General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

CAS-B / THE FORTRESS CITY OF RABAT

DIFFICULTY

Price:\$119; Duration:5.50 hrs

The stunning beauty and architecture of Morocco is yours to discover during this sightseeing tour of Rabat, a newly designated UNESCO World Heritage site.

Enchanting City of Rabat

Depart the pier for the 1.5-hour drive to the city of Rabat. Sitting on the Atlantic coastal plain, Rabat is the capital city of Morocco. This modern city is filled with wide boulevards, gardens, and white buildings. A far cry from the hectic warrens of the other Imperial cities of Marrakech and Fes, but no less steeped in history, its origins date back to the 7th Century. This enchanting city is home to many historic monuments and has some superbly preserved relics of its Moorish past.

Mohammed V Mausoleum & Kasbah Oudaya

Your first stop will be at the ornate Mausoleum of Mohammed V, which was completed in 1971 and contains the tombs of the late Moroccan king and his two sons. This site is an architectural marvel and a monument that is truly a final resting place fit for a king. Re-board the coach for a drive past the Royal Palace, before moving on to explore la Kasbah Oudaya. Here, you will experience a taste of a traditional medina in Morocco. Meander down the hill slope to the colourful Andalusian Gardens to enjoy a cup of tea overlooking the river and the city of Sale.

The coach continues on a tour of several architectural highlights and a panoramic view of the Chellah Fortress before returning to the pier in Casablanca.

Please note: This tour involves a moderate amount of walking and it is not suitable for guests with limited mobility and those who utilise a wheelchair. Morocco being a Muslim country, recommend modest attire - covered shoulders, long pants, comfortable shoes.

CAS-C / PORTUGUESE TOWN OF EL JADIDA

DIFFICULTY

Price:\$119; Duration:5.00 hrs

Explore the Portuguese old towns or 'Medinas' of El Jadida and Azemmour which exude the charm of yesteryear in a collection of narrow streets, beautiful buildings, gates to mysterious passageways and a mixture of Portuguese, Arab, Andalusian and Berber architectural styles.

Azemmour Village

Depart the pier for the drive to Azemmour village. A stop will be made en-route to view the outside of the Hassan II Mosque before continuing to Azemmour village via the charming coastal road. From the entrance of Azemmour you will see the stunning panoramic view of the whitewashed buildings clustered on the banks of the Oum Rabiaa River.

Morocco's Portuguese Town El Jadida

Next, continue to Morocco's Portuguese town - 'Mazagan' - also known as El Jadida meaning 'new one' to the Arabs. This new name was first used just after the departure of the Portuguese. Explore El Jadida on foot accompanied by your tour guide and experience one of the first settlements created in Africa by Portuguese explorers on their way to India. The most interesting part of El Jadida is the Old Portuguese quarter and the underground cistern, an immense square hall supported by 25 columns and lit only by a circular opening in the roof. The Portuguese built it originally as an arsenal but in the 16th century, they transformed it into a cistern. A mark on the wall records the water level at that time. It was discovered in 1916 by chance, having been sealed off for hundreds of years. Orson Wells used it in his film 'Othello' and also many other directors have filmed in this dramatic area.

Lastly, enjoy a short refreshment stop before re-boarding the coach to return to the pier.

Please note: This tour requires a minimal amount of walking, approximately 3.4 mile (1.2 km). This tour is not recommended for guests who utilise a wheelchair. Modest attire is highly recommended - covered shoulders, long pants and comfortable shoes.

We drive to one of Casablanca's most modern structures, the Hassan II mosque. Inaugurated in 1993, the massive mosque features the world's highest minaret, and room for 25,000 worshipers inside and another 80,000 outside. The mosque is the brainchild and crowning achievement of King Hassan II, and it is the world's third-largest mosque, built to commemorate the former king's 60th birthday. It is the only mosque in Morocco where non-Muslims can enter. This law dates to a French governor who passed it to ensure that none of his countrymen inadvertently offended the local Muslim communities by entering mosques without following the correct protocol - this law still stands today.

Domaine Ouled Thaleb and Wine Tasting

From here we drive to the Domaine Ouled Thaleb. The domaine was established in 1923. Located in the Zenata coastal appellations between Casablanca and Rabat, Ouled Thaleb led the renewal of the Moroccan wine industry in the 1990's. While most of their fruit is Estate grown, Ouled Thaleb partners with neighbouring growers in order to produce classic style wines under the direction of winemaker, Stephane Marriot. Here we have the pleasure of meeting the owner of the vineyard who will be our host for the tour of the vineyard and the tastings. The tour will include, visiting the caves, production areas, and a small portion of the actual growing area, before settling in for a comprehensive tasting of several of Domain Thalvin best offerings.

Enjoy a typical Moroccan lunch.

Having learned why Morocco is up and coming in the wine world, and tasted some of her best offerings, reboard the motor coach for the return journey to Casablanca, and your ship.

Experience the wonderful views of Funchal all the way up to Monte in a unique and exciting new way during this half-day excursion via cable car and toboggan. This picturesque city is set perfectly on the sunny south coast of Madeira; it's backdrop a protective ring of green mountains; a huge natural amphitheatre that faces the balmy blue Atlantic Ocean.

Cable Car Ride

Monte

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Perched on a hill 1,677 feet (511 metres) above Funchal, the village is renowned for its lovely setting and landmark twin-towered church. Monte has been a favourite destination for visitors to Madeira since the late-19th century, when a rack and pinion railway was built to haul cruise-ship passengers up from Funchal. Coming down, they would take the famous toboggan ride, which is still a popular attraction today. The railway closed in 1939, and was replaced by the cable car.

Toboggan Ride

Following this introduction to Monte, those who would like to, may take a seat in the typical wicker basket for a fairly bumpy yet exciting, 10-minute downhill run. Two men control the sled with ropes on each side, steering the toboggan over the smooth-worn cobblestones. At the finishing point, board your awaiting coach for a scenic drive that includes a stop at Pico dos Barcelos for breath-taking views over Funchal, the bay and surrounding hills before returning to the pier.

Please note: This tour requires an extensive amount of walking over uneven ground, and a short walk from the cable car station in Monte to the toboggan departure point. Approximate distance walked will be 1.5km (1 mile). Guests opting not to take the toboggan ride may drive down via coach. The sled ride is not recommended for pregnant women, guests with back and/or neck problems, guests with limited mobility and guests who utilise a wheelchair. The cable car and toboggan rides are popular attractions; expect slight delays prior to boarding. We recommend wearing comfortable clothing, walking shoes and sun protection.

FNC-B / MONTE & BOTANICAL GARDENS

DIFFICULTY

Price: **\$89**; Duration: **3.50** hrs

The village of Monte sits above Funchal at a height of 550 metres (1,804 feet). The cool mountain air and dramatic views made it a healthy retreat for the islands wealthy in the mid-19th century. The Monte Cable Car connects the historic centre of Funchal and Monte. Visit the village of Monte, known for its twin towered church of Our Lady of Monte and the Botanical Gardens with more than 2000 plants.

Depart the pier for the approximate 30-minute drive to Monte Village.

Monte

On arrival to the village of Monte enjoy some time to explore this small village perched up in the hills overlooking Funchal, approximately 3.7 miles (6 km) away from the centre of the capital, and formerly a health resort for Europe's high society.

Cable Car Ride

Next, experience an unforgettable voyage by cable car with Nature at your feet. This unforgettable voyage to the Botanical Gardens will take about 8 minutes and offers its visitors a new panoramic route with privileged sights of not only the Funchal bay but also over the River of João Gomes, a place of rare and exotic beauty made up by an important nucleus of Laurissilva forest. The Laurissilva of Madeira is an outstanding relic of a previously widespread laurel forest type. It is the largest surviving area of laurel forest and is believed to be 90% primary forest. It contains a unique array of plants and animals, including many endemic species such as the Madeiran long-toed pigeon.

Botanical Gardens

At the end of the cable car ride the tour continues at the Botanical Gardens located 1.8 miles (3 km) from the centre of Funchal at Quinta do Bom Sucesso - a private Quinta belonging to the Reid family - where the climatic conditions are much in favour of exuberant vegetation. The Botanical Garden boasts harmonious forms, contrasting colours and more than 2000 plants. Throughout the gardens you can find the plants labeled with their scientific names, common name and origin.

Re-board your coach for the drive back to the pier.

Please note: This tour requires an extensive amount of walking for approximately 1.5km (1 mile) and is not recommended for guests with limited mobility or those who utilise a wheelchair.
