General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Vietnam's culture and heritage fascinate all who visit. On this full-day exploration of the streets of Hoi An, Vietnam's treasure chest of history. This picturesque river town has remained unchanged for centuries. Initially an important trading port, Hoi An boasts some of Vietnam's most historic architecture as well as colourful temples and old community houses. Visit the Hoi An Museum, experience a guided walking tour of the town and enjoy a traditional lunch. Enjoy some shopping time and the opportunity to take some photos at Marble Mountain to round out the day's journey.

Hoi An

Travel for approximately 75-minutes via coach from the pier to Hoi An, a pretty river town that has earned a UNESCO World Heritage Site designation. Your walking tour begins along its colourful streets, which have remained largely unchanged for centuries before you enter the Hoi An Museum. Housed in a traditional merchant's house, this museum is known for its fine collection of objects relating to the town's heyday as an important trading port.

Phuoc Kien Temple

Next, visit the Phuoc Kien Temple, a structure built in honour of Thien Hau, the Goddess of the Sea.

Perhaps one of the most intriguing and beautiful of Hoi An's sights is the Japanese covered bridge. Built in 1593 over a stream, it is a wonderful amalgamation of Chinese, Vietnamese, and Japanese architectural characteristics. Appropriately, it connects Hoi An's Japanese and Chinese districts. At the centre of the bridge stands a small temple.

Following lunch at a local restaurant, return to the town and its busy streets to do some shopping in the lively open-air market.

CHM-B / CHAM CIVILISATION

DIFFICULTY

 Price:\$169; Duration:8.00 hrs

This full-day excursion combines an exploration of Da Nang's Cham Museum with a visit to My Son Holysee, a UNESCO World Heritage Site. Savour lunch at Marble Beach and take in the views of Marble Mountain on this overview of the southern areas of Vietnam.

Da Nang

Depart the pier and travel by coach to the Cham Museum in Da Nang, a journey of approximately 75 minutes. The road south from Chan May is scenic, with tall sand dunes along the coast and numerous rice paddies and water buffalo in the fields. As you venture through the centre of Da Nang, discover a charming town, with ornate temples and colonial-style buildings.

Arriving at the Cham Museum, stroll through its outdoor exhibits of sandstone sculptures and temple decorations created between the 4th and 14 centuries by the Cham people. The displays are grouped into four time periods, and named after the regions in which the sculptures were discovered. Your guide, well-versed in Cham history provides a comprehensive explanation of these relics.

My Son Holysee

Your next destination is My Son Holysee. This World Cultural Heritage Site is a large complex of religious relics that comprises more than 70 architectural works, and includes temples and towers connected to each other by a series of intricate red brick designs. The main component of the site's Cham architectural design is the tower, which was built to reflect the divinity of the king. During your visit to My Son Holy Land, listen to your guide's lecture and see the 1,000-year-old brick ruins of temples built by Central Vietnam's Hindu Chams, which were damaged during the Vietnam War.

Marble Beach

Venture next to Marble Beach, the famed stretch of sandy coastline that served as a place for military personnel to find some R&R, and for Hollywood to shoot movies. With its Marble Mountain views and five-star resorts, it has become a favourite stomping ground for international travellers and ex-patriots. Enjoy lunch and a refreshment and a chance to relax at the resort on the beach.

Marble Mountain

Re-board the coach and travel next to the village at Marble Mountain. Shaped like a dragon at rest, Marble Mountain is actually a series of marble and limestone formations, each named after an element: metal, wood, water, fire and earth.

After your brief visit here, travel back to Chan May and the ship.

Please note: This tour requires moderate amount of walking, some of which is over uneven ground. It is not recommended for guests with limited mobility or those who utilise a wheelchair. Guests who would like to swim at Marble Beach should bring a swimsuit with cover up. The order of sights seen may vary. Please exercise caution with personal items in the market area, particularly when walking through crowded areas frequented by tourists. Bring local currency for any purchases; US dollars and credit cards are accepted in many stores.

CHM-C / DA NANG & MARBLE MOUNTAIN BEACH

DIFFICULTY

 Price:\$79; Duration:5.50 hrs

Discover the history of Vietnam, both ancient and more recent, on this visit to Da Nang and Marble Mountain Beach. Highlights of this half-day outing include the Cham Museum, Han Market, Marble Mountain village, and Marble Mountain Beach.

Da Nang

Your adventure begins with a transfer of approximately 75 minutes to Da Nang. Visit the Cham Museum, a rather primitive yet altogether charming museum boasting an extensive array of Cham artefacts. The museum's more than 300 pieces are displayed outdoors, which proves to be an appropriate space for its collection of temple decorations and sandstone sculptures. The exhibits represent four time periods and are named after the geographic regions where the pieces were found.

Pedicab ride

Enjoy a pedicab ride from the Cham Museum to Han Market, winding through the small side streets of Da Nang to experience the heartbeat of the city. Riding in a pedicab, or cyclo, pronounced see-klo, offers a charming and intimate way to experience the hectic pace of Da Nang. Be pedaled through this animated and bustling city, and enjoy numerous opportunities for photos of the industrious vendors, streets full of motorcycles and pedicabs, local markets and colonial buildings

Han Market

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Having become acquainted with the treasures of an ancient culture, continue with a drive to the nearby Han Market, where you will find the offerings of modern commerce.

After your investigation of this colourful marketplace, re-board the coach and travel next to the village at Marble Mountain.

Marble Mountain

King Minh Mang in 1837 named the mountains of Ngu Hanh after the five basic elements of the universe: Kim mountain (metal); Moc mountain (wood); Thuy mountain (water); Tho mountain (earth); Hoa mountain (Fire). In Marble Mountain Village, the skilful hands of the area's talented workers have created thousands of stone statues. Of particular note are the different coloured pieces, very interesting to most stone lovers.

Marble Mountain Beach

The sandy beach at Marble Mountain Beach is more than 25 miles (40 kilometres) long. During the Vietnam War, American Marines and South Korean troops used this area as a basecamp. Since then, many famous resorts have been built along the beach. Sip a local drink, relax, and enjoy the sea breeze, sun, and sand. If you feel adventurous, go for a swim, climb the nearby mountain with more than 100 steps to see both the area pagoda and caverns, or admire the view of Da Nang and Marble Mountain Beach.

Afterwards, the coach returns you to the ship in Chan May.

Please note: Pedicabs are not equipped with seat belts. All guests are required to sign a waiver before participating. This tour requires a moderate amount of walking, some of which is over uneven ground. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. Guests who would like to swim at Marble Mountain Beach should wear a swimsuit with cover up. The order of sights seen may vary. Please exercise caution with personal items in the market area, particularly when walking through crowded areas frequented by tourists. Bring local currency for any purchases; US dollars and credit cards are accepted in many stores.

CHM-D / ANCIENT HUE - PERFUME RIVER

DIFFICULTY

Price:\$129; Duration:8.25 hrs

Relive Vietnam's royal grandeur and become immersed in her culture as you visit the imperial city of Hue (pronounced 'whay'), with a cruise on the Perfume River. Adding to your experience is a stop at a lively marketplace and a visit to the magnificent tomb of Emperor Minh Mang. Begin your day at the pier in Chan May, where you board an air-conditioned coach for the approximate 1.5-hour journey to Hue.

Hue

Located eight miles (thirteen kilometres) from the coast and close to the Laos border, Hue has long been known as the 'Imperial City of the Nguyen Emperors'. The Emperors rose to glory during their reign from 1802 to 1945 and were the last ruling family of Vietnam. The city's fascinating treasures include the Imperial Citadel, Kings' Tomb, temples, and pagodas.

Royal Citadel

Functioning as the centre of imperial activity for 13 emperors of the Nguyen Dynasty, the city boasts impressive buildings and a sense of history. Gain an appreciation of that history with an exploration of the Royal Citadel. Built by Emperor Gia Long in 1804, the citadel features what is called the Noon Gate, or 'Ngo Mon'. This is the spot where kings announced the yearly calendar and the names of new doctors of philosophy.

The Palace of Supreme Harmony and adjoining Esplanade of Great Salutation were equally important in imperial life, hosting coronations, emperors' birthday parties, and court proceedings. Having been restored, the early-19th-century palace retains much of its original grandeur.

Continue your walking introduction of the Citadel with a look at the Imperial Enclosure. The Citadel's comparison to China's Forbidden City will be apparent as you observe this intriguing citadel within a citadel.

Thien Mu Pagoda

Next, visit Thien Mu Pagoda, located a short drive from the Citadel. Founded in 1601 by Lord Nguyen Hoang, the governor of Thuan Hoa Province, Thien Mu is the symbol of the city and one of the holiest pagodas in all of Vietnam. With its days as a hot-bed for anti-government protests long past, the pagoda today is a serene place where novice gardeners tend bonsai and monks deliver incantations.

Dragon Boat Cruise

Awaiting you in front of the pagoda is your dragon boat. Climb aboard and cruise on the Perfume River in a similar manner to that of the kings who travelled this route before you. Take in the sights and savour tranquillity as you relax. Afterwards, travel to the lunch venue, where Vietnamese cuisine is offered.

Emperor's Tomb

There is one more stop on your comprehensive itinerary: a visit to the magnificent tomb of Emperor Minh Mang. Considered the most brilliant emperor of the Nguyen Dynasty, Minh Mang had his tomb built on the west bank of the river. The tomb features unique green and yellow tiles.

From this picturesque spot, begin your return journey to Chan May.

Please note: The driving distance between Chan May and Hue is approximately 1.5 hours in duration. Sightseeing in Hue requires an extensive amount of walking; comfortable shoes are essential. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. The order of sites seen or visited may vary. Please exercise caution with personal items in the market area, particularly when walking through crowded areas frequented by tourists. Bring local currency for any purchases; US dollars and credit cards are accepted in many stores.

CHM-E / COOKING CLASS & HOI AN EXPLORATION

DIFFICULTY

Price: \$129; Duration: 8.25 hrs

Experience a taste of Vietnam's cuisine in one of its more picturesque towns, on this full-day local culinary exploration. Meet your guide on the pier and depart via coach for the approximate 75 minute ride to Hoi An, a pretty river town that has earned a UNESCO World Heritage Site designation.

On arrival, meet the chef of the "Morning Glory School" and head off to the local market with its neat displays of wares and produce. The chef will select items that will be used later in the preparation of local delicacies.

Walk to the cooking school, one of Hoi An's best, and learn about Vietnamese cuisine. At your cooking station, follow the demonstrations of an expert chef who will teach you to prepare such Vietnamese delicacies as spring rolls, grilled chicken, rice pancakes and chicken and mango salad. Then sit back, relax and enjoy the dishes you have prepared.

After lunch, set off with your guide to the Hoi An Museum. Housed in a traditional merchant's house, this museum is known for its fine collection of objects relating to the town's heyday as an important trading port.

Next, visit perhaps one of the most intriguing and beautiful of Hoi An's sights, the Japanese covered bridge. Built in 1593 over a stream, it is a wonderful amalgamation of Chinese, Vietnamese, and Japanese architectural characteristics. Appropriately, it connects Hoi An's Japanese and Chinese districts. At the centre of the bridge stands a small temple.

This tour is not suitable for guests with limited mobility or those who utilise a wheelchair. Guests wishing to independently hire a trishaw for the market visit may do so. SGN-F / CU CHI TUNNELS

DIFFICULTY

Price:\$79; Duration:5.50 hrs

The Vietnam War, or the American War as it is known in Vietnam, pitched modern American technology against fierce Vietcong resistance waging a guerrilla war. On this half-day tour, experience a local perspective on wartime memories and the infamous Cu Chi Tunnels.

The two-hour drive southwest from Saigon to the Cu Chi Tunnels is a pleasant foray into the surrounding countryside. It is hard to believe you are entering a former war zone of such strategic importance. The busy road passes through tranquil rice paddies where entrepreneurial villagers use the hot roadside as a platform for drying all manner of produce. Hundreds of sheets of paper dot the countryside, drying on woven racks in the relentless sun. A short stop is made at a small village for photos of the countryside view and paddy fields.

At Cu Chi, your guide explains the underground network, shows the displays of tools and weapons used by the guerrillas, and provides insight into the ingenious methods that the Vietnamese soldiers employed to remain undetected. Work on the tunnels began in 1948 during the war against the French, and greatly expanded throughout the 1960s.

Measuring 31 inches (80 cm) wide and five feet (1.5 metres) tall, the maze of tunnels was extensive, extending over 120 miles (193 kilometres). They included storerooms, sleeping quarters, kitchens, medical facilities and classrooms, and at one time, over 16,000 people lived in the tunnels. Most only 2 or 2.5 feet wide by 5 feet high (60-72cm X1.5 metres), the tunnels had thick roofs capable of withstanding the weight of tanks or the impact of bombs weighing up to 200 pounds (91 kilograms). Some have been enlarged to accommodate visitors at the site.

Following your visit to the tunnels, board your coach for your return to the ship.

Please note: This tour requires a moderate amount of walking. It is not recommended for guests with limited mobility or those who utilise a wheelchair. Walking through the tunnels requires additional exertion. Guests participating on this portion of the tour should be fit and not prone to claustrophobia; guests may opt not to enter the tunnels. In the tunnels closest to the surface the actual rooms may be open to the sky above, with the tunnels in between fairly short. Approximately one hour is spent on site Cu Chi site. In Cu Chi guests will see sensitive material, including graphic pictures and displays of the atrocities of war.

Sturdy shoes, sun protection, and mosquito repellent are recommended. The duration of the drive between the pier and the tunnel are is approximately 2 hours in each direction.
