General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. TOV-C / VIRGIN GORDA & THE BATHS

DIFFICULTY

Price:\$109; Duration:4.00 hrs

Discover Virgin Gorda's unique natural terrain during this scenic visit to 'The Baths' at Spring Bay. Depart the pier aboard a local launch for a 40-minute cruise along the Sir Francis Drake Channel, and on to Spanish Town, Virgin Gorda. The famous waterway has seen scores of pirates and buccaneers who once plied their profitable trade here.

Virgin Gorda

Arrive at the quaint Spanish Town, Virgin Gorda's main settlement. Here, your open-air safari bus awaits you for the short drive to the top of the Baths at Spring Bay. As you approach the area, see the characteristic boulders strewn across the arid ground. They are reminders of volcanic action some 70 million years ago. Follow your guide down to the amazing Baths along a narrow, steep trail set between huge boulders on both sides.

The Baths

Along a powdery, white sand beach, giant boulders are poised on top of each other in seemingly precarious positions. Weathered by the elements and over time, a series of spectacular pools and grottos have been created. The site is a natural phenomenon and never fails to amaze its visitors. A total of about two hours will be spent at the Baths. You may choose to take a swim in the clear, warm water, or follow you guide and squeeze through narrow crevices and discover small caverns where sunlight creates cool hues. The picture below the waterline is equally fascinating with small tropical fish darting through the crystalline water.

Gustavia, St Barthelemy - Guadeloupe, French West Indies

SBH-E / PANORAMIC ST. BARTS

DIFFICULTY

Price:\$49; Duration:1.00 hrs

Enjoy a panoramic ride around this tiny island and discover the many hidden beauties for which St. Barts has become famous. Minibus 'taxis' with drivers who speak varying degrees of English with a heavy French-West-Indian accent, take you on a drive through St. Barts. The first stop, at Le Col de la Tourmente, overlooks the most popular beach, St. Jean Beach and the island's airport. The taxis then follow take the road to Salines (salt ponds), an industrial area of the island. At one time St. Barts exported salt all over the Caribbean.

After Salines, your driver will go through Petite Salines, the only place on the island where you cannot see the ocean, and continue to Grand Fond. The view is breathtaking, with the road overlooking the green valley and the raging ocean breaking on the shoreline. It is very windy, and the landscape is very different from the rest of the island. Only a few years ago, Grand Fond was the cattle center for St. Barts, home not only to many cows, but also goats and sheep.

Continue on the road along the coast to see the house that belonged to the famous Russian dancer, Rudolf Nureyev. It is located right on the rocks facing the ocean. Pass Petit-Cul de Sac (small salt pond) and Grand Cul de Sac with its large lagoon and many hotels and resorts. It is here that the 24-hour windsurf regatta is held in August each year. Continue to Marigot, famous for its wine shop, La Cave, that has in stock over 300,000 bottles of wine, ranging from the cheapest to the most rare and expensive. Then continue to L'Orient and its two flower-filled cemeteries.

Passing La Vigie and Coupe Gorge, your vehicles return to the St. Jean area before taking the road to Corossol, once famous for its women who wore traditional white bonnets and were known for weaving straw hats and baskets. Please note that this does not exist anymore, despite what is written in the guidebooks. After climbing the last hill, your taxi returns to Gustavia. Depending on traffic conditions, the taxis will either stop in the parking lot next to the pier or in town at the main taxi station.

Please note: This tour involves a minimum amount of walking; however, guests must be able to climb in and out of a minibus taxi. This is not a guided tour; it is an orientation drive of the island. Your driver may speak only rudimentary English. The cost of this tour is based upon 6 guests in each van as opposed to 8 as standard for other cruise lines. The cost of this tour reflects the lower occupancy of the vehicles.

During your 45-50-minute, pilot-narrated flight, fly to Montserrat for a tour of its 'Exclusion Zone'. This area covers 30.8 square miles (80 square kilometres) on the south-eastern half of the island, and extends 2.5 miles (four

kilometres) offshore along the eastern coast to what is known as the 'Maritime Exclusion Zone'. Since these areas are off-limits to both ground transportation and habitation, a helicopter is the only way to get an up-close look at the Soufriere Hills Volcano.

Soufriere Hills Volcano

During your tour, learn about the volcano's geological origins and history, and view it from safe locations around the island. The volcano rises to 3,000 feet (914 metres) above sea level and frequently emits a combination of ash, smoke and steam. Survey the massive Tar River Gorge and Delta found 1,000 feet (305 metres) below, which has formed as a result of pyroclastic flows. In addition, witness what's left of small villages devastated by past eruptions before touring the charred remains of Plymouth, the country's former capital, now uninhabited and in some places buried under 40 feet (12 metres) of ash.

Helicopter Flight to St. John's

On the seaside, observe the former location of the W.H. Bramble Airport, abandoned after the 1997 eruptions. Portions of this airport, including the runway, were still visible until the partial dome collapse of February 11th, 2010, which buried what was left. Following your visit, return to the heliport with a bird's-eye view of your cruise ship en route, then re-board your coach and commence the short transfer back to the pier.

Please note: This tour involves a minimal amount of walking for approximately 200 yards (about 182 metres), with a few steps to negotiate to get on/off the coach and helicopter. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing with flat, closed-toe walking shoes and sun protection are recommended. Each guest must not exceed 76 inches (193 centimetres) in height to participate on this tour. Each guest must not exceed 230 pounds (104 kilograms) to participate on this tour. The total combined passenger weight must not exceed 1,000 pounds (453.6 kilograms). The bikes are single speed beach cruiser type, with coaster (backpedal) and not hand brakes. Everyone has a basket for belongings and a large bottle of water. You will see the highlights of Key West, of which there are many. Pass Simonton Street Beach, the Green Parrot Bar, Key West Cemetery, Higgs Beach and the Southernmost Point of the United States, just 90 miles north of Cuba.

Of particular note is the Customs House, which presides over historic Mallory Square. "Old 91" is today a national landmark and headquarters of the Key West Art & Historical Society.

Another slice of local history unfolds as you approach the Presidential Gates of the Harry S. Truman Little White House. Built in 1890 as the first officer's quarters on the submarine base naval station, the abode served as Harry S. Truman's base of presidential operations during his 11 visits to Key West.

Of course, Key West also is known as the home of Ernest Hemingway. During your bike ride, you will see the residence located at 907 Whitehead Street, across from the Key West lighthouse, where the famed writer lived from 1931 to 1939.

One of Hemingway's legendary haunts was Sloppy Joe's Bar. Founded in 1933, the bar was located on Greene Street, just off Duval Street, during Hemingway's day. The bar has since moved to its current location on Duval Street, taking with it its storied connections to Hemingway, who suggested the name for the establishment.

Other landmarks on today's roster include Mallory Square, the Key West Lighthouse, and the Historic Seaport.

 Price:\$119; Duration:4.50 hrs

Guests with flights departing after 4:00 p.m. from Fort Lauderdale International Airport and after 5:00pm from Miami International Airport can explore the expansive Flamingo Gardens during this picturesque, half-day sightseeing excursion.

Wray Home and Museum

Depart the pier for Flamingo Gardens, an approximately 60-acre (about 24-hectare), not-for-profit wildlife sanctuary, aviary and botanical garden located just west of Fort Lauderdale, Florida. Upon arrival at this Trip Advisor 'Award of Excellence' winner, your guided tour begins with a visit to the original home of Floyd L. and Jane Wray, who built a home and citrus grove on what was then the edge of the Everglades, and started a botanical collection of tropical and subtropical fruit trees and shrubs. Now a museum, the Wray Home depicts a country home of the early-1930s. Leaving the Wray Home, proceed to the Botanical Gardens.

Botanical Gardens and Tram-Ride

The Botanical Gardens are one of the most beautiful, inspiring and adventurous, yet tranquil, tours offered in Fort Lauderdale. The grounds contain more than 3,000 species of tropical and subtropical plants, including orchids, ferns, bromeliads, 200-year-old live oak trees, and over 300 species of palms. A narrated tram ride leads through the site's tropical rainforest, native hammock, wetland areas and groves. The Tropical Plant House displays orchids, calatheas and other plants. The Arboretum contains one of the largest collection of non-indigenous champion trees in the region, and the Xeriscape Garden demonstrates low maintenance, minimally-watered gardening.

Everglades Wildlife Sanctuary

Next, take a guided tour of the Everglades Wildlife Sanctuary section, which provides care for permanently injured, non-releasable wildlife. Fauna includes an American black bear, otters, alligators, bobcats, Florida panthers, tortoises, freshwater turtles, geese, swans, sandhill cranes, blue-beaked ducks, flamingos, bald eagles, golden eagles, owls, peacocks, macaws, and iguanas. The 25,000-square-foot (about 2,300-square-metre) Everglades aviary houses one of the largest collection of wading birds in the U.S. The aviary exhibits five native Florida ecosystems; coastal prairie, mangrove swamp, cypress forest, sub-tropical hardwood hammock, and sawgrass prairie. At the conclusion of your visit, re-board your coach and commence the approximately 30-minute transfer to Fort Lauderdale International Airport or a one-hour transfer to Miami International Airport.

Please note: This tour involves an extensive amount of walking for approximately 3/4 of a mile (1.2 Km), at times over uneven and gravel surfaces, with a few steps to negotiate to get on/off the coach and tram. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing with flat, closed-toe walking shoes and sun protection are recommended. The tour sequence may vary. This tour is available to guests with international flights leaving Fort Lauderdale International Airport after 4:00 p.m. and for those with international flights from Miami International Airport after 5:00 p.m. A minimum number of participants is required to operate this tour option.
