General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Jakarta and Sunda Kelapa Harbour

Next, re-board your coach and continue on to Old Jakarta, once the centre of the walled city of Batavia when it was under Dutch Colonial administration in the 17th century. Upon arrival, a photo stop is made at the Batu Intan Bridge, which was built by the Dutch government. In Colonial times, ships bringing spices from far flung parts of the archipelago would pass by the Batu Intan Bridge in order to access the warehouses. The Indonesian government have restored and consolidated the bridge, but the leverage system is no longer in use.

Semarang - Indonesia**SGR-A / FABLED BOROBUDUR**

DIFFICULTY

Price:\$199; Duration:10.50 hrs

The stunning temple complex of Borobudur is yours to discover during a memorable, full-day excursion to this UNESCO World Heritage Site.

Borobudur

Depart the pier in Semarang for the approximately three-hour drive into the dramatic landscape of Central Java, site of mystical and fascinating Borobudur, with a comfort and refreshment stop made en route. Borobudur is considered to be among mankind's most imposing creations. It was built with more than 2,000,000 cubic feet (666,000 cubic yards) of stone, and is renowned as the world's largest Buddhist monument; a status Borobudur has probably held since its completion approximately 1,150 years ago.

Borobudur was the spiritual centre of Buddhism in Java for approximately 150 years before being mysteriously abandoned. When neighbouring Mount Merapi erupted, volcanic ash covered the site, concealing the monumental complex for centuries. Since its 19th-century rediscovery, painstaking efforts have been made to restore and preserve Borobudur.

Borobudur Walking Tour

Upon arrival at this stunning temple complex, a magnificent shrine dedicated to Lord Buddha, your journey begins with a 1.5-hour guided walking tour. The structure is comprised of six rectangular stories of lava-rock erected in the form of a stepped pyramid. Three circular terraces and a central 'stupa' form the summit. The entire structure is in the shape of a lotus flower, the sacred flower of Buddha. Today, this awesome monument stands as a symbol of an ancient and glorious heritage, which is depicted in the reliefs that encircle the walls of the building and describe the story of Buddha's life.

Lunch

Following your tour of Borobudur, proceed to the nearby *Manohara* restaurant for an open-air buffet lunch consisting of Indonesian/Western dishes. After lunch, re-board your coach, as your tour draws to a close and before returning to the pier you'll make your final stop at the silver processing center to observe the craftsmen at work to create their intricate jewellery and there is a good opportunity to purchase their products. After conclusion of your memorable visit, your motor coach then brings you back straight to the pier of Tanjung Emas for the approximately three-hour drive back to the pier in Semarang, with a brief refreshment and comfort stop made en route

Please note: This tour involves an extensive amount of walking, with a few steps to negotiate to get on/off the coach and high steps at the sites visited. The drive between the pier and Borobudur is approximately three hours in each direction, including a comfort stop en route. This tour is not recommended for guests with limited mobility and guests who utilise a wheelchair. A police escort is provided to avoid traffic stops. Lightweight, comfortable clothing, sturdy, closed-toe walking shoes, sun protection and a camera are recommended. Silversea guests will use a special entrance/exit at Borobudur to avoid the onslaught of hawkers. The cost of providing a tour program in Semarang is proportionately more expensive than in neighbouring nations. Unfortunately this is reflected in the prices of the tours and we thank you for your understanding.

Bali (Benoa) - Indonesia

DPS-A / BALI TERRACES & MOUNTAIN SCENES

DIFFICULTY

Price:\$99; Duration:5.50 hrs

Discover what so many Balinese people are very proud of, their beautiful rice terraces, found in mid-western part of the island, known as the 'Rice Bowl of Bali'. Your half-day visit to the island's interior leads you to quiet hamlets with shaded pathways overhung by vegetation, thatched roofs scattered behind interminable mud walls, herds of farm animals, with mountain scenes, and the remaining tropical forests.

Depart from Benoa Pier heading for the distant mountain range of Batukau, passing through the villages of Pacung and Senganan, with photo stops, to finally reach Jatiluwih - the Rice Bowl area of Bali. Along the way, see a variety of plantations that produce coffee, cacao, and cloves, clustered amongst vegetable farms. En route, you may encounter ceremonial festivities requesting blessings to the respective gods for a good harvest of rice grains, fruits, vegetables, or farm products.

Listen as your guide explains how rice and produce are the way of life in this part of Indonesia. For the majority Balinese, agriculture is their livelihood, resulting in cascading terraces of rice fields, a striking feature of the landscape. Every farmer owning one or more rice plots or *sawahs* is compelled to join a *subak*, an agricultural society that controls the distribution of irrigation water to its members. Stop at the *Billy 69* restaurant for some local snacks and fresh seasonal fruits.

On your return trip to Benoa Harbour, pass through the villages of Blayu and Marga and admire the beautiful landscape.

Please note: To explore the areas visited fully, a moderate amount of walking is required. This tour is not recommended for guests who utilise a wheelchair. We suggest you wear light-weight clothing and hat and bring insect repellent.

DPS-A / BALI TERRACES & MOUNTAIN SCENES

DIFFICULTY

Price:\$99; Duration:5.50 hrs

Discover what so many Balinese people are very proud of, their beautiful rice terraces, found in mid-western part of the island, known as the 'Rice Bowl of Bali'. Your half-day visit to the island's interior leads you to quiet hamlets with shaded pathways overhung by vegetation, thatched roofs scattered behind interminable mud walls, herds of farm animals, with mountain scenes, and the remaining tropical forests.

Depart from Benoa Pier heading for the distant mountain range of Batukau, passing through the villages of Pacung and Senganan, with photo stops, to finally reach Jatiluwih - the Rice Bowl area of Bali. Along the way, see a variety of plantations that produce coffee, cacao, and cloves, clustered amongst vegetable farms. En route, you may encounter ceremonial festivities requesting blessings to the respective gods for a good harvest of rice grains, fruits, vegetables, or farm products.

Listen as your guide explains how rice and produce are the way of life in this part of Indonesia. For the majority Balinese, agriculture is their livelihood, resulting in cascading terraces of rice fields, a striking feature of the landscape. Every farmer owning one or more rice plots or *sawahs* is compelled to join a *subak*, an agricultural society that controls the distribution of irrigation water to its members. Stop at the *Billy 69* restaurant for some local snacks and fresh seasonal fruits.

On your return trip to Benoa Harbour, pass through the villages of Blayu and Marga and admire the beautiful landscape.

Please note: To explore the areas visited fully, a moderate amount of walking is required. This tour is not recommended for guests who utilise a wheelchair. We suggest you wear light-weight clothing and hat and bring insect repellent.
