General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

In some ports, local information may be found in the tourist information centre ashore.

PORT TALKS

Throughout your cruise we'll be offering Port & Shore Excursion information given by our Shore Concierge Manager and Destination Consultant prior to arrival in each port of call. Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

VIDEO/PHOTOGRAPHY CHARGES

At some museums, sites and monuments, photography and/or the use of video cameras may not be allowed or may incur a charge. These charges are not included in the tour price and are at guests' own expense.

In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. This memorable class begins with the manual grinding of cocoa nibs, which have been broken down from dried trinitario beans grown on the island. Following the break, class resumes and the end result is a beautiful, approximately 1.75-ounce (about 50-gram) dark chocolate bar that is foil-wrapped and presented to you to take home as perhaps your most distinctive souvenir of Saint Lucia. Fauna is very abundant throughout the tropical rainforests, however; animals are difficult to spot during the day. From the Aerial Tram you can also appreciate all the different shades of green as well as the various sizes and shapes that the leaves have created as a strategy to capture sunlight. The course is very secure and very quiet; this allows you to listen to the many different sounds of the rainforest.

Beginning from the pier on a fully air-conditioned bus, travel through the Capital city of Castries through the mountains to a village nestled over 2,000 ft. (600 metres) in the mountains. On your way, be treated to magnificent views of St. Lucia's beautiful country-side. The ride takes 30 minutes from the pier in the North of the island to the base station.

The Rainforest Sky Rides in St. Lucia provides the visitor with a bird's eye view of a truly mature Caribbean oceanic rainforest. Nurtured by warm, gentle rains and rich volcanic soils, St. Lucia's forests have achieved a state of ancient majesty.

Open-air gondolas safely glide you through and over the tree tops, where knotted and twisting woody vines wind to the tops of old growth rainforest trees. Dense thickets of surreal vegetation merge with cascades of flowers. Lavender stars, orange bursts, yellow berries and white lace thrive on the branches of fragrant flowering trees. Giant 'Chatannier', Magnolia, Gommier trees tower over the landscape and provide food and shelter for St. Lucia's endemic and endangered parrot. Here, the flowers bloom with shameless abundance. Experience St. Lucia's forest from a whole new perspective and witness this ancient celebration of colour and life with the option to walk the Fern Nature trail as well.

SBH-E / PANORAMIC ST. BARTS

DIFFICULTY

Price: \$49; Duration: 1.00 hrs

Enjoy a panoramic ride around this tiny island and discover the many hidden beauties for which St. Barts has become famous. Minibus 'taxis' with drivers who speak varying degrees of English with a heavy French-West-Indian accent, take you on a drive through St. Barts. The first stop, at Le Col de la Tourmente, overlooks the most popular beach, St. Jean Beach and the island's airport. The taxis then follow take the road to Salines (salt ponds), an industrial area of the island. At one time St. Barts exported salt all over the Caribbean.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

After Salines, your driver will go through Petite Salines, the only place on the island where you cannot see the ocean, and continue to Grand Fond. The view is breathtaking, with the road overlooking the green valley and the raging ocean breaking on the shoreline. It is very windy, and the landscape is very different from the rest of the island. Only a few years ago, Grand Fond was the cattle center for St. Barts, home not only to many cows, but also goats and sheep.

Continue on the road along the coast to see the house that belonged to the famous Russian dancer, Rudolf Nureyev. It is located right on the rocks facing the ocean. Pass Petit-Cul de Sac (small salt pond) and Grand Cul de Sac with its large lagoon and many hotels and resorts. It is here that the 24-hour windsurf regatta is held in August each year. Continue to Marigot, famous for its wine shop, La Cave, that has in stock over 300,000 bottles of wine, ranging from the cheapest to the most rare and expensive. Then continue to L'Orient and its two flower-filled cemeteries.

Passing La Vigie and Coupe Gorge, your vehicles return to the St. Jean area before taking the road to Corossol, once famous for its women who wore traditional white bonnets and were known for weaving straw hats and baskets. Please note that this does not exist anymore, despite what is written in the guidebooks. After climbing the last hill, your taxi returns to Gustavia. Depending on traffic conditions, the taxis will either stop in the parking lot next to the pier or in town at the main taxi station.

Please note: This tour involves a minimum amount of walking; however, guests must be able to climb in and out of a minibus taxi. This is not a guided tour; it is an orientation drive of the island. Your driver may speak only rudimentary English. The cost of this tour is based upon 6 guests in each van as opposed to 8 as standard for other cruise lines. The cost of this tour reflects the lower occupancy of the vehicles.

Spend the day discovering and tasting one of San Juan's most famous products- Bacardi Rum.

Your tour begins with a transfer to the south side of San Juan Harbor, where you will enter the beautifully manicured grounds of the Bacardi Rum Distillery, the world's largest distiller of natural spirits. Upon arrival, you will be escorted to your classroom for a private Rum Mixology Seminar led by your Bacardi Brand Specialist, a Master in Rum. SJU-E / OLD SAN JUAN WALKING TOUR

DIFFICULTY

Price:\$39; Duration:3.25 hrs

Explore the highlights along cobblestone streets and gain a fascinating guided look at the history of Old San Juan during this walking tour of the old city.

Fort San Cristobal

Upon disembarkation, meet your experienced guide who will lead you through the historical Old City including a visit to Fort San Cristobal, a fortification that successfully defended the old city from attack by the British and Dutch in centuries gone by.

Next, walk into the City through one of the side streets and commence on a stroll through history. Getting just off the beaten track offers some fascinating finds that eludes most visitors that never leave the main streets.

Plaza San Jose

Walk uphill through the cobblestone streets until you reach the Plaza San Jose, with its statue of Juan Ponce de Leon that was made from melted down British cannons. The next stop, the Quincentennial Plaza, is a celebration of the discovery of Puerto Rico.

Casa Blanca

Continue to Casa Blanca, the first fortification ever built in old San Juan and the Ponce de Leon family home. Here you explore the almost Romanesque gardens and fountains.

La Plazoleta de la Rogativa

Exit the gardens of Casa Blanca through a partially hidden access to Calle Sol. After making the tight descending turn downwards, you suddenly find yourself in the most beautiful section of the entire old city - the Plaza of the Procession. Dominating this little park area is a statue commemorating the miraculous saving of the old city from sacking by the British in the 16th century.

This vantage point offers views of the Governor's Mansion, the El Cañuelo fortress across the port entrance and the Bacardi distillery. A short walk down hill through San Juan Gate takes you to the water's edge. As you return through the San Juan gate continue to San Juan Cathedral, retracing the steps of the original conquistadores. Your guide will walk you to the corner of Cristo & Fortaleza Streets; at this point you decide if you wish to have the guide escort you back to the ship or if you wish to stay to explore the many boutiques and shops that line the cobblestone streets of the old city and return to the ship at your leisure.

Please note: This tour involves an extensive amount of walking, lasting approximately 3 hours, over uneven surfaces and steep inclines and is thus recommended for guests in good physical condition. It is not suitable for guests with heart or respiratory conditions, leg, knee, neck, back problems, or limited mobility, or those who utilise a wheelchair. The order of sites visited may vary. If Casa Blanca is closed, a visit to Cuartel Ballaja, the last building the Spanish built in the Americas and now a cultural museum, will be substituted. SJU-H / BACARDI MIXOLOGY SEMINAR

DIFFICULTY

Price: \$139; Duration: 3.00 hrs

Spend the day discovering and tasting one of San Juan's most famous products- Bacardi Rum.

Your tour begins with a transfer to the south side of San Juan Harbor, where you will enter the beautifully manicured grounds of the Bacardi Rum Distillery, the world's largest distiller of natural spirits. Upon arrival, you will be escorted to your classroom for a private Rum Mixology Seminar led by your Bacardi Brand Specialist, a Master in Rum. For the next 45 minutes to an hour, the conference speaker will lead your group in the preparation and understanding how each of the signature cocktails is created - typically Bacardi Cuba Libre, Bacardi Mojito and a Bacardi Flavors Drink are presented and prepared, though this is subject to change. Each participant will be standing and acting as bartender and at the end will receive a Bacardi University Rum Mixology Certificate.

Following the seminar, you will continue to the interior patio of the Bacardi Visitor's Center. After passing through a large room containing a fountain and three large prints with historical representations, you will enter the theater and view a short film covering the Bacardi Family history as well as that of the Bacardi Corporation. You will then enter a replica of an old distillery that houses an excellent display; here your guide will provide commentary and answer questions. And you will have the opportunity to smell that final product; you will enjoy the aroma of the different type of rums that are bottled at Bacardi.

Your tour will continue to the Bacardi cocktail lounge, which resembles a 1920's bar in Cuba (the era of the prohibition). A bartender will explain and show you how to prepare the first three cocktails ever made with Bacardi: "Cuba Libre", "Daiquiri" and "Mojito Cubano", and you'll learn what inspired Bacardi in the preparation of these three cocktails as well as how they got their names.

As you exit, you will board an open-air tram who will take you to the open-air pavilion, where you will be treated to complimentary rum drinks. Adjacent to the pavilion is the Casa Bacardi gift shop where one can purchase Bacardi Rum as well as many other Bacardi products.

Please note: This tour involves a minimal amount of activity, and is suitable for those with limited mobility and those who utilise a wheelchair. This tour is not suitable for anyone under the age of 18. Guests may be required to show identification.
