General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

ROE-H / BOIS COTLETTE ESTATE: HERITAGE TOUR

Prepare for an in depth tour of Bois Cotlette during your visit to this working plantation and the oldest surviving estate on Dominica.

Bois Cotlette

Depart the pier for a scenic, approximately 30-minute drive to Bois Cotlette. Dating from the early years of French settlement in the 1720's, Bois Cotlette is the oldest surviving estate on Dominica and the subject of intense research by historians and archaeologists. Enjoy a freshly harvested and prepared drink during the estate orientation as you learn about slave labor, stone terraces, and other features of a Caribbean colonial plantation while preparing to embark on a fact finding mission to date the ruins.

Estate Tour

On the Heritage Tour, you get a chance to enjoy the Estates grounds at a relaxed pace in a pristine and tranquil setting. Uncover clues to the property's origins and learn why expert historians, too, are so enamoured with Bois Cotlette.

As you delve into the plantation history, three themes emerge. First is a story of people. Learn about the social structure of the owner/planter class, as well as life as a slave inhabitant in the late 1700's and turn of the century at Bois Cotlette. The second is a theme of technology.

Windmills, aqueducts, and fresh water capture systems demonstrate an anachronistic view of a time period thought to be less advanced. Thirdly, we will focus on the commercial crops (coffee, sugar, cocoa, and citrus), with demonstrations, that define the estates existence.

Planter's Herb Garden and Refreshments

You will have an opportunity to enjoy authentic creole snacks and refreshments, and to stroll through the Planter's herb garden located just south of the Maison.

SLU-H / AERIAL TRAM ADVENTURE

DIFFICULTY

 Price:\$109; Duration:3.50 hrs

Discover the St. Lucian wilderness as it comes alive in the rainforest canopy during this half-day excursion.

The canopy is home to an enormous amount of flora and fauna that inhabits the rainforest. In their eagerness to search for light and space, many plants have colonised the treetops turning them into small ecosystems.

Fauna is very abundant throughout the tropical rainforests, however; animals are difficult to spot during the day. From the Aerial Tram you can also appreciate all the different shades of green as well as the various sizes and shapes that the leaves have created as a strategy to capture sunlight. The course is very secure and very quiet; this allows you to listen to the many different sounds of the rainforest.

Beginning from the pier on a fully air-conditioned bus, travel through the Capital city of Castries through the mountains to a village nestled over 2,000 ft. (600 metres) in the mountains. On your way, be treated to magnificent views of St. Lucia's beautiful country-side. The ride takes 30 minutes from the pier in the North of the island to the base station.

At the site, a brief orientation and safety instruction will be given, followed by your Aerial Tram journey into the rainforest. The Rainforest Sky Rides in St. Lucia provides the visitor with a bird's eye view of a truly mature Caribbean oceanic rainforest. Nurtured by warm, gentle rains and rich volcanic soils, St. Lucia's forests have achieved a state of ancient majesty.

Open-air gondolas safely glide you through and over the tree tops, where knotted and twisting woody vines wind to the tops of old growth rainforest trees. Dense thickets of surreal vegetation merge with cascades of flowers. Lavender stars, orange bursts, yellow berries and white lace thrive on the branches of fragrant flowering trees. Giant 'Chatannier', Magnolia, Gommier trees tower over the landscape and provide food and shelter for St. Lucia's endemic and endangered parrot. Here, the flowers bloom with shameless abundance. Experience St. Lucia's forest from a whole new perspective and witness this ancient celebration of colour and life with the option to walk the Fern Nature trail as well.

The *Hummingbird Café* and the Duty-free Amazonas Gift Shop are also available at the premises for your convenience.

This tour concludes at the pier.

Please note: This tour requires a minimal amount of walking. All Rain Forest Sky Rides properties are non-smoking. For the optional walk, closed shoes or sandals are mandatory (no flip flops or high heels). It is also recommended to bring an umbrella or rain poncho in case of unexpected, island rain showers. Explore the picturesque Antigua Rainforest in an exciting new way during this half-day zip-line excursion.

Antigua Rainforest

Depart the pier for the scenic, approximately 35-40-minute drive to the Antigua Rainforest. Upon arrival at the zip-line location, receive your safety briefing and zip-line instructions, and be outfitted with your zip-line equipment.

Zip-Line Canopy Tour

After a welcome local drink, begin your exhilarating zip-line tour. The Antigua Canopy Tour is a unique, award-winning eco-adventure through Antigua's lush rainforest, where you embark on an unforgettable, 18-element journey through the verdant forest, high above the trees. The excitement starts at the Old Pump House. From the side of the building, walk over a suspension bridge spanning the gorge to the far bank. Once across the bridge, there is a 12-zip-line journey through the forest via aerial zips that criss-cross the gorge.

The geography of the gorge dictates that you are above the treetops for large parts of the run, and enter a corridor in the foliage at either end. In total, there are a series of 12 zip lines from 52 feet (15.8 metres) to 328 feet (100 metres) in length, three aerial walkways, a tree house and two suspension bridges. Your route offers a bird's-eye view of the flora and fauna in the rainforest, the sounds of the numerous bird species that inhabit this area, and a gorge filled with exotic plants and large fruit trees, prominent boulders, a rock pool, and vines, mosses and lichen. Complimentary water on the course and a certificate of bravery upon completion of the tour are provided. Your tour concludes with an approximately 35-minute drive back to the pier.

Please note: This tour involves a moderate amount of walking for approximately 600 yards (about 550 metres) and an extensive amount of activity, with a few steps to negotiate to get on/off the coach and at each zip-line platform. This tour is not suitable for pregnant women, guests with heart, back, knee, shoulder, or other existing health problems, guests with limited mobility and guests who utilise a wheelchair. Guests must weigh less than 235 pounds (106.5 kilograms) and stand more than four feet (1.2 metres) tall to participate on this tour. Guests are advised to wear lightweight, comfortable clothing with flat, closed-toe walking shoes, and bring sun protection and an extra shirt from the ship; strapless shoes, sandals and skirts are prohibited. ANU-F / HELICOPTER TO MONTSERRAT VOLCANO

DIFFICULTY

Price: ~~\$399~~; Duration: 1.75 hrs

Experience the island of Montserrat from a unique perspective during this panoramic helicopter flight-seeing excursion.

Helicopter Flight to Montserrat

Depart the pier with your guide for the short drive to the heliport. Upon arrival, board your awaiting helicopter for a truly unique and unforgettable flight-seeing tour of the Montserrat Volcano. During your 45-50-minute, pilot-narrated flight, fly to Montserrat for a tour of its 'Exclusion Zone'. This area covers 30.8 square miles (80 square kilometres) on the south-eastern half of the island, and extends 2.5 miles (four kilometres) offshore along the eastern coast to what is known as the 'Maritime Exclusion Zone'. Since these areas are off-limits to both ground transportation and habitation, a helicopter is the only way to get an up-close look at the Soufriere Hills Volcano.

Soufriere Hills Volcano

During your tour, learn about the volcano's geological origins and history, and view it from safe locations around the island. The volcano rises to 3,000 feet (914 metres) above sea level and frequently emits a combination of ash, smoke and steam. Survey the massive Tar River Gorge and Delta found 1,000 feet (305 metres) below, which has formed as a result of pyroclastic flows. In addition, witness what's left of small villages devastated by past eruptions before touring the charred remains of Plymouth, the country's former capital, now uninhabited and in some places buried under 40 feet (12 metres) of ash.

Helicopter Flight to St. John's

On the seaside, observe the former location of the W.H. Bramble Airport, abandoned after the 1997 eruptions. Portions of this airport, including the runway, were still visible until the partial dome collapse of February 11th, 2010, which buried what was left. Following your visit, return to the heliport with a bird's-eye view of your cruise ship en route, then re-board your coach and commence the short transfer back to the pier.

Please note: This tour involves a minimal amount of walking for approximately 200 yards (about 182 metres), with a few steps to negotiate to get on/off the coach and helicopter. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. SJU-F / SAN JUAN CITY TOUR & AIRPORT TRANSFER
DIFFICULTY

Price:\$99; Duration:3.00 hrs

Enjoy the scenery as you drive through one of the most beautiful old cities in the New World with a short visit to Fort San Cristobal and additional time to explore the city on own before you return home.

New San Juan

See modern San Juan as you drive in air-conditioned comfort through the areas of Isla Verde, Condado, past Fort San Gerónimo and on into Old San Juan, a beautiful city and filming location for big-budget movies starring such luminaries as Will Smith, George Clooney, Johnny Depp and Morgan Freeman.

Fort San Cristobal

Your first stop is for a short visit to Fort San Cristobal, a mainstay of the San Juan fortification system, from which the Spanish successfully defended their city from British and Dutch attacks as well as frequent assaults from various and sundry pirates. Be sure to watch their historical video on the area. In addition, search out the dungeon where there are centuries old graffiti representing images of Spanish galleons drawn on the walls.

As you continue your drive through the old city, you'll see the beautiful 17th-century Spanish ironwork on the restored homes and note the blue-black glazed cobblestones that were brought to San Juan as ballast for the Spanish galleons, and were used to surface the narrow streets of the Old City.

In addition, armed with our Map of Old San Juan, you have time to explore some of the many interesting shops, boutiques and art galleries that have made this historic area their home. Following your free time, re-join your coach for the drive to the airport.

Please note: This tour involves moderate walking over cobblestone and uneven surfaces. We suggest guests wear lightweight, comfortable clothing, flat, walking shoes and sun protection. This tour is suitable for guests with flights departing San Juan after 2:00 p.m.
