jewish Ghetto, El Call, or the charming surroundings of the medieval Cathedral of Santa Maria del Pi. Of course, your tour could not be completed without a stroll through the widely known and always vibrant tree-shaded Las Ramblas. Cádiz - Spain

XRY-A / VIVA LA PEPA

DIFFICULTY

Price: \$49; Duration: 2.50 hrs

Enjoy an amusing walking excursion dedicated to the bicentenary celebrations of 'The Pepa' - the signing of the Spanish constitution in the year 1812. An official guide will give you an overview of the history of the signing during a pleasant stroll through the old town of Cadiz.

Old Town

Leaving from the port of Cadiz towards the Plaza España you will find a monument dedicated to the event. During the tour you will meet two 19th Century "characters" in typical Andalusian style dress - Mr. Ramon Power Giralt (a member of the Spanish Parliament) and Lolita Geditana. In an amusing and distinctive, anecdotal-style these two characters will describe how people lived during this fascinating era.

The stroll continues through streets, gardens and squares, where you will find other places of interest relating to this epoch, including the Church of Carmen, Plaza de San Antonio, Calle Ancha, and the Plaza de San Francisco. Being the oldest town in Western Europe, Cadiz is a great setting for a walking tour steeped in history and making it one of the most important towns of the 17th and 18th centuries.

Please note: This tour requires a moderate amount of walking for approximately 3,000m (1.86 miles) over some cobblestone and unpaved surfaces. It is not recommended for guests with limited mobility or those who utilise a wheelchair. We recommend guests wear comfortable clothing, walking shoes and bring sun protection.

XRY-B / SEVILLE!

DIFFICULTY

Price: \$149; Duration: 9.00 hrs

Experience the splendid beauty and architecture of Seville during a full-day sightseeing excursion to this historic city.

Few cities in Spain can rival the charm of Seville. *Carmen*, *Don Giovanni* and the *Barber of Seville* are just a few among the many artistic works that were inspired by this traditional Andalusian town. Founded by Julius Caesar, Seville later became the capital of the Moorish Empire and the highlight of the Spanish Renaissance.

Depart the pier for the scenic, approximately 75-mile (120-kilometre) drive to Seville, with a comfort stop made en route. Upon arrival, begin with a sightseeing drive through the city then continue with a walking tour through the historic centre.

Seville

During your guided tour of the Mudejar-styled Reales Alcazares, explore its lavish courts, apartments and gardens. Christian kings erected this palace, modelled after the Alhambra in Granada, in the 14th century to replace the original palace built by Moorish rulers in 1181. Continue to Seville's famed landmark, a 270-foot (81-metre) weathervane tower known as 'La Giralda'. The tower is all that remains of a former mosque. From here, proceed to the Seville Cathedral.

Seville Cathedral

Construction on this magnificent Cathedral started in the early 1400s, and took more than a century to complete. The interior of the Cathedral features splendid works of art, and contains the tombs of the Spanish monarchs and Christopher Columbus. Leaving the Cathedral, proceed for a visit to Seville's Old Jewish Quarter.

Old Quarter

King Fernando III forced Jews to live in this former ghetto, known as 'Barrio de Santa Cruz'. Whitewashed houses line narrow, winding alleys and the walls of picturesque courtyards burst with brilliant flowers. Today, many of the buildings house souvenir shops, art galleries and cafés.

Next, you have approximately 1.5 hours leisure time for shopping and lunch on your own at one of the area's many restaurants before re-boarding your coach for a drive exiting Seville. After passing by Plaza America, a photo stop is made at the Plaza de España, a monumental square built for the 1929 World's Fair Plaza, before returning to the pier.

Please note: This tour requires an extensive amount of walking (approximately 2.5 hours). It is not suitable for guests with limited mobility or those who utilise a wheelchair. Proper dress is required to enter the Cathedral; no shorts or bare shoulders are permitted inside. The Alcázar

may close for special events, such as a visit by the royal family, in which case the Casa Pilatus will be substituted. The tour sequence may vary. Comfortable clothing, flat shoes and sun protection is recommended.

XRY-C / JEREZ & CELLARS OF BODEGA TRADICIÓN

DIFFICULTY

Price: \$159; Duration: 4.00 hrs

Indulge your senses with the exquisite beauty and flavours of Jerez during this scenic, half-day excursion arranged exclusively for Silversea guests.

Depart from the port of Cádiz and be provided a panoramic tour before you leave the city behind and drive approximately 30 minutes to Jerez.

Jerez de la Frontera

The charming Andalusian town of Jerez de la Frontera is well-known for its sherry wine, its origins extending back nearly 3000 years. The production of sherry wine closely follows the regions political history, influenced by the Phoenician, Greek, Roman, Moorish, Spanish and British empires. The Phoenicians originally introduced wine production to this area of Spain. Slowly, with each consecutive political shift in Cadiz, aspects of what would eventually become sherry were introduced. With the Age of Exploration came the exponential growth of Cadiz as a trading port, and a starting point for ships headed to the New World. With this era came a need for a wine that would not spoil during long journeys, thus sherry became a staple for all ships (also expanding its popularity across the world).

Cellars of Bodega Tradicion

Continue the tour with a visit of one of the famous sherry bodegas in Jerez. During this guided tour through the wine cellar, your guide will go into great detail about the history and production of sherry. Bodega Tradicion is the only bodega in Jerez whose production focuses exclusively on the oldest of the wines and brandies.

The Bodega uses the soleras system to produce their Sherry; the wines are then hand-bottled. Sherries produced here will be classified as VOS - vinum optimum signatum - aged for more than 20 years and VORS - vinum optimum rare signatum - wine aged more than 30 years. These categories not only indicate the age of the wines, but their extraordinary quality. The highest quality Amontillado, Oloroso, Palo Cortado and Pedro Ximénez are all produced here.

Joaquin Rivero Collection

View the Bodega's art gallery which contains a selection of paintings from the Joaquin Rivero Collection of Spanish Art. A section of the winery has been carefully restored and will house a permanent exhibition of these major works of art which all visitors will be able to enjoy. The Joaquin Rivero Collection is one of the most important on public display in the whole of Andalusia. It is a private collection and brings together 300 major works by the great masters of Spanish Art from the 15th to the 19th centuries.

All the artistic movements that have characterized Spanish Painting over the centuries are represented as are the great names that have shaped the history of Western Art: Zurbarán, Velazquez, Hiepes, Labrador, Valdés Leal, Goya, Maella, Lucas Velazquez, Madrazo, Lucas Villamil, Carlos de Haes and many others. You will experience a unique journey through Spanish history and its art.

The visit concludes with a delightful tasting of the various sherry's, as an oenologist explains in detail the characteristic of the different sherry's - nose, colour, palate and recommendations how to pair them with food. The wine tasting will be accompanied by a local and traditional snack. Enjoy these specialties accompanied in the background by a flamenco guitar player.

There seems to be nowhere more quintessentially Spanish than Jerez de la Frontera in Andalucía. After you have been immersed in this city's flavours, make your way back to the port in Cadiz.

Please note: This tour requires a moderate amount of walking and it is suitable for guests with limited mobility. However, it is not recommended for those who utilise a wheelchair. Comfortable clothing, flat shoes and sun protection is recommended.

In the early 16th century, Cádiz served as a launching point for the journey to the newly discovered lands of America. Later raided by Sir Francis Drake, in the struggle to gain control of trade with the New World, the city managed to withstand a siege by Napoleon's army. In the early 19th century it became the bastion of Spain's anti-monarchist, liberal movement, as a result of which the country's first Constitution was declared here in 1812. Some of the city's 18th century walls still stand and the old, central quarter is famous for its picturesque charm.

Depart the port area on your motor coach for an approximate 1-hour panoramic drive through the city.

Old Town

The old city looks quite Moorish in appearance and is intriguing with narrow cobbled streets opening onto small squares where the golden cupola of the cathedral looms high above long white houses. Get to know the Parque Genoves, one of the major areas of greenery of the town. Between the Parque Genoves and the attractive Caleta Beach you will find the Castillo of Santa Catalina, which is formed by the remains of the old canal that once crossed Cádiz. Pass by the 18th Century Baroque and neo-classical Cathedral. It has a dome of yellow tiles, which forms the chief landmark of the city. See also the old tobacco factory and the Town Hall in the Plaza de San Juan de Dios.

Exit the bus at the Plaza de España, where you will see a fine monument to the first Spanish constitution of 1812.

Flamenco Performance

After a short walk you arrive at the flamenco tavern "La Cava", the setting for tapas and an authentic flamenco performance. This is a traditional tavern with a distinctive flamenco feel to its decoration and furnishings; the design is in wood, glass and wrought iron. Flamenco is the music of Spanish gypsies, influenced by both Western and Moorish sources. Experience the exquisite beauty and allure of the Algarve during this scenic visit to Lagos, the magnificent Ponta da Piedade coastline and the fashionable resort of Carvoeiro.

Depart the pier for the approximately 30-minute drive to Lagos, one of the oldest settlements in the Algarve.

Lagos

Upon arrival, take a guided walking tour of the town, once an important Moorish trading post. The older part of Lagos is still circled by the city walls that were constructed during the 16th century when it was the residence of the governors of the Algarve and the fort, Ponta da Bandeira, by Batata beach is part of the 17th century fortifications that were added to protect the town.

Stroll about the narrow streets of Lagos then proceed to the main square to see the city's highlights. Ponta da Piedade

The craggy coastline of the Ponta da Piedade is bordered by dramatically eroded cliffs that shelter a series of picture-perfect coves, and is acclaimed to be one of the most scenic areas of the entire Algarve. Full of grottos, unknown bays and quiet beaches, the Ponta da Piedade is particularly captivating when viewed from the sea. After taking in scenic coastal views, your drive continues farther along the coast en route to the resort town of Carvoeiro.

Carvoeiro

This small, attractive hideaway is highlighted by a spectacular setting between red sea cliffs and the surrounding hills. Once a secluded fishing village, the resort now boasts expensive villas and holiday apartments. The centre of Carvoeiro isn't very big and there are just two roads leading down into the town where they meet in a small square behind the beach. POA-B / THE MOORISH CITY OF SILVES

DIFFICULTY

Price: \$99; Duration: 3.50 hrs

Silves is famed for its imposing Moorish red brick castle that dominates the town's skyline, sleepy cafés line streets close to the river Arada and offer a relaxed ambience unique to the region. Below the castle is the gothic cathedral which is the only example of a gothic religious building in southern Portugal.

Depart the pier for the approximately 30-minute drive inland to Silves. Once the Moorish capital of the Algarve, it was a place of grandeur with glittering minarets, bustling bazaars and three circuits of walls that guarded the city.

Silves

Upon arrival, take a brief walk uphill to the Archaeological Museum. Built on the site of a 19th century residence where the water reservoir was discovered, this became the centrepiece of the museum. In an excellent state of preservation, it dates back to the Almohade period (12th - 13th

centuries) and made out of Silves sandstone it is around 20 metres (22 yards) in depth. It is considered an example unique to Portugal as it has a helix staircase with three windows to ensure easier access to the water. These are features rare to Arab architecture.

Next, take a brief walk to the Moorish Castle, the highlight of Silves. Most of the massive walls and the Gothic Cathedral built by Alfonso X of Castile are still intact. Below the remains of the castle is an impressive underground water reservoir that serves the town to this day.

Some free time is made available to explore the area before re-boarding your coach for the drive back to the pier.

Please note: This tour requires an extensive amount of walking on cobblestone streets, and an uphill hike to the castle. This tour is not recommended for guests with limited mobility and guests who utilise a wheelchair. A minibus is provided for guests unable to make the uphill walk to the castle. Cranes may be in place due to ongoing archaeological works inside the Silves Castle, but the beauty of this small city is still preserved. The tour sequence may vary. On Sundays and Public Holidays, the Archaeological Museum is closed. A visit to Caldas de Monchique will be substituted.

POA-C / LAGOS & SAGRES

DIFFICULTY

Price: \$99; Duration: 4.50 hrs

Explore the picturesque, most westerly region of Portugal along the coast of the Algarve and visit the towns of Sagres and Lagos. Depart the pier for the approximately 45-minute drive west to Cape St. Vincent and explore the historical places related to and significant of many Portuguese discoveries.

Cape St. Vincent

Named after the martyred St. Vincent, the cape is the site of numerous naval battles, including those between Admiral Rodney and the Spanish in 1780, and Admiral Jervis and Admiral Nelson against the Spanish fleet in 1797. As you stand on Europe's westernmost point, admire a steadfast lighthouse whose guiding beam safely directs hundreds of ships past the cape every year. What happened here six centuries ago led to the discovery of the world as we know it today. Before then only the bravest of Mediterranean sailors dared to venture beyond the "Pillars of Hercules" (Strait of Gibraltar), and none was foolhardy enough to sail past the rugged cliffs which marked the end of the known world. All that changed in the 1400s: the world was opened up to discovery, exploration and settlement; and Portugal and other countries went on to acquire overseas empires and great wealth. All this was due mainly to the foresight and determination of one man, Portugal's scholarly Prince Henry.

Sagres

Some consider Sagres to have been the headquarters of Prince Henry the Navigator's School of Navigation. The school may have been within the 17th-century fortress that was defended from the shore by mighty ramparts, and from the sea by towering cliffs. Prince Henry is also reputed to have created a shipbuilding yard in the small natural harbour below.

Lagos

Under the Moors, Lagos became an important trading post. After the Christians re-conquered Lagos in 1241, the town was a favoured residence of Henry the Navigator. The town faces an easterly direction and is set around a sheltered harbour with the Ponta da Piedade headland providing shelter to the largest beach on the western side of the Algarve, Meia Praia. The exposed cliffs of the Ponta da Piedade are regarded as the best natural feature of southern Portugal with grottos, arches and sea caves.

Following your guided walking tour, some free time is made available for you to browse its quaint, narrow streets at your leisure.

At the conclusion of your visit, re-board the coach for the approximately 30-minute return drive back to the pier in Portimão.

Please note: This tour requires a moderate amount of walking with some steps to negotiate, and is suitable for guests with limited mobility and guests who utilise a wheelchair; able to embark/disembark the coach via steps. Some surfaces are uneven, paved and or cobblestone. We recommend guests wear comfortable clothing, walking shoes and bring sun protection.

POA-E / QUINTA DOS VALES ESTATE & ALVOR

DIFFICULTY

Price: \$139; Duration: 3.50 hrs

Discover the Old World village of Alvor and the award-winning wines of the Quinta dos Vales estate during this delightful, half-day sightseeing excursion.

Alvor

Depart the pier for the short drive past Praia da Rocha and on to Alvor, a delightful little fishing port with a history that extends back to the Classical Era. The Moors first occupied this area in 716 and there are ruins of a wealthy Roman villa located slightly inland from the present village. Although an earthquake destroyed most of the traditional Moorish village in 1755, you can still see remains of Alvor's history in places such as the 16th century Igreja Matriz with its beautiful Manueline arches and pillars. The charm of the old town with its narrow cobbled streets leading down to the harbour on the lagoon of the river estuary still remains.

Upon arrival, take a guided walking tour of Alva. Afterward, some free time is made available to explore the village at your leisure.

Quinta Dos Vales

Next, re-board the coach and drive to Quinta dos Vales for a guided walking tour of the property, its sculpture garden and vineyards. From vine to bottle, the Quinta dos Vales wine philosophy is based on quality, as opposed to quantity. This may be the reason Quinta dos Vales have very quickly become one of the leading wine producers in the upcoming Algarvean wine market. Proof of their success is in the number of medals and awards, over 100 since 2008. Following your tour, proceed to the well-preserved Tasting Room of the Manor House for a tasting of the award-winning red, white and rose wines produced here, accompanied by a splendid selection of Portuguese specialities.

At the conclusion of your visit, re-board your coach and commence the short drive back to the pier.

Please note: This tour involves a moderate amount of walking for approximately 547 yards (about 500 metres), at times over uneven surfaces, with a few steps to negotiate to get on/off the coach and at the sites visited. This tour is suitable for guests with limited mobility, but is not wheelchair-accessible. Lightweight, comfortable clothing, flat, closed-toe walking shoes and sun protection are recommended. Guests must be at least 21 years old to participate in tastings of alcoholic beverages. Space on this tour is very limited; we suggest you book in advance to avoid disappointment.
