General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. SJU-E / OLD SAN JUAN WALKING TOUR

DIFFICULTY

Price:\$39; Duration:3.00 hrs

Explore the highlights along cobblestone streets and gain a fascinating guided look at the history of Old San Juan during this walking tour of the old city.

Fort San Cristobal

Upon disembarkation, meet your experienced guide who will lead you through the historical Old City including a visit to Fort San Cristobal, a fortification that successfully defended the old city from attack by the British and Dutch in centuries gone by.

Next, walk into the City through one of the side streets and commence on a stroll through history. Getting just off the beaten track offers some fascinating finds that eludes most visitors that never leave the main streets.

Plaza San Jose

Walk uphill through the cobblestone streets until you reach the Plaza San Jose, with its statue of Juan Ponce de Leon that was made from melted down British cannons. The next stop, the Quincentennial Plaza, is a celebration of the discovery of Puerto Rico.

Casa Blanca

Continue to Casa Blanca, the first fortification ever built in old San Juan and the Ponce de Leon family home. Here you explore the almost Romanesque gardens and fountains.

La Plazoleta de la Rogativa

Exit the gardens of Casa Blanca through a partially hidden access to Calle Sol. After making the tight descending turn downwards, you suddenly find yourself in the most beautiful section of the entire old city - the Plaza of the Procession. Dominating this little park area is a statue commemorating the miraculous saving of the old city from sacking by the British in the 16th century.

This vantage point offers views of the Governor's Mansion, the El Cañuelo fortress across the port entrance and the Bacardi distillery. A short walk down hill through San Juan Gate takes you to the water's edge. As you return through the San Juan gate continue to San Juan Cathedral, retracing the steps of the original conquistadores. Your guide will walk you to the corner of Cristo & Fortaleza Streets; at this point you decide if you wish to have the guide escort you back to the ship or if you wish to stay to explore the many boutiques and shops that line the cobblestone streets of the old city and return to the ship at your leisure.

Please note: This tour involves an extensive amount of walking, lasting approximately 3 hours, over uneven surfaces and steep inclines and is thus recommended for guests in good physical condition. It is not suitable for guests with heart or respiratory conditions, leg, knee, neck, back problems, or limited mobility, or those who utilise a wheelchair. The order of sites visited may vary. If Casa Blanca is closed, a visit to Cuartel Ballaja, the last building the Spanish built in the Americas and now a cultural museum, will be substituted. It is recommended that guests bring bottled water from the ship for this tour.

SJU-H / BACARDI MIXOLOGY SEMINAR

DIFFICULTY

Price:\$139; Duration:3.50 hrs

Spend the day discovering and tasting one of San Juan's most famous products- Bacardi Rum.

Your tour begins with a transfer to the south side of San Juan Harbor, where you will enter the beautifully manicured grounds of the Bacardi Rum Distillery, the world's largest distiller of natural spirits. Upon arrival, you will be escorted to your classroom for a private Rum Mixology Seminar led by your Bacardi Brand Specialist, a Master in Rum. For the next 45 minutes to an hour, the conference speaker will lead your group in the preparation and understanding how each of the signature cocktails is created - typically Bacardi Cuba Libre, Bacardi Mojito and a Bacardi Flavors Drink are presented and prepared, though this is subject to change. Each participant will be standing and acting as bartender and at the end will receive a Bacardi University Rum Mixology Certificate.

Following the seminar, you will continue to the interior patio of the Bacardi Visitor's Center. After passing through a large room containing a fountain and three large prints with historical representations, you will enter the theater and view a short film covering the Bacardi Family history as well as that of the Bacardi Corporation. You will then enter a replica of an old distillery that houses an excellent display; here your guide will provide commentary and answer questions. And you will have the opportunity to smell that final product; you will enjoy the aroma of the different type of rums that are bottled at Bacardi.

Your tour will continue to the Bacardi cocktail lounge, which resembles a 1920's bar in Cuba (the era of the prohibition). A bartender will explain and show you how to prepare the first three cocktails ever made with Bacardi: "Cuba Libre", "Daiquiri" and "Mojito Cubano", and you'll learn what inspired Bacardi in the preparation of these three cocktails as well as how they got their names.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

As you exit, you will board an open-air tram who will take you to the open-air pavilion, where you will be treated to complimentary rum drinks. Adjacent to the pavilion is the Casa Bacardí gift shop where one can purchase Bacardí Rum as well as many other Bacardí products.

Please note: This tour involves a minimal amount of activity, and is suitable for those with limited mobility and those who utilise a wheelchair.
