# General Information

## ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea ([my.silversea.com](http://my.silversea.com)) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

## BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via [my.silversea.com](http://my.silversea.com) from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

## ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea ([my.silversea.com](http://my.silversea.com)) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

## ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

## SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea ([my.silversea.com](http://my.silversea.com)) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

## ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea ([my.silversea.com](http://my.silversea.com))

The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

#### **SILVERSEA SHUTTLE SERVICE**

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. ## Virgin Gorda

Arrive at the quaint Spanish Town, Virgin Gorda's main settlement. Here, your open-air safari bus awaits you for the short drive to the top of the Baths at Spring Bay. As you approach the area, see the characteristic boulders strewn across the arid ground. They are reminders of volcanic action some 70 million years ago. Follow your guide down to the amazing Baths along a narrow, steep trail set between huge boulders on both sides.

## The Baths

Along a powdery, white sand beach, giant boulders are poised on top of each other in seemingly precarious positions. Weathered by the elements and over time, a series of spectacular pools and grottos have been created. The site is a natural phenomenon and never fails to amaze its visitors. A total of about two hours will be spent at the Baths. You may choose to take a swim in the clear, warm water, or follow your guide and squeeze through narrow crevices and discover small caverns where sunlight creates cool hues. The picture below the waterline is equally fascinating with small tropical fish darting through the crystalline water.

After hiking back up the trail, re-join your open-air safari bus for a scenic island drive, followed by a light lunch at *Fisher's Cove Beach Hotel*. Afterwards, it is time to join the boat for the trip to Tortola.

**Please note:** This tour involves an extensive amount of walking over steep and slippery terrain, with steps and unpaved, possibly muddy, paths to negotiate. This tour is recommended for guests in good physical condition. This tour is not suitable for guests with back and/or neck problems, guests with limited mobility and guests who utilise a wheelchair. Guests have the option to follow the guide through the caves or stop at the first visited beach and re-join the group at the return meeting point. Guests are advised to wear a swimsuit under a cover-up, sun protection and bring a towel from the ship. Guests should also wear comfortable, flat walking shoes, as the footpath to The Baths is rough, steep and uneven and as it is one of the main attractions of the B.V.I., expect crowds. Snorkelling equipment can be rented at the beach.

Discover some of nature's most amazing mammals from a unique perspective during this boat excursion in search of whales and dolphins.

Depart the pier for the brief stroll to your awaiting vessel. Upon arrival, receive your safety and tour instructions before setting out for the open waters. Of the 30 or more species of whales and dolphins found in the Caribbean, more than half can be found in the waters surrounding Dominica. Your captain pauses every three miles (about 4.8 kilometres) or 15 minutes so a hydrophone may be submersed to listen for the 'clicking' of sperm whales and the 'whistling' of dolphins.

During these stops, take in distant island views while your on-board guide offers information about the whales, dolphins, and wildlife. If a spout or a pod is sighted or detected, the captain manoeuvres the vessel so you can see the animals. Since their welfare is of paramount importance, guidelines set up by the International Fund for Animal Welfare are strictly followed. Prepare for an in depth tour of Bois Cotlette during your visit to this working plantation and the oldest surviving estate on Dominica.

**Bois Cotlette**

**Estate Tour**

On the Heritage Tour, you get a chance to enjoy the Estates grounds at a relaxed pace in a pristine and tranquil setting. Uncover clues to the property's origins and learn why expert historians, too, are so enamoured with Bois Cotlette.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to [my.silversea.com](http://my.silversea.com) for the most current schedules, fares and complete terms and conditions.

As you delve into the plantation history, three themes emerge. First is a story of people. Learn about the social structure of the owner/planter class, as well as life as a slave inhabitant in the late 1700's and turn of the century at Bois Cotlette. The second is a theme of technology. Windmills, aqueducts, and fresh water capture systems demonstrate an anachronistic view of a time period thought to be less advanced. Thirdly, we will focus on the commercial crops (coffee, sugar, cocoa, and citrus), with demonstrations, that define the estates existence.

#### Planter's Herb Garden and Refreshments

You will have an opportunity to enjoy authentic creole snacks and refreshments, and to stroll through the Planter's herb garden located just south of the Maison.
