General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. BOM-F / THE CAVES OF ELEPHANTA

DIFFICULTY

Price:\$89; Duration:5.25 hrs

Explore the ancient beauty and art of India during this scenic, half-day tour to the Caves of Elephanta.

Gateway of India

Depart the pier for the brief drive to the Gateway of India. The city's most famous landmark, this Indo-Saracenic archway was built in 1911 to commemorate the visit of King George V and Queen Mary. Upon arrival board the boat for the brief ride to the serene and densely-forested Elephanta Island.

Elephanta Island

Over 1,000 years ago, Hindu craftsmen excavated caves in the volcanic rock high up on the slope, depicting their beliefs in elegant, massive carvings. The Elephanta Temple, dedicated to Lord Shiva, was probably created during the 8th century A.D., though the caves may have had earlier Buddhist origins. From the landing area, walk up the long stairway to the top of the hill. In front of the main cave is a veranda with a pillar carved in one of the various manifestations of Shiva at each end.

Elephanta Caves

Upon entering the cave, see magnificent sculptures featuring various manifestations of Shiva. Following your visit, walk back down to the landing area and embark your boat for the ride back to the Gateway of India.

Your tour concludes with a brief transfer back to the pier.

Please note: This tour requires an extensive amount of walking for approximately 1.2 miles (about 1.9 kilometres), with a few steps to negotiate to get on/off the coach and 125 steps at Elephanta Island. There is no scheduled shopping stop; guests can shop from the stalls along the walking route at the caves. Guests should carry some local currency for the camera fee, sedan chairs, etc. Guests should be advised of pesky hawkers around the boat landing area. Ernakulam

Depart the pier for the scenic, approximately 30-minute drive to Ernakulam. Upon arrival, take a sightseeing tour of the city, whose architecture depicts its cultural diversity and influences. See the colourful markets, shops and temples lining Mahatma Gandhi Road, the main thoroughfare. Along the way, photo stops are made at various landmarks, including the Temple of Lord Shiva. Large swinging cloth fans, or *punkahs*, are suspended above the congregation and manually operated from outside the church.

David Hall

At the St. Francis Church, visitors must remove their shoes prior to walking down the central tiled aisle. If mass is taking place at the St. Francis Church, your guide cannot provide narration inside. Guests with limited mobility and those who utilise a wheelchair can be seated at David Hall while the other guests walk through Fort Cochin. David Hall is not air-conditioned. Wear lightweight, comfortable clothing covering the knees and shoulders, and bring sun protection. Leave jewellery and all valuables on-board. Expect crowds at the sites visited. Bring local currency for any purchases.

COK-D / THE CULTURES OF COCHIN

DIFFICULTY

Price:\$49; Duration:3.00 hrs

Note the Chinese fishing nets near the tip of Fort Cochin. These fixed, cantilevered contraptions are mainly used at high tide and operated via a system of counterweights.

Next, a visit is made to the St. Francis Church. Also known as the 'Church of South India' it is Cochin's oldest European-built church. A tombstone inside the church marks the place where Vasco da Gama was interred in 1524. His remains were later transferred to Lisbon.

CMB-D / COLOMBO'S ART & ARCHITECTURE MEDLEY

DIFFICULTY

Price: \$199; Duration: 4.75 hrs

This half-day excursion shows you the varied hues of the city, taking you slightly off the beaten track.

Depart the pier for Colombo, capital and major port of Sri Lanka and a fascinating city that links the past with the present. Its culture and art are a unique mix of relics of Portuguese, Dutch and English settlements, blended with Indian influences.

Your tour begins at house number 11, on 33rd Lane, residence of renowned architect, the Late Geoffrey Bawa. It is an architectural bricolage housing arts and artefacts from his collection. This interesting composition in a row of four houses slowly acquired over a period of time, started with the construction of a pied-à-terre in 1958. The final result is an introspective labyrinth of rooms and garden courts which together create the illusion of limitless space. While the main house evokes a feeling of a lost world of verandahs and courtyards, the new tower serves as a periscope with views across the treetops towards the sea.

Re-board the vehicle for a panoramic drive past some of the city's highlights.

Lunch today is at Gallery Café - another legacy of Geoffrey Bawa. His former office now houses the café and art gallery run by Shanth Fernando.

Delve deeper into this culture at the elegant, white, colonnaded National Museum, the largest museum in Sri Lanka. View the fascinating and sometimes scary mask collection, which has its share of demons, including Prince Maha Kola, wearing a diadem of interwoven snakes. Another gallery contains a display of outstanding Hindu and Buddhist bronzes. One group of statuettes is connected with the cult of Shiva, and includes a fine sculpture of Shiva as "lord of the dance." Some of the images are mobile - not intended to be worshipped in the most sacred places, but destined for ritual processions around the temple or through the streets of the town. The museum also houses a collection of the regalia of the last King of Kandy.

At the conclusion of the tour, drive past the Colonial heritage of Colombo - the Old Parliament and government buildings; Galle Face Green where Colombo high society once strolled, to see and be seen by those who mattered, against the backdrop of the neo-classical facades of the Colombo Club and the Galle Face Hotel. Today there are joggers who talk politics and business as they run, and there may be kite flyers trying to catch a breeze.

Please note: This excursion requires an extensive amount of walking for approximately 240 yards (219 metres) over unpaved and some cobblestone surfaces with approximately 35 steps at Geoffrey Bawa's residence, and 30 steps at the National Museum. It is not suitable for guests who utilise a wheelchair or those with limited mobility. Comfortable walking shoes and lightweight clothing and sunscreen are recommended. Vehicles used are the best available in the city; they are not of the same standards as vehicles found in Western countries. Leave jewellery and all valuables on-board. Expect crowds at the sites visited. Bring local currency for any purchases. Souvenir shops accept cash in US Dollars, Pounds, Euros and local currency. Credit cards are accepted at some, but not all shops. At some sites, depending on traffic and parking conditions, it may be necessary to cross busy streets. Sites may also be crowded and guests need to exercise caution. Photo and video taking is prohibited in certain areas of Geoffrey Bawa's residence. Shoes must be removed prior to entering Geoffrey Bawa's residence. At the National Museum there is a charge of US 3.00 (at time of printing) for pictures and USD 18.00 (at time of printing) for videos, to be paid directly to the museum. Originally built in 994 AD, it deteriorated and was lost in a jungle overgrowth. Only in the 1880s British era were the remains rediscovered during the construction of the railway line. Restoration began in 1881 and today a sturdy iron shed houses the colossal image. The walkway up to the viewing platform is crowded with souvenir and handicraft stalls.

RGN-F / GENERAL AUNG SAN MUSEUM

DIFFICULTY

Price:\$69; Duration:4.50 hrs

Learn more about the revolution in Burma and its infamous General Aung San on this half-day guided visit to the museum founded in his honour. General Aung San was a Burmese revolutionary and founder of the modern Burmese army and is considered to be the father of modern day Myanmar. He was responsible for Burma's independence from British colonial rule. He was assassinated six months before independence. Many mysteries still surround his assassination.

Depart the pier for the 75-minute drive to the colonial Secretariat office, where General San and six cabinet ministers were assassinated there during the meeting

The Minister's Building Secretariat office

The Secretariat holds a unique place in Myanmar's history, being the location for some of the most important moments in its colonial, independence and post-independence history. Fully completed in 1905, The Secretariat was the centre of British colonial administration in Burma, and was the pre-eminent structure associated with the government during this period. The building was also the place where Myanmar's first steps towards independence happened. The diarchy (Legislative Council) was established at The Secretariat in 1923, giving Burma a limited measure of self-rule. It was the location where Burma formally separated from India in 1937, and where the largest anti-colonial student demonstration at the time occurred in 1938.

After the Second World War, independence negotiations began, and by 1947 an agreement had been reached with the then independence leader, General Aung San. On 19 July 1947, however, Aung San and eight other cabinet members were assassinated in the west range of The Secretariat, a murder that has since been commemorated every year on 'Martyrs' Day'. Independence from Britain was finally marked in the quadrangle of The Secretariat complex's main courtyard in 1948, a key event in Burmese and British history. It continued to be the centre of post-independence governmental administration until the capital was relocated from Yangon to Naypyidaw in 2005.

After the visit, you will proceed to the General Aung San Museum.

General Aung San Museum

The museum formally opened in March 2012 and focuses on the General's short adult life. The majority of the displays are located on the ground floor in the family, dining and living rooms. See photos of the General's youth, displays of his speeches, family photos and other personal mementos. The upper floors include the bedrooms and the library. Outside, there is a garden with a bronze statue of Aung San and the swimming pool.

Leaving the museum, head to the *House of Memories Restaurant* where refreshments are served. This 100-year-old colonial and historic Villa is categorised as a historical and national heritage property because the owner allowed the Burmese Independence Army (BIA) to open its Head Quarters during the fight for Independence.

SIN-E2 / TOUR & AIRPORT TRANSFER: ESSENCE OF SINGAPORE

DIFFICULTY

Price:\$119; Duration:5.00 hrs

Experience a unique fusion of distinctive Chinese, Malay, and Indian cultures during this scenic and informative tour of Singapore.

Chinatown & Little India

Depart the port for the drive to Chinatown. Next, proceed for a visit to the Mariamman Temple, Singapore's oldest and most colourful Hindu temple, then the neighbourhoods of Little India. After viewing displays of aromatic spices, brightly-coloured saris and other exotic items, your drive continues along Arab Street for an opportunity to photograph the Sultan Mosque.

Trishaw Ride

Ride comfortably through the narrow lanes of Arab Street, passing the resplendent Sultan Mosque. Built in 1928, it is a prominent landmark in this quarter. The duration of your trishaw ride is about 20-30 minutes.

National Gallery

Housed in the former Supreme Court, the UOB Southeast Asia Gallery presents the history of Southeast Asian art through artistic impulses shared across the region. The UOB Southeast Asia Gallery shares a compelling story of human culture, as seen through a region that has been the meeting point of major civilisations, religions, colonial powers, and the focus of struggles towards national independence and modernisation. The Gallery explores four main themes critical to the art of this region: Authority and Anxiety, Imagining Country and Self, Manifesting the Nation and Redefining Art.

Raffles Landing Site

A brief stop is then made at the site where Thomas Stamford Raffles is believed to have first landed in Singapore in 1819. An imposing statue commemorates the site.

Riverboat Ride

A ride along the Singapore River in one of the colourful riverboats makes for a fun-filled experience. In Raffles' days, these vessels were used to transport goods. Today, they are a popular way to experience a kaleidoscope of historic river images, including the 'godown' warehouses and the gracious buildings of the old waterfront set against the skyline of the new business district.

After disembarking your riverboat at picturesque Clarke Quay, your outing concludes with a transfer to the airport.

Please note: This tour is offered to guests who have flights departing after 4:30 pm. It requires a moderate amount of walking with some steps to climb and guests must be able to manoeuvre in and out of the riverboats. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. We suggest you wear lightweight clothing and rubber-soled shoes. The order of sites seen or visited may vary.
