General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. SBH-E / PANORAMIC ST. BARTS

DIFFICULTY

Price:\$49; Duration:1.00 hrs

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Minibus 'taxis' with drivers who speak varying degrees of English with a heavy French-West-Indian accent, take you on a drive through St. Barts. The first stop, at Le Col de la Tourmente, overlooks the most popular beach, St. Jean Beach and the island's airport. The taxis then follow take the road to Salines (salt ponds), an industrial area of the island. At one time St. Barts exported salt all over the Caribbean.

After Salines, your driver will go through Petite Salines, the only place on the island where you cannot see the ocean, and continue to Grand Fond. The view is breathtaking, with the road overlooking the green valley and the raging ocean breaking on the shoreline. It is very windy, and the landscape is very different from the rest of the island. Only a few years ago, Grand Fond was the cattle center for St. Barts, home not only to many cows, but also goats and sheep.

Continue on the road along the coast to see the house that belonged to the famous Russian dancer, Rudolf Nureyev. It is located right on the rocks facing the ocean. Pass Petit-Cul de Sac (small salt pond) and Grand Cul de Sac with its large lagoon and many hotels and resorts. It is here that the 24-hour windsurf regatta is held in August each year. Continue to Marigot, famous for its wine shop, La Cave, that has in stock over 300,000 bottles of wine, ranging from the cheapest to the most rare and expensive. Then continue to L'Orient and its two flower-filled cemeteries.

Passing La Vigie and Coupe Gorge, your vehicles return to the St. Jean area before taking the road to Corossol, once famous for its women who wore traditional white bonnets and were known for weaving straw hats and baskets. Please note that this does not exist anymore, despite what is written in the guidebooks. After climbing the last hill, your taxi returns to Gustavia. Depending on traffic conditions, the taxis will either stop in the parking lot next to the pier or in town at the main taxi station.

Please note: This tour involves a minimum amount of walking; however, guests must be able to climb in and out of a minibus taxi. This is not a guided tour; it is an orientation drive of the island. Your driver may speak only rudimentary English. The cost of this tour is based upon 6 guests in each van as opposed to 8 as standard for other cruise lines. The cost of this tour reflects the lower occupancy of the vehicles.

Discover the St. Lucian wilderness as it comes alive in the rainforest canopy during this half-day excursion.

The canopy is home to an enormous amount of flora and fauna that inhabits the rainforest. In their eagerness to search for light and space, many plants have colonised the treetops turning them into small ecosystems.

Fauna is very abundant throughout the tropical rainforests, however; animals are difficult to spot during the day. From the Aerial Tram you can also appreciate all the different shades of green as well as the various sizes and shapes that the leaves have created as a strategy to capture sunlight. The course is very secure and very quiet; this allows you to listen to the many different sounds of the rainforest.

Beginning from the pier on a fully air-conditioned bus, travel through the Capital city of Castries through the mountains to a village nestled over 2,000 ft. (600 metres) in the mountains. On your way, be treated to magnificent views of St. Lucia's beautiful country-side. The ride takes 30 minutes from the pier in the North of the island to the base station.

At the site, a brief orientation and safety instruction will be given, followed by your Aerial Tram journey into the rainforest. The Rainforest Sky Rides in St. Lucia provides the visitor with a bird's eye view of a truly mature Caribbean oceanic rainforest. Nurtured by warm, gentle rains and rich volcanic soils, St. Lucia's forests have achieved a state of ancient majesty.

Open-air gondolas safely glide you through and over the tree tops, where knotted and twisting woody vines wind to the tops of old growth rainforest trees. Dense thickets of surreal vegetation merge with cascades of flowers. Lavender stars, orange bursts, yellow berries and white lace thrive on the branches of fragrant flowering trees. Giant 'Chatannier', Magnolia, Gommier trees tower over the landscape and provide food and shelter for St. Lucia's endemic and endangered parrot. Here, the flowers bloom with shameless abundance. Experience St. Lucia's forest from a whole new perspective and witness this ancient celebration of colour and life with the option to walk the Fern Nature trail as well.

SLU-N / LET'S MAKE CHOCOLATE!

Discover the secrets to preparing mouth-watering dark chocolate bars during an interactive chocolate-making class at the renowned Howelton Estate.

Castries, Howelton Estate, Interactive Chocolate-Making Class

Depart the pier for the short drive to the renowned, late-19th-century Howelton Estate. Upon arrival, proceed for a guided, tree-to-bar, chocolate-making class. This memorable class begins with the manual grinding of cocoa nibs, which have been broken down from dried trinitario beans grown on the island. Under the guidance of the house chocolatier, use a mortar and pestle to grind the nibs until they transform into liquefied chocolate. The breakdown process can take up to 45 minutes. A 20-minute cooling-down period allows the liquefied chocolate to solidify after it has been put into its mould. During the break, you can take in spectacular panoramic views of the city, enjoy a beverage from the Cellar Bar or browse the duty-free gift shop. Following the break, class resumes and the end result is a beautiful, approximately 1.75-ounce (about 50-gram) dark chocolate bar that is foil-wrapped and presented to you to take home as perhaps your most distinctive souvenir of Saint Lucia.
