# General Information

## ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea ([my.silversea.com](http://my.silversea.com)) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

## BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via [my.silversea.com](http://my.silversea.com) from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

## ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea ([my.silversea.com](http://my.silversea.com)) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

## ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

## SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea ([my.silversea.com](http://my.silversea.com)) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

## ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea ([my.silversea.com](http://my.silversea.com))

## TOUR SUITABILITY

Throughout your cruise we'll be offering Port & Shore Excursion information given by our Shore Concierge Manager and Destination Consultant prior to arrival in each port of call. Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

#### **SILVERSEA SHUTTLE SERVICE**

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

#### **CHILDREN ON TOUR**

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. Silversea does require that establishments be reputable, of general interest to our guests and offer quality goods. However, all purchases are the responsibility of the individual.

**TOV-C / VIRGIN GORDA & THE BATHS WITH LUNCH**

DIFFICULTY

Price:\$149; Duration:5.50 hrs

Discover Virgin Gorda's unique natural terrain during this scenic visit to 'The Baths' at Spring Bay.

Depart the pier aboard a local launch for a 40-minute cruise along the Sir Francis Drake Channel, and on to Spanish Town, Virgin Gorda. The famous waterway has seen scores of pirates and buccaneers who once plied their profitable trade here.

**Virgin Gorda**

Arrive at the quaint Spanish Town, Virgin Gorda's main settlement. Here, your safari bus awaits you for the short drive to the top of the Baths at Spring Bay. **The Baths**

Along a powdery, white sand beach, giant boulders are poised on top of each other in seemingly precarious positions. Weathered by the elements and over time, a series of spectacular pools and grottos have been created. The site is a natural phenomenon and never fails to amaze its visitors. Take a swim in the clear, warm water, or squeeze through narrow crevices and discover small caverns where sunlight creates cool hues. The picture below the waterline is equally fascinating with small tropical fish darting through the crystalline water. A total of about two hours will be spent at the Baths.

After hiking back up the trail, re-join your safari bus for a scenic island drive, followed by a light lunch at *Fisher's Cove Beach Hotel*. Afterwards, it is time to join the boat for the trip to Tortola.

**ROE-H / BOIS COTLETTE ESTATE: HERITAGE TOUR**

DIFFICULTY

Prepare for an in depth tour of Bois Cotlette during your visit to this working plantation and the oldest surviving estate on Dominica.

**Bois Cotlette**

Depart the pier for a scenic, approximately 30-minute drive to Bois Cotlette. Dating from the early years of French settlement in the 1720's, Bois Cotlette is the oldest surviving estate on Dominica and the subject of intense research by historians and archaeologists. Enjoy a freshly harvested and prepared drink during the estate orientation as you learn about slave labor, stone terraces, and other features of a Caribbean colonial plantation while preparing to embark on a fact finding mission to date the ruins.

**Estate Tour**

On the Heritage Tour, you get a chance to enjoy the Estates grounds at a relaxed pace in a pristine and tranquil setting. Uncover clues to the property's origins and learn why expert historians, too, are so enamoured with Bois Cotlette.

As you delve into the plantation history, three themes emerge. First is a story of people. Learn about the social structure of the owner/planter class, as well as life as a slave inhabitant in the late 1700's and turn of the century at Bois Cotlette. The second is a theme of technology. Windmills, aqueducts, and fresh water capture systems demonstrate an anachronistic view of a time period thought to be less advanced. Thirdly, we will focus on the commercial crops, (coffee, sugar, cocoa, and citrus), with demonstrations, that define the estates existence.

**Planter's Herb Garden and Refreshments**

You will have an opportunity to enjoy authentic creole snacks and refreshments, and to stroll through the Planter's herb garden located just south of the Maison.
