General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. ANU-F / HELICOPTER TO MONTSERRAT VOLCANO

DIFFICULTY

Price:\$399; Duration:1.75 hrs

Experience the island of Montserrat from a unique perspective during this panoramic helicopter flight-seeing excursion.

Helicopter Flight to Montserrat

Depart the pier with your guide for the short drive to the heliport. Upon arrival, board your awaiting helicopter for a truly unique and unforgettable flight-seeing tour of the Montserrat Volcano. During your 45-50-minute, pilot-narrated flight, fly to Montserrat for a tour of its 'Exclusion Zone'. This area covers 30.8 square miles (80 square kilometres) on the south-eastern half of the island, and extends 2.5 miles (four kilometres) offshore along the eastern coast to what is known as the 'Maritime Exclusion Zone'. Since these areas are off-limits to both ground transportation and habitation, a helicopter is the only way to get an up-close look at the Soufriere Hills Volcano.

Soufriere Hills Volcano

During your tour, learn about the volcano's geological origins and history, and view it from safe locations around the island. The volcano rises to 3,000 feet (914 metres) above sea level and frequently emits a combination of ash, smoke and steam. Survey the massive Tar River Gorge and Delta found 1,000 feet (305 metres) below, which has formed as a result of pyroclastic flows. In addition, witness what's left of small villages devastated by past eruptions before touring the charred remains of Plymouth, the country's former capital, now uninhabited and in some places buried under 40 feet (12 metres) of ash.

Helicopter Flight to St. John's

On the seaside, observe the former location of the W.H. Bramble Airport, abandoned after the 1997 eruptions. Portions of this airport, including the runway, were still visible until the partial dome collapse of February 11th, 2010, which buried what was left. Following your visit, return to the heliport with a bird's-eye view of your cruise ship en route, then re-board your coach and commence the short transfer back to the pier.

Please note: This tour involves a minimal amount of walking for approximately 200 yards (about 182 metres), with a few steps to negotiate to get on/off the coach and helicopter. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing with flat, closed-toe walking shoes and sun protection are recommended. Each guest must not exceed 76 inches (193 centimetres) in height to participate on this tour. Space on this tour is very limited; we suggest you book in advance to avoid disappointment. Tour departure times are subject to change at the discretion of the helicopter supplier.

SBH-E / PANORAMIC ST. BARTS

DIFFICULTY

Price:\$49; Duration:1.00 hrs

Enjoy a panoramic ride around this tiny island and discover the many hidden beauties for which St. Barts has become famous. Minibus 'taxis' with drivers who speak varying degrees of English with a heavy French-West-Indian accent, take you on a drive through St. Barts. The first stop, at Le Col de la Tourmente, overlooks the most popular beach, St. Jean Beach and the island's airport. The taxis then follow take the road to Salines (salt ponds), an industrial area of the island. At one time St. Barts exported salt all over the Caribbean.

After Salines, your driver will go through Petite Salines, the only place on the island where you cannot see the ocean, and continue to Grand Fond. The view is breathtaking, with the road overlooking the green valley and the raging ocean breaking on the shoreline. It is very windy, and the landscape is very different from the rest of the island. Only a few years ago, Grand Fond was the cattle center for St. Barts, home not only to many cows, but also goats and sheep.

Continue on the road along the coast to see the house that belonged to the famous Russian dancer, Rudolf Nureyev. It is located right on the rocks facing the ocean. Pass Petit-Cul de Sac (small salt pond) and Grand Cul de Sac with its large lagoon and many hotels and resorts. It is here that the 24-hour windsurf regatta is held in August each year. Continue to Marigot, famous for its wine shop, La Cave, that has in stock over 300,000 bottles of wine, ranging from the cheapest to the most rare and expensive. Then continue to L'Orient and its two flower-filled cemeteries.

Passing La Vigie and Coupe Gorge, your vehicles return to the St. Jean area before taking the road to Corossol, once famous for its women who wore traditional white bonnets and were known for weaving straw hats and baskets. Please note that this does not exist anymore, despite what is written in the guidebooks. After climbing the last hill, your taxi returns to Gustavia. Depending on traffic conditions, the taxis will either stop in the parking lot next to the pier or in town at the main taxi station.

Please note: This tour involves a minimum amount of walking; however, guests must be able to climb in and out of a minibus taxi. This is not a guided tour; it is an orientation drive of the island. Your driver may speak only rudimentary English. The cost of this tour is based upon 6 guests in each van as opposed to 8 as standard for other cruise lines.
