General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. SDK-C / ORANG UTAN & PROBOSCIS MONKEY

DIFFICULTY

Price:\$179; Duration:4.50 hrs

Travel to two sanctuaries renowned for the protection and preservation of two of Borneo's most famous residents, the Orang utan and the Proboscis monkey, on this half-day nature exploration.

Depart the pier and begin the 45-minute drive to the Sepilok Orang utan sanctuary.

Sepilok Orang Utan Sanctuary

Established in 1964 to aid orphaned baby Orang Utan, this rehabilitation centre resides in the Kabili-Sepilok Forest, an enormous area of virgin rainforest. Found only in Borneo and Sumatra, the Orang Utans' survival is constantly threatened by forest fires, felling of trees, poaching, and illegal hunting. Here, the Orang Utan (in Malay 'man of the forest') are rehabilitated and returned to the wild, if possible. Witness Orang Utans, the 'Wild men of Borneo' emerging from the jungle to be fed.

Labuk Bay Sanctuary

In the centre of the mangrove forests of Semawang is the Labuk Bay Proboscis Monkey Sanctuary, where you can see Borneo's indigenous proboscis monkeys.

This privately-owned sanctuary located within an oil palm estate gives you the chance to observe these animals up close and personal during their late morning feeding time. Endemic to the island, the Proboscis monkey is famous for its big pendulous nose and distinctive pot belly. As sources of their food dwindle due to diminishing habitats, the sanctuary has made efforts to supplement the monkey's diet with fruit and water daily to ensure the conservation of these animals. Watch the monkeys from a viewing platform. Silver Leaf monkeys may also be seen feasting on green beans.

Your tour concludes with the 1.5 hour return drive to the pier.

Please note: This tour requires a moderate amount of walking for a total distance of approximately a half of a mile (850 metres), including a 15-minute hike on a wooden walkway with steps and inclines; the walkways can become slippery if wet. Flat, non-slip soled walking shoes are suggested. This tour is not suitable for guests with limited mobility or those who utilise a wheelchair. Avoid wearing the bright colours; it excites the Orang Utan. We recommend you bring a raincoat with head covering, a hat and binoculars. Guests should apply insect repellent before embarking the coach; Bring minimal items for this excursion as backpacks, handbags, insect repellent, food, drink, and/or any medications are not permitted inside the sanctuary. Complimentary lockers are available at the entrance.

Each guest are entitled maximum 1 camera per guest. Additional cameras must be paid directly to the Sepilok Centre (US \$5 per camera; professional/commercial lens cameras are not permitted) and the Labuk Bay Sanctuary (US \$5 per camera/video), at the time of printing. The sighting of wildlife cannot be guaranteed. Dress in lightweight cotton clothing in light of the humid conditions.

Sepilok Orangutan Rehabilitation Centre

Depart the pier for the scenic, approximately 45-minute drive to the Sepilok Orangutan Rehabilitation Centre, the largest orangutan rehabilitation sanctuary in the world. The Bornean orangutan (*Pongo Pngmaeus*) is a species of orangutan native to the island of Borneo. Together with the Sumatran orangutan, it belongs to the only genus of great apes native to Asia. The Bornean orangutan shares up to 96.4% of the human genetic makeup, and is gentle, shy and curious by nature. Next, proceed to the Sun Bear Conservation Centre. The sun bear, also known as the 'honey bear', is a bear found primarily in the tropical rainforests in Southeast Asia, Northeast India, Bangladesh and Southern China. The sun bear is the smallest member in the only eight known bear species in the world. In Sabah, Sun Bears are a totally protected species, with the same status as the Bornean orangutans and Sumatran rhinoceros. During your guided tour, view the sun bears from an observation platform whilst learning about their habits and habitat. Following your visit and a refreshment stop, re-board your coach and commence the approximately 45-minute drive back to the pier.

Please note: This tour involves a moderate amount of walking for approximately 0.8 miles (about 1.3 kilometres), at times over slippery surfaces, with a few steps to negotiate to get on/off the coach and 80 steps at the Sun Bear observation platform. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Guests are advised to wear lightweight, comfortable, long-sleeve pants and a short-sleeve shirt with flat, non-slip walking shoes, and bring sun protection, raingear, a change of clothing and insect repellent from the ship; shorts and bare shoulders and midriffs are not permitted. Bags, duffle bags, camera bags, knapsacks, bottled water, and insect repellent are not permitted inside the Sepilok feeding platform. Guests may opt to leave their bags in the complimentary lockers available at Sepilok; however Sepilok is not responsible for any missing items. Guests may spray their insect repellent at the parking lot upon arrival at Sepilok, but not inside the jungle. No smoking is permitted at the feeding platform. Each guest will be given a drink coupon, which they can claim for their bottled water or soft drink at the Sepilok Canteen after the walk. A US\$5 fee is required for cameras and small video cameras at Sepilok; commercial photography equipment is not permitted. Although frequently encountered on this type of tour, animal sightings are not guaranteed.

Designed by a well-known Australian artisan, Philip Handel, the windows were funded by the relatives of prisoners of war.

Agnes Keith's House

Capture a glimpse of the past as you visit Agnes Keith's house, a typical colonial house built in the early 20th century. Agnes Keith was an American author married to the former Conservator of Forest, who popularised the old seafarer's name of Sabah in her book *Land Below the Wind*.

MNL-C / PAGSANJAN RAPIDS AND FALLS

DIFFICULTY

Price:\$139; Duration:9.00 hrs

Embrace the picturesque beauty of Manila in a unique and exciting new way during this memorable, full-day excursion to the Pagsanjan River.

Pagsanjan River

Depart the pier for the approximately three-hour drive southeast of Manila to the town of Pagsanjan, with a comfort stop made en route. Located in the scenic native countryside, Pagsanjan is the home of the famous Pagsanjan River and Falls.

Scenic Canoe Ride

Upon arrival at the *Pagsanjan River View Resort*, proceed to the canoe launching area. Receive your safety instructions, then embark in a canoe manned by able-bodied boatmen for a ride upstream to the falls. Along the way, skim by rocks and boulders amidst steep gorges and lush vegetation.

Pagsanjan Falls

Upon reaching the falls, some free time is made available for you to relax and take in your idyllic surroundings. During your visit, you can take an optional bamboo raft-ride through the pounding curtain of water, which falls from a height of 70 feet (21 metres) above the gorge.

'Shooting the Rapids' & Lunch

Your ride back is a more thrilling experience. 'Shoot the rapids' while going downstream, with your boatmen skilfully manoeuvring the canoe between rocks and boulders until you reach calm waters. At the conclusion of your river excursion, change into dry clothing and proceed for lunch at the resort.

After lunch, commence the approximately three-hour drive back to the pier.

MNL-D / CORREGIDOR ISLAND

DIFFICULTY

Price:\$149; Duration:9.50 hrs

Step back in time as you visit Corregidor Island, the 'Rock', as it was known in World War II. This memorable tour also includes a dramatic Light and Sound show as well as a multitude of historical landmarks that serve as reminders of a world at war.

From the pier, a 30-minute transfer will take you to the terminal for your 1 hour and 30 mins ferry ride to Corregidor, 27 miles (43 kilometres) across the bay from Manila.

Corregidor Island

Upon arrival, begin a guided tour of the island in open-sided Tranvia buses. As the last bastion to fall to the invading Japanese in 1942, Corregidor acquired immense significance as a symbol of the determined resistance of its Filipino and American defenders. Today it is a national shrine. Divided geographically into Topside, Middleside, Bottomside, Malinta Tunnel and the Tail, it is at Topside that the most vivid realities of

the war can be seen and felt. Desolate ruins of barracks and buildings stand as stark reminders of the ugliness of a world torn by war. Topside was the location of Fort Mills, the nerve centre of military life at Corregidor. Here stands the sombre Pacific War Memorial, commanding a view of the surrounding waters.

Malinta Tunnel

After a buffet lunch at the Island, visit the site of General MacArthur's headquarters. The Malinta Tunnel contains mile-long barracks, gun batteries, a ruined hospital and a small museum. Exhibits include photographs of Corregidor as it was before World War II. It was to this tunnel that the defenders retreated, defying the Japanese as long as possible. In the end, the lack of water, food, medicine and ammunition left them little choice but to surrender on May 6, 1942. A 30-minute multimedia presentation provides an impressive dramatization of the war's events.

Depart Corregidor in mid-afternoon for the trip back to Manila's ferry terminal, where the transfer coach is waiting to return you to the ship.

KEE-C / THE BEST OF TAIPEI CITY

DIFFICULTY

Price:\$199; Duration:8.00 hrs

Explore Taipei's most renowned attractions at a leisurely pace during this full-day orientation tour of the city, with lunch at the landmark *Grand Hotel*.

Depart the pier for 28-mile (45-kilometre) drive to Taipei City. Your tour commences with a visit to Chiang Kai-shek Memorial Park, which is dominated by the C.K.S. Memorial Hall, and flanked by the National Concert Hall and National Theatre.

C.K.S. Memorial Hall

Renamed the National Taiwan Democracy Memorial Hall, this white marble monument was built in honour of 'Generalissimo' Chiang Kai-shek to house the gigantic bronze statue of Taiwan's first president. The roof of this white marble structure is decorated with deep blue glass tiles, and the surrounding gardens have beautiful flowers year-round. An 89-step staircase on two sides leads to the upper level. The enormous ground floor hall features a museum where you can view exhibits showcasing Chiang's life.

Martyrs' Shrine

Next, your drive proceeds to the Martyrs' Shrine. Built in 1969 to honour the fallen heroes of China's wars, this grand and magnificent monument is an excellent example of classical Ming Dynasty architecture. Situated within an enormous park, the Martyrs' Shrine offers a serene setting against a backdrop of the Chingshan Mountain. During your stop, you may be able to observe the changing of the guard (time- and weather-permitting). Leaving the Martyrs' Shrine, continue on to the National Palace Museum.

National Palace Museum

The National Palace Museum is proud evidence that despite Taiwan's emergence as a political entity, at its heart is a Chinese culture thousands of years old. The museum's antique collection comprises some 700,000 pieces, spans almost all of China's entire 5,000-year history and is the world's largest and most priceless treasure house of Chinese art. Many of the objects were part of the Imperial collection, and date from the Sung Dynasty. Exhibits include porcelain, bronze, jade, sculptures, embroidery, calligraphy, paintings, and pottery. The sheer number of displays is overwhelming, and one visit can only provide a glance at this incredible and famous collection.

Lunch at Grand Hotel

Your next stop is the famous *Grand Hotel*, host to numerous dignitaries since its opening in 1952. With its traditional Palace-style architecture, vermilion pillars, brilliantly-tiled roof and palatial lobby, the *Grand Hotel* is not only a magnificent Taiwanese landmark, but emblematic of ancient China as well. After a Chinese lunch at the hotel's Dragon Pavilion restaurant, your sightseeing tour continues with a visit to one of Taipei's most important temples.

Confucius Temple

Temples to Confucius are a concrete symbol of Chinese Confucian culture. Whilst the oldest of these temples in Shantung dates back 2,000 years, the origins of the Taipei temple can be traced to 1875, when the Qing court established Taipei as a prefecture for Northern Taiwan. During your visit, admire the ornate decorations and learn some facts about the various images.

Leaving the temple, a brief photo stop is made at the Presidential Square's impressive Presidential Office Building before arriving at your final stop, Taipei 101.

Taipei 101

Your visit to Taipei would not be complete without stop for photos and a look at Taipei's most modern architectural accomplishment. This uniquely-designed, 1,666.67-foot-high (508-metre) structure features 101 floors, and is one of the world's tallest buildings. It boasts a high-class,

fashionable mall, an incredibly speedy elevator that takes only 37 seconds to reach the Observation Deck on the 89th floor and a food market that rivals the one at Harrods in London. Time permitting, explore the tower or browse the shops. You may wish to independently take the elevator to the Observation Deck. Tickets may be purchased directly by the elevators for approximately 500 New Taiwan dollars.

Afterwards, re-board your coach for the return drive to Keelung Port.

Please note: To visit all of the sites, an extensive amount of walking from the mandatory coach drop-off point is required. At the C.K.S. Memorial Hall there are 89 steps; an elevator is available if needed. Large bags are not permitted on the Observation Deck. A visit to Taipei 101 may not be possible. The tour sequence may vary. Built as a villa during the Muromachi Period in 1397, the Golden Pavilion was later converted into a temple. The temple burned down in 1950 and rebuilt in 1955. The only original part remaining is the Second Court, or 'Ni-no-maru'. The present 'Hon-maru', built in 1827, is a replica of the one that originally stood on the grounds of the Kyoto Imperial Palace. The castle is also renowned for its many cultural treasures dating from the 16th-century Momoyama Era, including the Chinese Gate, or 'Karamon'. After a stop for lunch, proceed to the Heian Shrine.

One of the symbols of Osaka and beloved by residents, Dotonbori is a dense area of restaurants and amusement spots located along the south bank of the Dotonbori Canal. Osaka is a food-lover's delight and neon-lit Dotonbori offers hundreds of eateries with the unofficial motto of "cheap but delicious." The area began as an entertainment district and still has Bunraku (puppet show) theaters, halls for Rakugo (comic storytelling) and, of course, movie theaters. The area is often featured in both domestic and foreign films as it typifies the lively spirit of Osaka.
