General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Your route circles Piercy Island, also known as 'Motukokako Island', at the outermost limits of the Bay of Islands, and sails through the 'Hole in the Rock' (weather-permitting). Perhaps one of the most naturally beautiful sights in all of New Zealand, this 210-foot (about 64-metre) hole at sea level was created over centuries by wind and waves. Be sure to have your camera on hand to capture this awe-inspiring natural wonder.

Seabirds, Dolphins, Penguins

Seabirds and marine life abound in this vicinity; bottlenose and common dolphins are the most frequently encountered marine mammals in the Bay of Islands, and you may see a pod during your journey. You may also see little blue penguins, Australasian gannets, black-winged gulls, red-and-black-beaked gulls, Caspian and white-fronted terns, Buller's, sooty, flesh-footed and fluttering shearwaters, prions, storm petrels and pied shags. On the islands, you are likely to see variable oyster-catchers, dotterels, fantails, pukekos, and tuis. Your panoramic Bay of Islands cruise concludes back at the pier.

Please note: This tour involves a minimal amount of walking, with a few steps to negotiate to embark/disembark the boat. This tour is not suitable for guests prone to seasickness, guests with limited mobility and guests who utilise a wheelchair. Guests are advised to wear lightweight, comfortable clothing with flat, closed-toe walking or boat shoes, and bring sun protection and a weatherproof coat or jacket from the ship. Although frequently encountered on this type of tour, marine life sightings are not guaranteed. Operation of this tour is subject to weather conditions. If the sea conditions are not favourable or deemed to be too rough, and the boat is unable to go out to the 'Hole in the Rock', an alternative inner-island experience is substituted.
