General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 - 7 days prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) up to 7 days prior to your sailing date. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. SBH-E / PANORAMIC ST. BARTS

DIFFICULTY

Price:\$49; Duration:1.00 hrs

Enjoy a panoramic ride around this tiny island and discover the many hidden beauties for which St. Barts has become famous.

Minibus 'taxis' with drivers who speak varying degrees of English with a heavy French-West-Indian accent, take you on a drive through St. Barts. The first stop, at Le Col de la Tourmente, overlooks the most popular beach, St. Jean Beach and the island's airport. The taxis then follow take the road to Salines (salt ponds), an industrial area of the island. At one time St. Barts exported salt all over the Caribbean.

After Salines, your driver will go through Petite Salines, the only place on the island where you cannot see the ocean, and continue to Grand Fond. The view is breathtaking, with the road overlooking the green valley and the raging ocean breaking on the shoreline. It is very windy, and the landscape is very different from the rest of the island. Only a few years ago, Grand Fond was the cattle center for St. Barts, home not only to many cows, but also goats and sheep.

Continue on the road along the coast to see the house that belonged to the famous Russian dancer, Rudolf Nureyev. It is located right on the rocks facing the ocean. Pass Petit-Cul de Sac (small salt pond) and Grand Cul de Sac with its large lagoon and many hotels and resorts. It is here that the 24-hour windsurf regatta is held in August each year. Continue to Marigot, famous for its wine shop, La Cave, that has in stock over 300,000 bottles of wine, ranging from the cheapest to the most rare and expensive. Then continue to L'Orient and its two flower-filled cemeteries.

On the Heritage Tour, you get a chance to enjoy the Estates grounds at a relaxed pace in a pristine and tranquil setting. Uncover clues to the property's origins and learn why expert historians, too, are so enamoured with Bois Cotlette.

As you delve into the plantation history, three themes emerge. First is a story of people. Learn about the social structure of the owner/planter class, as well as life as a slave inhabitant in the late 1700's and turn of the century at Bois Cotlette. The second is a theme of technology. Windmills, aqueducts, and fresh water capture systems demonstrate an anachronistic view of a time period thought to be less advanced. Thirdly, we will focus on the commercial crops (coffee, sugar, cocoa, and citrus), with demonstrations, that define the estates existence.

Planter's Herb Garden and Refreshments

You will have an opportunity to enjoy authentic creole snacks and refreshments, and to stroll through the Planter's herb garden located just south of the Maison.

Depart the pier for the scenic, approximately 35-40-minute drive to the Antiguan Rainforest. Upon arrival at the zip-line location, receive your safety briefing and zip-line instructions, and be outfitted with your zip-line equipment.

Zip-Line Canopy Tour

After a welcome local drink, begin your exhilarating zip-line tour. The Antigua Canopy Tour is a unique, award-winning eco-adventure through Antigua's lush rainforest, where you embark on an unforgettable, 18-element journey through the verdant forest, high above the trees. The excitement starts at the Old Pump House. From the side of the building, walk over a suspension bridge spanning the gorge to the far bank. Once across the bridge, there is a 12-zip-line journey through the forest via aerial zips that criss-cross the gorge.

The geography of the gorge dictates that you are above the treetops for large parts of the run, and enter a corridor in the foliage at either end. In total, there are a series of 12 zip lines from 52 feet (15.8 metres) to 328 feet (100 metres) in length, three aerial walkways, a tree house and two suspension bridges. Your route offers a bird's-eye view of the flora and fauna in the rainforest, the sounds of the numerous bird species that inhabit this area, and a gorge filled with exotic plants and large fruit trees, prominent boulders, a rock pool, and vines, mosses and lichen. Complimentary water on the course and a certificate of bravery upon completion of the tour are provided. Your tour concludes with an approximately 35-minute drive back to the pier.

Survey the massive Tar River Gorge and Delta found 1,000 feet (305 metres) below, which has formed as a result of pyroclastic flows. In addition, witness what's left of small villages devastated by past eruptions before touring the charred remains of Plymouth, the country's former capital, now uninhabited and in some places buried under 40 feet (12 metres) of ash.

Helicopter Flight to St. John's

On the seaside, observe the former location of the W.H. Bramble Airport, abandoned after the 1997 eruptions. Portions of this airport, including the runway, were still visible until the partial dome collapse of February 11th, 2010, which buried what was left. SJU-E / OLD SAN JUAN WALKING TOUR

DIFFICULTY

Price:\$39; Duration:3.25 hrs

Explore the highlights along cobblestone streets and gain a fascinating guided look at the history of Old San Juan during this walking tour of the old city.

Fort San Cristobal

Upon disembarkation, meet your experienced guide who will lead you through the historical Old City including a visit to Fort San Cristobal, a fortification that successfully defended the old city from attack by the British and Dutch in centuries gone by.

Next, walk into the City through one of the side streets and commence on a stroll through history. Getting just off the beaten track offers some fascinating finds that eludes most visitors that never leave the main streets.

Plaza San Jose

Walk uphill through the cobblestone streets until you reach the Plaza San Jose, with its statue of Juan Ponce de Leon that was made from melted down British cannons. The next stop, the Quincentennial Plaza, is a celebration of the discovery of Puerto Rico.

Casa Blanca

Continue to Casa Blanca, the first fortification ever built in old San Juan and the Ponce de Leon family home. Here you explore the almost Romanesque gardens and fountains.

La Plazoleta de la Rogativa

Exit the gardens of Casa Blanca through a partially hidden access to Calle Sol. After making the tight descending turn downwards, you suddenly find yourself in the most beautiful section of the entire old city - the Plaza of the Procession. Dominating this little park area is a statue commemorating the miraculous saving of the old city from sacking by the British in the 16th century.

This vantage point offers views of the Governor's Mansion, the El Cañuelo fortress across the port entrance and the Bacardi distillery. A short walk down hill through San Juan Gate takes you to the water's edge. As you return through the San Juan gate continue to San Juan Cathedral, retracing the steps of the original conquistadores. Your guide will walk you to the corner of Cristo & Fortaleza Streets; at this point you decide if you wish to have the guide escort you back to the ship or if you wish to stay to explore the many boutiques and shops that line the cobblestone streets of the old city and return to the ship at your leisure.

Please note: This tour involves an extensive amount of walking, lasting approximately 3 hours, over uneven surfaces and steep inclines and is thus recommended for guests in good physical condition. It is not suitable for guests with heart or respiratory conditions, leg, knee, neck, back problems, or limited mobility, or those who utilise a wheelchair. The order of sites visited may vary. If Casa Blanca is closed, a visit to Cuartel Ballaja, the last building the Spanish built in the Americas and now a cultural museum, will be substituted. It is recommended that guests bring bottled water from the ship for this tour.

You will then enter a replica of an old distillery that houses an excellent display; here your guide will

provide commentary and answer questions. And you will have the opportunity to smell that final product; you will enjoy the aroma of the different type of rums that are bottled at Bacardí.

Your tour will continue to the Bacardí cocktail lounge, which resembles a 1920's bar in Cuba (the era of the prohibition). A bartender will explain and show you how to prepare the first three cocktails ever made with Bacardí: "Cuba Libre", "Daiquiri" and "Mojito Cubano", and you'll learn what inspired Bacardí in the preparation of these three cocktails as well as how they got their names.

As you exit, you will board an open-air tram who will take you to the open-air pavilion, where you will be treated to complimentary rum drinks. Adjacent to the pavilion is the Casa Bacardí gift shop where one can purchase Bacardí Rum as well as many other Bacardí products.
