General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

When contemplating a tailor-made program onboard, please contact the Shore Concierge team as early as possible at the beginning of your cruise, as time may be a factor in reaching local contacts. Please be aware that once arrangements have been confirmed, 100% cancellation fee will be applied. Unfortunately, we are unable to change or cancel airline tickets, car rental, hotel or any other reservations you made previously with your travel agent or on your own. In many ports of call there may be a local hospitality representative on board to provide additional information, for two hours after the ship's arrival. In some ports, local information may be found in the tourist information centre ashore.

PORT TALKS

Throughout your cruise we'll be offering Port & Shore Excursion information given by our Shore Concierge Manager and Destination Consultant prior to arrival in each port of call. Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

GRATUITIES

Gratuities for local guides and drivers are not included in the excursion price. It is customary to tip tour guides and drivers. Such gratuities if extended, should be done so on a voluntary, individual basis.

MOBILE TELEPHONES

As a courtesy to fellow guests, kindly refrain from using mobile telephones while on tour so as not to interfere with the guide's explanation. Most tours make frequent stops, allowing time for guests to use their mobile telephones. We appreciate your understanding in this matter.

VIDEO/PHOTOGRAPHY CHARGES

At some museums, sites and monuments, photography and/or the use of video cameras may not be allowed or may incur a charge. These charges are not included in the tour price and are at guests' own expense.

In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. Silversea does require that establishments be reputable, of general interest to our guests and offer quality goods. However, all purchases are the responsibility of the individual.

PDL-E / SILVER SHORE PRIVATO - SETE CIDADES CRATER LAKES BY PRIVATE VAN

DIFFICULTY

Price:\$599; Duration:3.75 hrs

This exclusive tour is designed to allow you the chance to customize your time ashore and discover the most interesting sites in the comfort and privacy of your own vehicle. You will be promised scenic beauty and contact with one of the oldest villages in São Miguel where the old traditional way of living in the Azorean villages is still kept alive.

Sete Cidades

The entire region of Sete Cidades is dominated by the impressive Caldeira, with its almost 7.5 mile (12 km) diameter; this is the most spectacular volcanic view in the Azores. The Azores are actually some of the tallest mountains on the planet, measured from their base at the bottom of the

ocean to their peaks, which thrust high above the surface of the Atlantic. Because these once-uninhabited and remote islands were settled sporadically over a span of two centuries, their culture, dialect, cuisine and traditions vary considerably. King Charles I of Portugal contemplated this impressive panorama in 1901, discovering there lays two volcanic lakes, the Green and the Blue Lake, separated by a narrow bridge.

Crater Lakes

Together the Green and Blue lakes have an area of 482 hectares (2 miles), and they are 19 metres (62 feet) deep at their greatest depth. On the shores of the Blue Lake is the village of Sete Cidades, enigmatic as its own name (Seven Cities) and surrounded by the dark forest covered walls of the Caldeira. Have the opportunity to see the lakes not only from the highest point but also to admire up close.

Santiago Lake

On the way back to Ponta Delgada you will also have the opportunity to see Santiago Lake. The Santiago Lake is situated in the Devassa Mountain, nearby the amazing Sete Cidades Lake, on the wonderful São Miguel Island, on the Azores Archipelago. In a place of great natural beauty, the lake amazes for its surrounding of greenish mountain slopes filled with natural richness and different species of flora and fauna, proud of the lake waters in dark green tones.

The Santiago Lagoon occupies a volcanic crater, quite visible in the Lagoa do Canário viewpoint, this offers a panorama of great beauty, such as the pure image of the greenish Azores Archipelago.

Pineapple Plantation

One of the more unusual sightseeing destinations on São Miguel is the well-known Pineapple Plantation, located just outside of Ponta Delgada. You can see the greenhouses (the Azores are not warm enough to cultivate the fruit outdoors), and take a tour of the plantation and learn of the growing stages and cultivation.

Your private vehicle then returns you to the pier and your ship after your day of discovery.

Please note: This tour involves a moderate amount of walking at times over uneven terrain. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing, flat, closed-toe walking shoes and sun protection are recommended. The private minivan will accommodate up to 6 guests.
