General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. Such harnesses' and secure seating cannot be guaranteed. Your tour begins with a scenic, approximately 30-minute drive to the Kon swaram Temple. Dedicated to Lord Shiva, the Kon swaram Temple is nestled amidst the historic and much-fought-over Fort Fredrick, a 17th-century Dutch Fort. The original shrine was demolished in 1622 by the Portuguese, who called it the 'Temple of a Thousand Columns', and fortified the heights of the fort with material derived from its destruction. Some of the artefacts from the originally demolished temple were kept in the Lisbon Museum, including a stone inscription by King Kulakkottan. Explore the religious, cultural and artistic influences of Sri Lanka during this memorable, half-day visit to the Kelaniya Temple, with a shopping stop in Colombo.

Scenic Drive & Kelaniya Temple

Depart the pier for the scenic, approximately 45-minute drive into the countryside, and a visit to Kelaniya. Upon arrival, proceed for a visit to the Kelaniya Temple, an active Buddhist temple purportedly built on a site visited by the Buddha over 2,000 years ago. He is said to have preached his doctrine to a gathering of serpent kings here. Today, worshippers come to lay sprigs of lotus flowers around the great white 'dagoba', light oil lamps and sprinkle the base of the Tree of Enlightenment with purified water.

During your visit, marvel at the temple's fine drawings, lovely frescoes, fascinating, geometrically patterned ceilings, and three important images of Buddha; two seated and one reclining. Adorning the outer walls are more light-hearted works, including rows of whimsical dwarfs and elephants in bas-relief.

Shopping In Colombo

Following your visit, re-board your coach and return to Colombo for an opportunity to do some shopping. Colombo is renowned for its precious and semiprecious stones; sapphires, star rubies, topaz, garnets, citrine, and more can be found at the gems and jewellery outlet. Generally two venues are visited, a handicraft store and a jewellers.

Browse for tea, woodcarvings, brass, silverware, batiks, and souvenirs before commencing the approximately 30-minute drive back to the pier.

Please note: This tour requires a moderate amount of walking for approximately 85 yards (255 feet) over sometimes unpaved terrain and with 30 steps at the Kelaniya Temple. This tour is not suitable for guests with limited mobility or those who utilise a wheelchair as the venues are not wheelchair accessible. Vehicles used are the best available in the city; they are not of the same standards as vehicles found in Western countries. Sun protection is recommended. Modest attire is required to visit the sacred sites; shorts and short skirts are not permitted, and women must have their shoulders covered. Shoes must be removed prior to entering the temples. We suggest bringing along a thick pair of

CMB-D / COLOMBO'S ART & ARCHITECTURE MEDLEY

DIFFICULTY

Price:\$199; Duration:5.75 hrs

This half-day excursion shows you the varied hues of the city, taking you slightly off the beaten track.

Colombo and Geoffrey Bawa's former residence

Depart the pier for Colombo, capital and major port of Sri Lanka and a fascinating city that links the past with the present. Its culture and art are a unique mix of relics of Portuguese, Dutch and English settlements, blended with Indian influences.

Your tour begins at house number 11, on 33rd Lane, residence of renowned architect, the Late Geoffrey Bawa. It is an architectural bricolage housing arts and artefacts from his collection. This interesting composition in a row of four houses slowly acquired over a period of time, started with the construction of a pied-à-terre in 1958. The final result is an introspective labyrinth of rooms and garden courts which together create the illusion of limitless space. While the main house evokes a feeling of a lost world of verandahs and courtyards, the new tower serves as a periscope with views across the treetops towards the sea.

Panoramic drive and lunch

Re-board the vehicle for a panoramic drive past some of the city's highlights.

Lunch today is at Gallery Café - another legacy of Geoffrey Bawa. His former office now houses the café and art gallery run by Shanth Fernando.

National Museum and city sightseeing

Delve deeper into this culture at the elegant, white, colonnaded National Museum, the largest museum in Sri Lanka. View the fascinating and sometimes scary mask collection, which has its share of demons, including Prince Maha Kola, wearing a diadem of interwoven snakes. Another gallery contains a display of outstanding Hindu and Buddhist bronzes. One group of statuettes is connected with the cult of Shiva, and includes a fine sculpture of Shiva as "lord of the dance." Some of the images are mobile - not intended to be worshipped in the most sacred places, but destined for ritual processions around the temple or through the streets of the town. The museum also houses a collection of the regalia of the last King of Kandy.

At the conclusion of the tour, drive past the Colonial heritage of Colombo - the Old Parliament and government buildings; Galle Face Green where Colombo high society once strolled, to see and be seen by those who mattered, against the backdrop of the neo-classical facades of the Colombo Club and the Galle Face Hotel. Today there are joggers who talk politics and business as they run, and there may be kite flyers trying to catch a breeze.

Please note: This excursion requires an extensive amount of walking for approximately 240 yards (219 metres) over unpaved and some cobblestone surfaces with approximately 35 steps at Geoffrey Bawa's residence, and 30 steps at the National Museum. It is not suitable for guests who utilise a wheelchair or those with limited mobility. Comfortable walking shoes and lightweight clothing and sunscreen are recommended. Vehicles used are the best available in the city; they are not of the same standards as vehicles found in Western countries. Expect crowds at the sites visited. Souvenir shops accept cash in US Dollars, Pounds, Euros and local currency. Credit cards might not be accepted. Photo and video taking is prohibited in certain areas of Geoffrey Bawa's residence. Shoes must be removed prior to entering Geoffrey Bawa's residence. At the National Museum there is a charge of US 3.00 (at time of printing) for pictures and USD 18.00 (at time of printing) for videos, to be paid directly to the museum. Photos of the government building and old Parliament are prohibited. Order of sites may be reversed.

PRI-A / VALLÉE DE MAI DIFFICULTY 

Price:\$99; Duration:3.50 hrs

This tour offers guests the opportunity to experience the natural wonder of the Vallée de Mai, home to the fabled Coco de Mer, a World Heritage Site. As well, spend some time at Praslin's glorious beaches, notably Côte d'Or Beach.

Vallée De Mai

Following the tender ride ashore, board your coach for the 15-minute drive to the Praslin National Park, set in the central hills and covering an area of more than one square mile. During a guided walk into this magical forest, feel an atmosphere of great tranquillity surround you. Only the carefully laid out paths betray the fact that human hands have been at work here to make the homeland of the coco de mer accessible to the visitor and to provide an idea of the vegetation existing on the island prior to the arrival of Europeans.

Follow your guide on a nature trail and learn about a variety of interesting botanical species. At times, the palm fronds form such a thick roof that the sun is obliterated. Even walking just a short distance into this green palm thicket will enable you to marvel at the endemic coco de mer palms, some of which grow 60 to 90 feet (18-28 metres) high. For many years, the origin of the palms' uniquely shaped fruit, which washed ashore on African and Asian coasts, was shrouded in mystery. One of the legends suggested that giant underwater trees produced them, thereby giving the heavy (up to 40 pounds, 18 kg), double-cheeked nut its name. During the early 1900s, this rare object was such a highly prized collector's item that one illustrious owner even had it embellished in gold. Following your walk, there is time for a quick look at the gift shop before reboarding the coach.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Victoria, Scenic Drive, South Coast of Mahe, Photo Stops, Beautiful Beaches

Depart the pier for the scenic, approximately two-hour drive south to the Jardin de Roi. En route, take in stunning panoramic vistas of the south coast of Mahe, and photo stops at beautiful beaches. Jardin Du Roi History, Walking Tour, Refreshments

In 1771, the famous Pierre Poivre, or 'Peter Pepper', decided that Seychelles' Mahe Island was situated at the perfect latitude for growing spices, an important commodity in those times. The site at the base of this hill was originally used for 10 years as a spice plantation, but was burnt to the ground in 1780 by Lieutenant Romainville, the commandant of the French military, who feared a British ship was approaching. The site lay dormant until a new plantation was created in 1860 by Mr William Green Sr., who extended the plantation into the virgin rainforest of this valley; descendants of the Green family still manage this operating plantation today. Upon arrival, take a guided walking tour of the Jardin Du Roi, followed by refreshments.

Anse Royale Beach, Free Time, Indian Ocean, Sunbathing, Swimming

Next, re-board your coach and proceed to the nearby Anse Royale Beach, one of the finest beaches in the Seychelles. DAR-B / HISTORIC BAGAMOYO

DIFFICULTY

Price:\$239; Duration:8.00 hrs

Significant historical associations have made Bagamoyo an interesting place to visit. Due to its location as a mainland port close to Zanzibar, Bagamoyo developed as a centre for caravans and trade in slaves and ivory. In addition, it was the terminus of the missionaries and the site of the first Roman Catholic Church in Tanzania. The body of famed explorer David Livingstone was brought here in 1874, after which it was carried for hundreds of miles from the interior. Renowned European explorers such as Speke, Burton, Stanley, Peters and Emin Pascha all visited Bagamoyo at one time or another.

Kaole Ruins

Depart the pier with the approximate 1-hour drive north. Make a stop at the Kaole Ruins to see the remains of mosques and tombs thought to have been in use between the 3rd and 4th centuries.

Old Fort Photo Stop

At the conclusion of your visit, begin the return journey to Dar Es Salaam en-route you will pass the Old Fort, for a short photo stop. Dating from around 1860, the initial purpose of the Old Fort was to hold slaves until they could be shipped to Zanzibar. Dar Es Salaam - Tanzania

DAR-C / DAR ES SALAAM CITY & RELAXATION TOUR

DIFFICULTY

Price:\$149; Duration:7.00 hrs

Raised from the humble surroundings of a fishing village just over a century ago, Dar es Salaam blossomed into one of the most beautiful seaside capitals. The modern history of Dar es Salaam dates from 1857 when the then Sultan of Zanzibar decided to turn the inland creek just south of Mzizima into a port and trading centre. Appropriately, this town was named Dar Es Salaam meaning "Heaven of Peace". Its importance rose with the steam ship services, which rendered the former port of Bagamoyo impractical. In 1891, the German High Commissioner transferred the seat of his government from Bagamoyo to Dar Es Salaam, and in 1902 a floating dock was made operational.

Your first stop will be a visit to the renowned National Museum. This outstanding attraction is known as the Hall of Man where Dr. Leakey's finds from Olduvai Gorge including the skull of Nutcrackerman (*Zinjanthropus bosei*) and other human fossils are displayed. The stages of man's development over the last 10 million years are clearly traced and illustrated. The museum offers an outstanding ethnographic collection of tribal ornaments, head-dresses, witchcraft paraphernalia and traditional musical instruments collected from various regions in Tanzania. Also the history of the East African Coast is well portrayed with Chinese porcelain, glazed pottery, trade wide beads from India and a series of copper coins of the Sultan of Kilwa.

After an enjoyable visit we travel to Tinga Tinga, where we find a house or gallery if you will, of arts where local painters portray their skills in the local 'tinga tinga' art form. Sometimes referred to as crazy art, due to the very bright colour schemes and distorted figures of reality. At the Tinga Tinga center you will be able to see painters at work, and will have ample opportunity to purchase various souvenirs and household utilities that have been painted in Tinga Tinga style e.g. letter openers, trays, name plates, cup holders, key chains, as well as actual paintings on canvas.

After Tinga Tinga, continue to the White Sand Beach Resort, where a buffet lunch will be enjoyed

After lunch, next stop is the Village Museum which is located approximately 10 kms along Bagamoyo Road and has a collection of authentically constructed traditional houses of various Tanzanian tribes. It displays several distinct architectural styles with building materials ranging from sand, grass and poles to mud and rock. On certain days, villagers demonstrate their ancient skills of carving and weaving and offer their products for sale.

En route to ship, pass the State House which accommodates the offices of the President. It has an ornate structure reflecting a blend of African and Arabic architecture, partly built on the foundation of the old German Palace in 1922. We also pass a statue erected in memory of the African soldiers who lost their lives in WWI.

The climate is extremely hot & humid, therefore a risk of dehydration - guests are encouraged to drink plenty of water.

Please note: This tour involves an moderate amount of walking, with a few steps to negotiate to get on/off the coach. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Elevators are not available at visited sites nor at the restaurant. Guests must be aware that equipment and guides may not be up to Western standards but are the best available in this particular area; air conditioning in tour vehicles cannot be guaranteed. There are no restrooms available on the coaches. Guests are recommended to please ensure to first ask locals if they wish to take their photo. No photography of police/army or White House is allowed. Photography is not permitted in the museum unless payment is made. The fees vary for each museum and for camera size. We recommend comfortable shoes, light layered clothing, sun hats, sun glasses and sun lotion. Also take along swimsuits and beach towels for optional swimming.
