General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Ha Long Bay - Vietnam

HAL-A / CRUISING HA LONG BAY BY JUNK

DIFFICULTY

 Price:\$79; Duration:4.00 hrs

Ha Long Bay ranks among Vietnam's most celebrated attractions and has been designated a World Heritage Site. Explore this wondrous seascape aboard local junks.

The name Ha Long Bay, meaning 'where the dragon descends into the sea,' has its origin in an ancient legend according to which a huge dragon appeared, aiding the local people in their fight against northern invaders. After victory was achieved, the dragon and its young remained, turning into a fence of rocky islets as protection from further invasion. Even today, sailors and locals still claim sightings of a giant sea monster.

Ha Long Bay's famed seascape offers fantastic images of fragmented limestone outcroppings, sheer cliffs, huge rock arches and tranquil coves. Some of the rock formations rise from the sea up to a height of 900 feet (274 metres), projecting strange images.

Explore this magical scenery onboard traditional junks (also known as sampans). The boats will come alongside the ship to be boarded with the help of a barge. Then head out on your cruise and relax as the vessel glides through breath-taking seascapes of fragmented limestone outcroppings, past huge rock arches, sheer cliffs, picturesque coves and islets rising out of the sea like green-clad monsters. Watch this amazing scenery unfold while enjoying some green tea. A guide will point out and explain the most interesting sights.

Your outing into the magic of Ha Long Bay concludes with your return to the ship.

If weather permits an optional visit to Thien Cung cave will be done. After entering a narrow gate, the grotto's 130-meter-long girth opens up. Getting in we are astonished by the very animated and splendid beauty which is made from stalactite. On the east wall of the grotto, there is a grandiose and imposing picture with characters of heroic tales.

Please note: This excursion requires a minimal amount of walking; however, there are three to six steps between the barge and the junks to negotiate. We recommend wearing flat, rubber-soled shoes. Depending on the weather, you may wish to bring a sweater or windbreaker. A small selection of souvenir items is offered for purchase aboard each junk. Bathrooms are available aboard each junk. There are 120 steps in Thien Cung cave. Guests might stay on board the junk if do not want to visit the cave.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

HAL-B / HA LONG BAY KAYAK EXPLORATION

DIFFICULTY

Price: \$139; Duration: 7.50 hrs

Ha Long Bay is made up of 1,969 islands of various sizes, 989 of which have been given names. This densely concentrated zone of stone islands, world famous for its spectacular scenery of grottoes and caves, forms the central zone of Ha Long Bay, which has been named a UNESCO World Heritage Site. This tour offers a great opportunity to paddle a two-person kayak on a unique adventure in Ha Long Bay.

Board a junk boat from the barge alongside the ship for the hour's cruise to the kayaking location on Ha Long Bay. Once in your kayak, explore the dramatic natural scenery and see Luon Cave and the fishing village.

After working up an appetite, re-board the junk to enjoy a delicious lunch. The adventure concludes with the visit to Hang Co cave before the relaxing cruise back to the tender pier.

Please note: This tour requires approximately 1.5 hours of paddling and is only recommended for guests who are physically fit. We recommend wearing a swimsuit under your clothing; bring sun protection, a towel and a change of clothes from the ship. Waterproof cameras are also highly suggested. HAL-C / HANOI

DIFFICULTY

Price: \$219; Duration: 12.00 hrs

Explore the notable sites in the historical capital of Vietnam during this full-day outing.

Stretching along the banks of the Red River, Hanoi is a city of lakes, boulevards, parks, and a curious blend of colonial architecture and modern economic resurgence. Relax and enjoy the countryside during your mini-van drive to Hanoi, getting a glimpse of the scenic Red River Delta and its farming activities.

Hanoi

With its French-colonial style buildings, tree-bordered boulevards, numerous pagodas and scenic lakes, this thousand year old city offers many attractions. With a population of roughly three and a half million, Hanoi is the country's economic, cultural and political centre. Its unique atmosphere derives from a blend of East and West, with beautiful French colonial buildings standing next to traditional houses, historical monuments and revered temples. The city's streets teem with thousands of bicycles, vying for space with cars and buses. Upon arrival, enjoy an orientation drive while heading to Hanoi's main square, which you explore on foot.

Ho Chi Minh Mausoleum Area

The huge square is dominated by the monumental shrine containing the embalmed body of the "Father of the Country". Opposite stands the impressive former Presidential Palace and one-time residence of the French Governor. There is time for photographs before walking to Ho's garden, located behind the mausoleum. Stroll past tranquil lotus ponds to Ho's cottage, a simple stilt house resembling the style of the ethnic hill tribes. Take a look inside this humble abode, which Ho preferred to living in the palace. Nearby stands the "One Pillar Pagoda", shrouded in local legends.

Temple Of Literature

Next, drive to this ancient temple complex, a pleasant retreat from the hustle and bustle of the city. Founded in 1076 during the Ly Dynasty, the temple complex is the site of the country's first university and the pride of the nation. The unique entrance gate and 82 stone steles bear witness to an early high level of education at the time when the country gained independence from Chinese occupation. Walk through walled courtyards with ancient pavilions and enter the ornate main shrine dedicated to Confucius. Leaving the Temple of Literature, head to the Hanoi lunch venue for a local fare mid-day meal.

Fine Arts Museum

After lunch, proceed to Hanoi's Fine Arts Museum, housed in a building that once served as the French Ministry of Information. The structure, while very classical, has oriental touches to the roof and other details and the collections within its two wings range from ancient antiquities to contemporary art. The ground floor of the main wing houses the oldest artefacts. These include the sandstone sculptures of the Champa and Funan kingdoms. Among them is the elegantly carved Amitabha Buddha image, produced in 1057.

Hoa Lo Prison ("Hanoi Hilton")

Visit to Hoa Lo Prison was a prison used by the French colonists in French Indochina for political prisoners, and later by North Vietnam for U.S. prisoners of war during the Vietnam War

Encounter a touch of old Hanoi with a stop at a tiny island located in the middle of Hoan Kiem Lake (Lake of the Restored Sword) and a visit to the Ngoc Son pagoda, reached by an arched footbridge. Experience the charming Old Quarter, which has survived surprisingly intact, and considered the most beautiful area of the city. Drive through the narrow streets, named for the products sold on each (Basket Street, Paper Street, Silk Street, Jewelers Street). The crafts of the past have given way to new products, but the fascinating color and activity of the old city

endures. Enjoy free time to explore on foot before meeting your guide at the appointed time and beginning the journey back to HaLong Bay and the ship.

Please note: This tour requires an extensive amount of walking, with many steps to climb. It is not recommended for guests with limited mobility or those who utilise a wheelchair. We suggest you wear comfortable walking shoes. The order of sites seen or visited may vary. Traffic may cause delays. The drive to/from Halong Bay and Hanoi is approximately 2,5 to 3 hours and can be uncomfortable due to the local road conditions.

DIFFICULTY

 Price:\$89; Duration:5.50 hrs

Experience the insight of Zen Buddhism during this half-day tour.

Giac Tam Buddhist Zen Monastery

After their victory, they climbed into this primitive forest and dedicate their life to Buddhism. Visit the monastery; listen to the Zen lesson given by one of the monks as he demonstrates the proper techniques for Zen meditation.

Local Village

Leaving the monastery, drive towards the Limestone Mountains, where you stop briefly for photos, before arriving at a local village and farm. Walk into the village made up of small roads, houses, village temples, street barbershops and village coffee shops. At a local home, chat with the resident farmer, interact with the children and learn of their lives and ways of worship, while you sip a cup of tea. Visit the farmers' gardens, full of fruit trees from the north of Vietnam. Then, reboard the coach for the hour's return to the pier.

Please note: This tour involves moderate walking for approximately 2 hours with optional steps to climb approx. 170 steps with no hand rails. There is a slide path of 300 meters that is wheelchair accessible to the first wing of the monastery than there are 4 steps to climb to the entrance.

The ground in the village may be unpaved with an uneven surface. This tour is not suitable for guests with limited mobility or for those who utilise a wheelchair. Explore the notable sites in the historical capital of Vietnam during this full-day outing with your exclusive guide in your air-conditioned car. Stretching along the banks of the Red River, Hanoi is a city of lakes, boulevards, parks, and a curious blend of colonial architecture and modern economic resurgence. Relax and enjoy the countryside during your mini-van drive to Hanoi, getting a glimpse of the scenic Red River Delta and its farming activities. Along the way, make a stop at Dong Trieu Ceramic Village and observe the age-old process of making traditional ceramics.

Hanoi

With its French-colonial style buildings, tree-bordered boulevards, numerous pagodas and scenic lakes, this thousand year old city offers many attractions. With a population of roughly three and a half million, Hanoi is the country's economic, cultural and political centre. Its unique atmosphere derives from a blend of East and West, with beautiful French colonial buildings standing next to traditional houses, historical monuments and revered temples. The city's streets teem with thousands of bicycles, vying for space with cars and buses. Upon arrival, enjoy an orientation drive while heading to Hanoi's main square, which you explore on foot.

Ho Chi Minh Mausoleum Area

The huge square is dominated by the monumental shrine containing the embalmed body of the "Father of the Country". Opposite stands the impressive former Presidential Palace and one-time residence of the French Governor. There is time for photographs before walking to Ho's garden, located behind the mausoleum. Stroll past tranquil lotus ponds to Ho's cottage, a simple stilt house resembling the style of the ethnic hill tribes. Take a look inside this humble abode, which Ho preferred to living in the palace. Nearby stands the "One Pillar Pagoda", shrouded in local legends.

Temple Of Literature

Next, drive to this ancient temple complex, a pleasant retreat from the hustle and bustle of the city. Founded in 1076 during the Ly Dynasty, the temple complex is the site of the country's first university and the pride of the nation. The unique entrance gate and 82 stone steles bear witness to an early high level of education at the time when the country gained independence from Chinese occupation. Walk through walled courtyards with ancient pavilions and enter the ornate main shrine dedicated to Confucius. Leaving the Temple of Literature, head to the Hanoi lunch venue for a local fare mid-day meal at guests own expense.

Hoa Lo Prison ("Hanoi Hilton")

Visit to Hanoi Hilton Prison was a prison used by the French colonists in French Indochina for political prisoners, and later by North Vietnam for U.S. prisoners of war during the Vietnam War

Fine Arts Museum

The structure, while very classical, has oriental touches to the roof and other details and the collections within its two wings range from ancient antiquities to contemporary art. The ground floor of the main wing houses the oldest artefacts. These include the sandstone sculptures of the Champa and Funan kingdoms. Among them is the elegantly carved Amitabha Buddha image, produced in 1057.

Encounter a touch of old Hanoi with a stop at a tiny island located in the middle of Hoan Kiem Lake (Lake of the Restored Sword) and a visit to the Ngoc Son pagoda, reached by an arched footbridge. Experience the charming Old Quarter, which has survived surprisingly intact, and considered the most beautiful area of the city. Drive through the narrow streets, named for the products sold on each (Basket Street, Paper Street, Silk Street, Jewelers Street). The crafts of the past have given way to new products, but the fascinating color and activity of the old city endures. Enjoy free time to explore on foot before meeting your guide at the appointed time and beginning the journey back to Ha Long Bay and the ship.

Ha Long Bay - Vietnam

HAL-A / CRUISING HA LONG BAY BY JUNK

DIFFICULTY

Price:\$79; Duration:4.00 hrs

Ha Long Bay ranks among Vietnam's most celebrated attractions and has been designated a World Heritage Site. Explore this wondrous seascape aboard local junks.

The name Ha Long Bay, meaning 'where the dragon descends into the sea,' has its origin in an ancient legend according to which a huge dragon appeared, aiding the local people in their fight against northern invaders. After victory was achieved, the dragon and its young remained, turning into a fence of rocky islets as protection from further invasion. Even today, sailors and locals still claim sightings of a giant sea monster.

Ha Long Bay's famed seascape offers fantastic images of fragmented limestone outcroppings, sheer cliffs, huge rock arches and tranquil coves. Some of the rock formations rise from the sea up to a height of 900 feet (274 metres), projecting strange images.

Explore this magical scenery onboard traditional junks (also known as sampans). The boats will come alongside the ship to be boarded with the help of a barge. Then head out on your cruise and relax as the vessel glides through breath-taking seascapes of fragmented limestone outcroppings, past huge rock arches, sheer cliffs, picturesque coves and islets rising out of the sea like green-clad monsters. Watch this amazing scenery unfold while enjoying some green tea. A guide will point out and explain the most interesting sights.

Your outing into the magic of Ha Long Bay concludes with your return to the ship.

If weather permits an optional visit to Thien Cung cave will be done. After entering a narrow gate, the grotto's 130-meter-long girth opens up. Getting in we are astonished by the very animated and splendid beauty which is made from stalactite. On the east wall of the grotto, there is a grandiose and imposing picture with characters of heroic tales.

Please note: This excursion requires a minimal amount of walking; however, there are three to six steps between the barge and the junks to negotiate. We recommend wearing flat, rubber-soled shoes. Depending on the weather, you may wish to bring a sweater or windbreaker. A small selection of souvenir items is offered for purchase aboard each junk. Bathrooms are available aboard each junk. There are 120 steps in Thien Cung cave. Guests might stay on board the junk if do not want to visit the cave.

This full-day excursion combines an exploration of Da Nang's Cham Museum with a visit to My Son Holysee, a UNESCO World Heritage Site. Savour lunch at Marble Beach and take in the views of Marble Mountain on this overview of the southern areas of Vietnam.

Da Nang

Depart the pier and travel by coach to the Cham Museum in Da Nang, a journey of approximately 75 minutes. As you venture through the centre of Da Nang, discover a charming town, with ornate temples and colonial-style buildings.

Your next destination is My Son Holysee. This World Cultural Heritage Site is a large complex of religious relics that comprises more than 70 architectural works, and includes temples and towers connected to each other by a series of intricate red brick designs. The main component of the site's Cham architectural design is the tower, which was built to reflect the divinity of the king. Marble Beach

Venture next to Marble Beach, the famed stretch of sandy coastline that served as a place for military personnel to find some R&R, and for Hollywood to shoot movies. King Minh Mang in 1837 named the mountains of Ngu Hanh after the five basic elements of the universe: Kim mountain (metal); Moc mountain (wood); Thuy mountain (water); Tho mountain (earth); Hoa mountain (Fire). In Marble Mountain Village, the skilful hands of the area's talented workers have created thousands of stone statues. Of particular note are the different coloured pieces, very interesting to most stone lovers.

Marble Mountain Beach

The sandy beach at Marble Mountain Beach is more than 25 miles (40 kilometres) long. During the Vietnam War, American Marines and South Korean troops used this area as a basecamp. Since then, many famous resorts have been built along the beach. Sip a local drink, relax, and enjoy the sea breeze, sun, and sand. If you feel adventurous, go for a swim, climb the nearby mountain with more than 100 steps to see both the area pagoda and caverns, or admire the view of Da Nang and Marble Mountain Beach.

CHM-D / ANCIENT HUE - PERFUME RIVER

DIFFICULTY

Price: \$129; Duration: 8.25 hrs

Relive Vietnam's royal grandeur and become immersed in her culture as you visit the imperial city of Hue (pronounced 'whay'), with a cruise on the Perfume River. Adding to your experience is a stop at a lively marketplace and a visit to the magnificent tomb of Emperor Minh Mang. Begin your day at the pier in Chan May, where you board an air-conditioned coach for the approximate 1.5-hour journey to Hue.

Hue

Located eight miles (thirteen kilometres) from the coast and close to the Laos border, Hue has long been known as the 'Imperial City of the Nguyen Emperors'. The Emperors rose to glory during their reign from 1802 to 1945 and were the last ruling family of Vietnam. The city's fascinating treasures include the Imperial Citadel, Kings' Tomb, temples, and pagodas.

Royal Citadel

Functioning as the centre of imperial activity for 13 emperors of the Nguyen Dynasty, the city boasts impressive buildings and a sense of history. Gain an appreciation of that history with an exploration of the Royal Citadel. Built by Emperor Gia Long in 1804, the citadel features what is called the Noon Gate, or 'Ngo Mon'. This is the spot where kings announced the yearly calendar and the names of new doctors of philosophy.

The Palace of Supreme Harmony and adjoining Esplanade of Great Salutation were equally important in imperial life, hosting coronations, emperors' birthday parties, and court proceedings. Having been restored, the early-19th-century palace retains much of its original grandeur.

Continue your walking introduction of the Citadel with a look at the Imperial Enclosure. The Citadel's comparison to China's Forbidden City will be apparent as you observe this intriguing citadel within a citadel.

Thien Mu Pagoda

Next, visit Thien Mu Pagoda, located a short drive from the Citadel. Founded in 1601 by Lord Nguyen Hoang, the governor of Thuan Hoa Province, Thien Mu is the symbol of the city and one of the holiest pagodas in all of Vietnam. With its days as a hot-bed for anti-government protests long past, the pagoda today is a serene place where novice gardeners tend bonsai and monks deliver incantations.

Dragon Boat Cruise

Awaiting you in front of the pagoda is your dragon boat. Climb aboard and cruise on the Perfume River in a similar manner to that of the kings who travelled this route before you. Take in the sights and savour tranquillity as you relax. Afterwards, travel to the lunch venue, where Vietnamese cuisine is offered.

Emperor's Tomb

There is one more stop on your comprehensive itinerary: a visit to the magnificent tomb of Emperor Minh Mang. Considered the most brilliant emperor of the Nguyen Dynasty, Minh Mang had his tomb built on the west bank of the river. The tomb features unique green and yellow tiles.

From this picturesque spot, begin your return journey to Chan May.

Please note: The driving distance between Chan May and Hue is approximately 1.5 hours in duration. Sightseeing in Hue requires an extensive amount of walking; comfortable shoes are essential. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. The order of sites seen or visited may vary. Please exercise caution with personal items in the market area, particularly when walking through crowded areas frequented by tourists. The two-hour drive southwest from Saigon to the Cu Chi Tunnels is a pleasant foray into the surrounding countryside. It is hard to believe you are entering a former war zone of such strategic importance. BKK-G / AYUTTHAYA - A WORLD HERITAGE SITE

DIFFICULTY

Price:\$149; Duration:8.00 hrs

This full-day excursion offers a visit to one of Thailand's most majestic historical sites, included on UNESCO's World Heritage list since 1991. Begin your outing with a 90-minute drive north to Ayutthaya, considered one of Thailand's major attractions. Then, enjoy visiting the following highlights:

Bang Pa-In Summer Palace

En route to Ayutthaya wall, make a visit at the Bang Pa-In Summer Palace. The palace comprises a collection of buildings of various ages and various architectural styles surrounded by a lake. Built in the 17th century and left unoccupied when Bangkok became the capital, the palace gained importance again in 1851 when King Mongkut restored it and resumed residence there. Enjoy a visit and marvel at the richly decorated turn-of-the-century European aristocratic style, interspersed with whimsical Thai touches.

Ayutthaya Historical Park

Continue drive to the ruined city of Ayutthaya was once the ancient capital of Siam for four centuries and in its heyday was said to be more beautiful than either London or Paris. Located on a 2.5-mile (four kilometre) island at the confluence of three rivers, Ayutthaya was once encircled by a seven-mile (11-kilometre) wall. After the destruction of the city by the Burmese in 1767, a new dynasty was established and the capital was moved to Thonburi. Today, much of the ancient fabled city is contained within a Historical Park, where archaeological studies are still carried out.

While many of the buildings are in ruins, those drawn to relics of the past still find a visit to the remaining temple compounds and numerous structures awe-inspiring and a memorable experience. Begin the historical park tour with a noteworthy visit at the spectacular Wat Chai Wattanaram, reminiscent of Angkor Wat in Cambodia.

Take a break from sightseeing and enjoy lunch at the Krungsri River Hotel (or similar).

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Wat Na Phra Meru

Another good example of typical Ayutthaya-style temple, it was not destroyed by the Burmese. Constructed during the late 14th- and early 15th-centuries, the name suggests it was a royal cremation site. Of special note are the Buddha images - one fully decorated in regal attire and the other of black stone.

Following your visit, re-join your coach for the trip back to Bangkok and the ship.

Please note: This tour requires an extensive amount of walking, for approximately 1 mile (1.6 km), with about 50 steps to climb. It is not suitable for guests with limited mobility or those who utilise a wheelchair. Anticipate hot and humid weather. Wear comfortable shoes and light-weight clothing; however, shorts and sleeveless shirts are not permitted and guests must dress modestly. Shoes must be removed to enter the buildings visited. Upon arrival in Damnernsaduak, a comfort stop is made before embarking a local boat for a scenic cruise along the Damnernsaduak Canal. En route, pass by orchards and traditional houses, and view local people going about their everyday lives. Your boat-ride ends at the Floating Market, a popular hub for locals and tourists alike. Here, see hundreds of vendors and purchasers floating in their small rowboats, and selling, buying or exchanging their produce from their own orchards. Local food and drinks, as well as souvenir and handicrafts shops, can be found on the platform around the Floating Market.

Mae Klong Railway Market

Next, re-board your van for the drive to the nearby Mae Klong Railway Market, a unique market that is held literally on the railroad tracks. As soon as the siren signals the approaching train, the shoppers hop off the tracks. When the train arrives, the vendors quickly remove their produce from the tracks and pull back their awnings. Once the train is gone, everything returns to normal. Each morning to late-afternoon, this market springs to life, selling a variety of fresh fruits, vegetables, meat, seafood, snacks, and clothes and accessories. Following your exciting train-ride, market visit and a comfort stop, re-board your van and commence the approximately 75-minute drive back to the pier.

Please note: This tour involves a moderate amount of walking for approximately 547 yards (about 500 metres), with a few steps to negotiate to get on/off the coach and train, and embark/disembark the boat. SIN-E2 / TOUR & AIRPORT TRANSFER: ESSENCE OF SINGAPORE

DIFFICULTY

Price:\$119; Duration:5.00 hrs

Experience a unique fusion of distinctive Chinese, Malay, and Indian cultures during this scenic and informative tour of Singapore.

Chinatown & Little India

Depart the port for the drive to Chinatown. Next, proceed for a visit to the Mariamman Temple, Singapore's oldest and most colourful Hindu temple, then the neighbourhoods of Little India. After viewing displays of aromatic spices, brightly-coloured saris and other exotic items, your drive continues along Arab Street for an opportunity to photograph the Sultan Mosque.

Trishaw Ride

Ride comfortably through the narrow lanes of Arab Street, passing the resplendent Sultan Mosque. Built in 1928, it is a prominent landmark in this quarter. The duration of your trishaw ride is about 20-30 minutes.

National Gallery

Housed in the former Supreme Court, the UOB Southeast Asia Gallery presents the history of Southeast Asian art through artistic impulses shared across the region. The UOB Southeast Asia Gallery shares a compelling story of human culture, as seen through a region that has been the meeting point of major civilisations, religions, colonial powers, and the focus of struggles towards national independence and modernisation. The Gallery explores four main themes critical to the art of this region: Authority and Anxiety, Imagining Country and Self, Manifesting the Nation and Redefining Art.

Raffles Landing Site

A brief stop is then made at the site where Thomas Stamford Raffles is believed to have first landed in Singapore in 1819. An imposing statue commemorates the site.

Riverboat Ride

A ride along the Singapore River in one of the colourful riverboats makes for a fun-filled experience. In Raffles' days, these vessels were used to transport goods. Today, they are a popular way to experience a kaleidoscope of historic river images, including the 'godown' warehouses and the gracious buildings of the old waterfront set against the skyline of the new business district.

After disembarking your riverboat at picturesque Clarke Quay, your outing concludes with a transfer to the airport.

Please note: This tour is offered to guests who have flights departing after 4:30 pm. It requires a moderate amount of walking with some steps to climb and guests must be able to manoeuvre in and out of the riverboats. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. We suggest you wear lightweight clothing and rubber-soled shoes. The order of sites seen or visited may vary.
