General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. Khasab - Oman

KHA-B / FJORD DHOW CRUISE

DIFFICULTY

Price:\$129; Duration:4.00 hrs

The Musandam Peninsula has an abundance of sheltered fjords, some only connected to the mainland by narrow cliffs. Fjords, or *khors*, created by fragmented rock stretching claw-like into the sea and massive overshadowing cliffs towering above are magnificently reflected in the water below. Explore these *khors* from a traditional-style *dhow*, or motorised sailing boat.

Board the *dhow* either from alongside the ship or the pier. For many centuries, boats that sailed on the Indian Ocean have been called *dhow*s. Traditional *dhow*s are known for two distinctive features - the triangular or lateen sail, and secondly, its stitched construction of hull boards sewn together with fibres, cords or thongs. The *dhow* today is covered, with a ladder to allow you to take a dip in the sea.

Cruise toward Musandam's longest and most spectacular fjord, which is often referred to as 'Norway of the Middle East'. Admire the breathtaking scenery, with mountains over 2,000 feet (610 metres) high rising straight from the sea and calm, turquoise waters contrasting with creamy white limestone cliffs.

Along the way, pass the ruins of Telegraph Island, formerly a British telegraphic cable base from 1864-69. Cruise by small fishing villages.

While the dhow anchors, enjoy a swim, snorkel or just sit back and sip soft drinks, tea or coffee while admiring the scenery. Keep an eye out for dolphin, often sighted in the area.

Then, cruise back to the Khasab jetty.

Please note: This tour requires a minimal amount of walking for approximately 500 metres (1640 feet); however, guests must be able to manoeuvre in and out of the boat via a 6 step ladder while exercising some caution. This tour is not suitable for guests who utilise a wheelchair. The dhows are covered, providing shady seating and motorised, but are very basic. You may swim while the dhow is at anchor. Swimwear should be worn under your clothing as changing facilities may not be available. Remember to bring a towel, snorkel gear and sun protection from the ship.

KHA-C / ADVENTURE TRIP TO HARIM MOUNTAIN

DIFFICULTY

Price:\$189; Duration:4.00 hrs

Your tour begins with a brief introduction before climbing aboard your 4 WD vehicle headed for some of Oman's most stunning sceneries. Stops along the way allow you to gather with the guide to learn about the culture, history and geography of this area.

After about an hour's drive, pause at the Bedouin village of Sayah for photographs. Located at an elevation of 3,608 feet (1,100 metres), the village is known as one of the most picturesque of the Musandam Peninsula. Continue with the drive up the mountain to admire the grand panoramic view from its summit.

The return journey includes a brief stop at the Khawr Najid viewpoint overlooking the Indian Ocean.

Your tour concludes back at the pier to re-join your ship.

This tour is not suitable for guests with limited mobility or those who utilise a wheelchair. Tour operates in 4-wheel drive vehicles (closed and air-conditioned). The duration of the drive between the pier and Harim Mountain is approximately 1.5 hours in each direction. Parts of the drive are along winding and bumpy road and this tour may not be suitable for guests who suffer from motion sickness, guests who have neck/back problems or women who are pregnant. Driving conditions may affect tour duration. Vehicles operated by drivers with limited command of the English language. We recommend guests dress smart casual and conservative. Khasab - Oman

KHA-A / KHASAB & BUKHA FORTS

DIFFICULTY

Price:\$119; Duration:3.50 hrs

This half-day excursion provides an introduction to the Musandam Peninsula and its small capital of Khasab, situated on its northern tip. Depart the pier in air-conditioned coaches and begin the tour with a visit to the town's main attraction, the Khasab fort.

Khasab Fort

This impressive stronghold was built by the Portuguese in the 17th century when they were seeking dominion over the maritime trade in the Strait of Hormuz. Teak wood from India was used for its construction and the roof was fashioned from a mix of palm leaves, clay and stone. The structure you see today is the result of extensive restoration work carried out since the late 20th century. A circular building in the centre of the fort served as a kind of back up defence for additional protection. From the site of the fort you can enjoy excellent views and photo opportunities.

Bukha Fort and Tower

Leaving Khasab, drive along the panoramic coastal road to Bukha, which borders the Emirate of Ras al Khaima. During the approximately one-hour drive, see spectacular scenery and make several stops for photographs of this ruggedly beautiful region. Upon arrival in Bukha, visit the 200-year-old fort. Its attractive location overlooks the sea and includes a backdrop of mountains. In addition to the fort, tour one of the watchtowers rising above the small village of Bukha.

From here, begin the return drive to Khasab with a stop at the *Esra Hotel* for refreshments before concluding the tour back at the pier.

Please note: This tour requires a moderate amount of walking for approximately 500 metres (1640 feet) on uneven ground and with some steps at both forts. This tour is not recommended for guests with limited mobility or those who utilise a wheelchair. Transportation and guides are the best available. Proper attire is required to visit the city. Shorts, short skirts, beachwear and sleeveless outfits are not allowed. Photo and video are prohibited at Khasab Fort. Please ask locals for permission to take their photographs. The tour sequence may vary.

Sur - Oman

SRO-A / HIGHLIGHTS OF SUR

DIFFICULTY

Price:\$139; Duration:3.50 hrs

Sur city in Oman is an ideal location in the northeast Province of Sharqiya and is a seafaring town, a fishing village and a trading port all in one. Sur has been an important locus of waterfront and trade since the 19th century. The port was the fulcrum of commercial and cultural connections between Oman, East Africa and India.

Depart the jetty and arrive at Sur Souq, a massive market that stretches over several city blocks, offering vegetables, spices that are roasted and custom-blended before you, tailors, gold shops and of course a major fish market. Watch the fishermen bring in their early morning catch to the shores or take a walk in the seaside market laden with fish. Get a sense of local life here as residents wander in and out of the other shops and taking tea along these narrow streets.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Proceed from the fish market to the rest of the Sur Souq traditional market, followed by a visit of Sineslah Fort, a major local landmark that offers splendid views of the city. The Fort is comprised of a large, square fortification around a sizeable outdoor courtyard. See the cannons and utensils on display that were in use when the fort was originally open hundreds of years ago.

Continue to the Dhow building yard where to see skilled craftsmen building traditional Dhows (fishing boats). Learn about the building process and the history of these impressive vessels. Return back to Sur jetty after your visit.

Please note: This tour involves a moderate amount of walking, approximately 200 meters, as well as a few steps, making this tour less recommended for guests with limited mobility. Due to the steps and uneven ground in many places, this tour is not suitable for guests who utilise a wheelchair. Slip on shoes and clothing that covers up the arms and legs are recommended.

Aqaba (Petra) - Jordan

AQJ-B / PETRA - JORDAN'S TREASURE

DIFFICULTY

Price:\$269; Duration:9.00 hrs

Enjoy the opportunity to visit Jordan's most famous attraction, the spectacular rose-red City of Petra during this full-day tour. Lunch and entrance fees are included.

Petra

Depart the port in comfortable coaches and travel north along the Desert Highway. The last stretch is on country road through several small villages. Upon arrival at Petra, begin your visit on foot, walk through the half-mile-long (800 metre) siq, or chasm. The long, narrow gorge with steeply rising sides all but obliterates the sun. For those who wish, the entrance to the siq may be reached on horseback - at your own risk. (There is no charge for this service but the horseman will expect a gratuity.)

Khazneh (Treasury)

As you exit the gorge, it suddenly opens into a natural square dominated by Petra's most famous monument, the Treasury. Its intricately carved façade presents a magnificent sight in the dazzling sun. If you have seen the movie Indiana Jones and the Last Crusade, you will no doubt recognize the façade. Follow the guide farther into the site and discover other impressive structures carved out of the rose-coloured stone. They include temples, royal tombs and an amphitheatre that could seat 3,000 spectators. The Petra basin boasts over 800 individual monuments; to explore it all would take several days.

Your visit of approximately three hours concludes with the walk back via the same way. Optionally, a horse-drawn buggy or carriage can be hired to take you through the narrow pathway of the Petra Valley. It is the only transportation permitted. Buggies/carriages are limited and cannot be reserved in advance. However, local staff will provide assistance. The charge is \$40 USD per two-person (at the time of printing) carriage to be paid on the spot. Be aware that you may have to wait in line. Each buggy carries two persons; the ride can be quite bumpy.

Afterwards, re-join the coach for the 2.5-hour drive back to Aqaba. Lunch and entrance fees are included.

Please note: This tour requires an extensive amount of walking through the half-mile-long (800 metres) defile and within Petra; in total about 3 hours, much of it on uneven ground. This tour is not suitable for guests with limited mobility or those who utilize a wheelchair. Comfortable walking shoes are essential. Be aware that the weather is often unpredictable - it may be cool and windy among the rocks, but hot in open areas. Don't forget to bring a sweater or jacket for cool weather after sunset and remember your camera. We suggest you carry a bottle of

water with you. The duration of the drive between the pier and Petra is approximately 1.5-2.5 hours in each direction. Restrooms are of local standard and may fall below Silversea expectations. This tour offers a unique Jordanian experience; a sense of adventure is required.

Explore the grandeur and history of Jordan during this memorable, half-day excursion to Shoubak Castle. Depart the pier for the scenic, approximate two-hour drive through Aqaba City and along the desert highway en route to Shoubak Castle. Located at the top of a hill north-east of the modern town of Shoubak in Jordan, this Crusader castle was originally known as 'Krak de Montreal', or 'Mont Real' (Montreal).

Although little of the original fortifications remain today, the castle still features several original Crusader characteristics, and it is still possible to view some of the existing rooms and part of the tower. At the conclusion of your visit, re-board the coach and commence the approximately two-hour drive back to the pier.

DIFFICULTY

Price: \$69; Duration: 4.50 hrs

Explore the ancient grandeur and spectacular beauty of the Acropolis of Lindos during this memorable, half-day sightseeing excursion.

Lindos

Depart the pier in Rhodes for the scenic, approximate one-hour, 30-mile (48-kilometre) drive to Lindos. En route, pass by picturesque villages and a landscape dotted with citrus groves, vineyards and gnarled olive trees. Upon arrival, take a guided walking tour through the narrow, cobblestone streets of this ancient Doric village, then proceed up a long, narrow, path measuring approximately 950-feet (290-metres) en route to the summit of the Acropolis.

Acropolis

Perched on a bluff overlooking a village of whitewashed houses, narrow streets and souvenir shops, the Acropolis offers a splendid view of St. Paul's Bay. The top of the Acropolis is accessed via a steep flight of stairs. Here, see the magnificent remains of past civilisations, including the 4th-century BCE Doric Temple of Athena Lindia, a double-winged portico, a Byzantine church and the fortifications of the Knights, including the remains of the Governor's quarters.

Next, re-board your coach and commence the approximate 40-minute drive back to the pier.

Please note: This tour involves an extensive amount of walking on cobblestone streets and uphill areas, with many steps to negotiate. A walk of approximately ten minutes may be required to reach the village from the coach parking area; its centre allows only pedestrian and donkey-borne traffic. The 195 steps to the fortress have no railing. Although it is not suggested, guests may opt to take at their own risk a donkey ride (subject to availability) uphill to access the Acropolis of Lindos. This tour is not suitable for guests with limited mobility and those who utilise a wheelchair. Wear light-weight clothing and bring sun protection.
