General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice.
