General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. SGN-F / CU CHI TUNNELS

DIFFICULTY

Price:\$79; Duration:5.50 hrs

The Vietnam War, or the American War as it is known in Vietnam, pitched modern American technology against fierce Vietcong resistance waging a guerrilla war. On this half-day tour, experience a local perspective on wartime memories and the infamous Cu Chi Tunnels.

The two-hour drive southwest from Saigon to the Cu Chi Tunnels is a pleasant foray into the surrounding countryside. It is hard to believe you are entering a former war zone of such strategic importance. The busy road passes through tranquil rice paddies where entrepreneurial villagers use the hot roadside as a platform for drying all manner of produce. Hundreds of sheets of paper dot the countryside, drying on woven racks in the relentless sun. A short stop is made at a small village for photos of the countryside view and paddy fields.

At Cu Chi, your guide explains the underground network, shows the displays of tools and weapons used by the guerrillas, and provides insight into the ingenious methods that the Vietnamese soldiers employed to remain undetected. Work on the tunnels began in 1948 during the war against the French, and greatly expanded throughout the 1960s.

Measuring 31 inches (80 cm) wide and five feet (1.5 metres) tall, the maze of tunnels was extensive, extending over 120 miles (193 kilometres). They included storerooms, sleeping quarters, kitchens, medical facilities and classrooms, and at one time, over 16,000 people lived in the tunnels. Most only 2 or 2.5 feet wide by 5 feet high (60-72cm X1.5 metres), the tunnels had thick roofs capable of withstanding the weight of tanks or the impact of bombs weighing up to 200 pounds (91 kilograms). Some have been enlarged to accommodate visitors at the site.

Following your visit to the tunnels, board your coach for your return to the ship.

Please note: This tour requires a moderate amount of walking. It is not recommended for guests with limited mobility or those who utilise a wheelchair. Walking through the tunnels requires additional exertion. Guests participating on this portion of the tour should be fit and not prone to claustrophobia; guests may opt not to enter the tunnels. In the tunnels closest to the surface the actual rooms may be open to the sky above, with the tunnels in between fairly short. Approximately one hour is spent on site Cu Chi site. In Cu Chi guests will see sensitive material, including graphic pictures and displays of the atrocities of war.

Sturdy shoes, sun protection, and mosquito repellent are recommended. The duration of the drive between the pier and the tunnel are is approximately 2 hours in each direction.
