General Information

ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea (my.silversea.com) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via my.silversea.com from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea (my.silversea.com) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea (my.silversea.com) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea (my.silversea.com)

Unfortunately, we are unable to change or cancel airline tickets, car rental, hotel or any other reservations you made previously with your travel agent or on your own. In many ports of call there may be a local hospitality representative on board to provide additional information, for two hours after the ship's arrival. In some ports, local information may be found in the tourist information centre ashore.

PORT TALKS

Throughout your cruise we'll be offering Port & Shore Excursion information given by our Shore Concierge Manager and Destination Consultant prior to arrival in each port of call. Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

SILVERSEA SHUTTLE SERVICE

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

CHILDREN ON TOUR

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

GRATUITIES

Gratuities for local guides and drivers are not included in the excursion price. It is customary to tip tour guides and drivers. Such gratuities if extended, should be done so on a voluntary, individual basis.

VIDEO/PHOTOGRAPHY CHARGES

At some museums, sites and monuments, photography and/or the use of video cameras may not be allowed or may incur a charge. These charges are not included in the tour price and are at guests' own expense.

In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. KOJ-E / IBUSUKI SAND BATH JAPANESE STYLE EXPERIENCE

DIFFICULTY

Price:\$149; Duration:4.75 hrs

(Please acknowledge the 'Important Note' section reported below)

Ibusuki is an onsen town located in southern Kagoshima Prefecture. Unlike other onsen towns in Kyushu, Ibusuki is famous for its sand baths.

Scenic drive & photo stop at Lake Ikeda

Before heading to Sand Bath, make a memorable photo stop at Lake Ikeda which is the biggest volcanic lake in Kyushu, with a circumference of 15 kilometers and a surface area of 11 square km, and a depth of up to 233 meters. The almost round shaped lake is a caldera lake formed more than 6400 years ago because of volcanic activity in the area. Being a caldera lake, there are no rivers flowing in or out of the lake, and is entirely dependent on rainfall to maintain its water level. From Lake Ikeda you can see Mt. Kaimondake, a mountain rising 924 meters above sea level. It is commonly known as the "Fuji of Satsuma".

Ibusuki, Sand bath Experience & Hot Springs

The Sand Bath Experience is the most unique hot springs in the world, as "bathers" are buried in sand, rather than submerged in water. The heat and weight of the sand have an oddly refreshing and cleansing effect.

Upon arrival after the approximately one-hour scenic drive, receive your light Japanese robes „Yukata" and instructions to lie in the volcanic black sand. All but your head will then be covered with steaming sand, which is naturally heated from the underground hot springs. The benefits of being covered in hot sand may include improved blood circulation, detoxification, increased blood-oxygen levels throughout the body and highly valued beauty treatment for the skin. BUS-B / BEOMEOSA TEMPLE AND HAEUNDAE BEACH

Beomeosa Temple

Located at the edge of Mt. Geumjeongsan, Beomeosa Temple was constructed by monk Ui Sang in the year of 678. Renovated in 1713, the temple is one of the most delicate and luxurious architectures of the Joseon Dynasty (1392-1910). Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to my.silversea.com for the most current schedules, fares and complete terms and conditions.

Nurimaru APEC House

The name Nurimaru APEC House was created by combining the Korean words *nuri*, meaning 'world' and *maru* or 'summit' with the Asia-Pacific Economic Cooperation conference hall. Located on Dongbaekseom Island, which is noted for its beautiful, natural landscape accented by dense camellia and pine trees, this three-storey building is a modernistic expression of *jeongja*, a pavilion in traditional Korean architectural style, with a visual display of Korea's creative traditional culture inside.

Haeundae Beach

View the famous beach named by scholar Choi Chi-Won in 857. It is likely the most famous beach in Korea. Spanning an area of over 14 acres (58,400 square metres), the beach is known for its white sand that originates from the Chuncheon Stream. Its Folk Square features traditional games such as *neolddugi* (seesaw jumping), Korean wrestling, *tuho* (arrow throwing), tug-of-war and *yutnori*. The beach also includes the Beach Culture Centre and the Beach Library, and hosts various cultural events and festivals throughout the year.

Afterwards, re-board the coach and make your way back to the pier.

This tour is not suitable for guests with limited mobility or those who utilise a wheelchair. The order of sights may vary.

BUS-D / GYEONGJU

DIFFICULTY

Price: \$159; Duration: 7.75 hrs

Experience a more in-depth look at Busan's surrounds on this full-day exploration of the UNESCO site of Gyeongju, with a visit to the Bulguksa Temple and the taste of a Korean-style buffet lunch.

Gyeongju

Leaving the pier, drive through the city and countryside for approximately 90 minutes towards Gyeongju. Located on the eastern coast where the morning sunlight first touches the Orient, Gyeongju was once the capital of the Shilla Kingdom and centre of Korea when Shilla unified the peninsula in 676 A.D. It was designated by UNESCO as one of the world's ten most historically significant sites and is known as the 'museum without walls'.

Tumuli Park

Arrive at Tumuli Park, a collection of royal Shilla tombs located in the middle of Gyeongju. The park contains 20 tombs, of which Chonmachong (Flying Horse Tomb) is the most famous. Its name comes from the picture of a flying horse found painted on white birch bark when the tomb was excavated in 1974, and the tomb yielded more than 10,000.

Gyeongju National Museum

Gyeongju National Museum, a place of compelling interest, preserves much of the Shilla heritage including magnificent gold crowns, pottery, Buddhist artefacts, and stone sculptures. The museum also houses the Divine Bell of King Seongdeok the Great, also referred to as the legendary Emulle Bell, one of Asia's largest and most resonant bells, 19 tons of bronze standing 11 feet (3.4 metres) high. Afterwards, the coach takes you to a local hotel for a buffet lunch offering Korean and Western-style cuisine. Relaxed and refreshed, continue with a visit to Bulguksa Temple.

Bulguksa Temple

One of Korea's best well-known temples on the western slope of Mt. Tohamsan, Bulguksa Temple is a monument to both the skill of the Shilla architects and the depth of Buddhist faith at the time. While most of the wooden buildings have been rebuilt over the centuries, all the stone bridges, stairways and pagodas are original. In 1995, Bulguksa Temple was added to UNESCO's World Heritage List.

Re-board your coach one last time for the 90-minute journey back to Busan and the awaiting ship.

Please note: This tour requires an extensive amount of walking and standing to explore the sites in their entirety. MZQ-F / HIGHLIGHTS OF KYOTO

DIFFICULTY

Price: \$199; Duration: 9.50 hrs

Discover some of the countless temples, shrines and other historically priceless structures of Kyoto during this unforgettable, full-day sightseeing excursion.

Maizuru and Kyoto

Depart the pier for the scenic, approximately two-hour drive to Kyoto. Kyoto served as Japan's capital and the emperor's residence from 794 until 1868. It is now the country's seventh-largest city, with a population of 1.4 million people and a modern face. Over the centuries, Kyoto was destroyed by many wars and fires, but due to its exceptional historical value, the city was dropped from the list of target cities for the atomic bomb and escaped destruction during World War II. Countless temples, shrines and other historically priceless structures survive in the city today.

Golden Pavilion

Upon arrival in Kyoto, an exterior visit is made at the Golden Pavilion, or 'Kinkaku-ji Temple'. Built as a villa during the Muromachi Period in 1397, the Golden Pavilion was later converted into a temple. The temple burned down in 1950, and was rebuilt in 1955. It is three storeys in height, and the second and third storeys are covered with pure gold foil. The mirror reflection on the still-pond in the garden is marvellous.

Nijojo Castle and Chinese Gate

Next, re-board your coach and head to the Nijojo Castle, completed in 1626 as the Kyoto residence of Tokugawa Ieyasu. The Main Court, or 'Hon-maru', burned down in 1788. The only original part remaining is the Second Court, or 'Ni-no-maru'. The present 'Hon-maru', built in 1827, is a replica of the one that originally stood on the grounds of the Kyoto Imperial Palace. The castle is also renowned for its many cultural treasures dating from the 16th-century Momoyama Era, including the Chinese Gate, or 'Karamon'. Following your visit, re-board your coach and proceed for lunch at a local restaurant. After your Japanese style lunch, your final stop is at the Kiyomizudera Temple.

Kiyomizudera Temple and Souvenir Shops

The Kiyomizudera Temple is one of the most celebrated temples of Japan, and an UNESCO World Heritage Site. It was founded in 780 on the site of the Otowa Waterfall in the wooded hills east of Kyoto, and derives its name from the fall's pure waters. The temple was originally associated with the Hosso sect, one of the oldest schools within Japanese Buddhism, but formed its own Kita Hosso sect in 1965. Although Kiyomizudera's main hall is covered up from February 2017 to March 2020 for the renovation of its roof, guests can enter the main hall during the renovations. Near the entrance of Kiyomizudera Temple are many souvenir shops, where a stop is made to browse a variety of items for sale. At the conclusion of your visit, re-board your coach and commence the approximately 90-minute drive back to the pier.

Please note: This tour involves an extensive amount of walking for approximately 1.6 miles (2.7 kilometres), at times over uneven surfaces, with a few steps to negotiate to get on/off the coach, 20 steps at Nijojo Castle, 50 steps at the Golden Pavilion and 150 steps at the Kiyomizudera Temple. This tour is not suitable for guests with limited mobility and guests who utilise a wheelchair. Lightweight, comfortable clothing with flat, closed-toe walking shoes and sun protection are recommended. Main parts of Kiyomizudera Temple are now undergoing restoration work until 2020. The drive between the pier and Central Kyoto is approximately two hours in each direction. Guests are required to remove their shoes before entering the temples. Japanese yen is required for any purchases: guests are advised to exchange money at the airport prior the cruise. The tour sequence may vary.

Depart the pier for the approximately one-hour drive towards the Kyoto Port. Located in Maizuru, the Kyoto Port is home to Amanohashidate, one of the three most famous natural sights in Japan, and other natural and historical landmarks. This port is considered the northern gateway to the UNESCO World Heritage Site, the Historic Monuments of Ancient Kyoto. Your first stop is at Amanohashidate. The name 'Amanohashidate', or 'Bridge of Heaven', was taken from the floating bridge of heaven on which the Japanese mythical god and goddess stood while creating the islands of Japan. The bridge is really a long, narrow, tree-covered (8,000 pine trees) sand spit, approximately 2.2 miles (about 3.5 kilometres) in length.

Motoise Konojinja Shrine

Next, re-board your coach for the drive to the Motoise Konojinja Shrine. This old shrine has a legendary connection with the famous Ise Shrine in Mie Pref. It is said that the goddess of agriculture, Toyooké-Ōmikami, who once resided in this area, was called to Ise Shrine by the sun goddess, Amaterasu-Ōmikami, and has since been enshrined at the Ise Shrine.

Kasamatsu Park

Leaving the Motoise Konojinja Shrine, re-board your coach and head to Kasamatsu Park for a panoramic cable car-ride. Along the way, take in a splendid panoramic view of Amanohashidate. Leaving the park, re-board your coach and proceed for lunch at a local restaurant. After your Japanese style lunch, your drive continues on to Hinode Port.

HKD-B / HAKODATE IN-DEPTH

DIFFICULTY

Price:\$209; Duration:7.25 hrs

Explore the picturesque beauty and landmarks of Hakodate during this full-day sightseeing excursion to the city and its environs.

Goryokaku Park and Hakodate Magistrate's Office

Depart the pier for the brief drive to the Goryokaku Park. The park is home to the remaining walls of Japan's first Western-style fort. The fort is named Goryokaku or 'Pentagon Fort' due to its star shape. Nothing is left of the citadel, which was constructed by the Togukawa Shogunate to defend Japan and the Magistrate's office against the threats from the north. At Goryokaku Tower, guests will ride the elevator up to the Observation Deck of the 351 foot tall (107 metre tall) tower at the park entrance, and take in splendid views of the park, fort, Mt. Hakodate and the downtown area. Enjoy a stroll through the park to the Hakodate Magistrate's Office, which provides a stunning example of traditional Samurai (Edo) architecture.

Hakodate Morning Market and Lunch

Next, re-board your coach and drive to the Hakodate Morning Market. Upon arrival, take a guided stroll through this bustling market, which is engulfed by cars and people from the time the 400 stalls open at 5 a.m. Discover an abundance of fresh fish and seafood, including squid, salmon eggs, sea urchins and the hairy crabs for which Hokkaido is famous. The garden also offers fresh, locally-grown vegetables, along with flowers and household goods. Lunch at the local hotel (Western style set menu).

After lunch, re-board your coach and drive to the Mount Hakodate Overlook, or 'Hakodateyama'.

Mount Hakodate Overlook

Your tour continues with a drive to the Mount Hakodate Overlook or 'Hakodateyama'. Upon arrival, take one way only the Hakodate Ropeway (cable car) up to the all-weather observatory at the 1,100-foot (335-metre) summit, which offers panoramic views over the surrounding area (weather permits).

Kanamori Red Brick Warehouse

Following your visit at Mt. Hakodate, re-board your coach and drive down to the Kanamori Red Brick Warehouse area. Remodelled in 1988 as part of the redevelopment of Hakodate's waterfront, this area's old, red-brick warehouses have been converted into bars and restaurants.

Your tour concludes with an approximate 30-minute drive back to the pier.

Please note: This tour involves an extensive amount of walking, with approximately 1.5 miles (2.4 kilometres), with a few steps to negotiate to get on/off the coach, 20 steps at the aerial cable car on Mt. Hakodate and up to 40 steps at the Goryokaku Tower. This tour is not suitable for guests with limited mobility or those who utilise a wheelchair. Guests are advised to wear lightweight, comfortable clothing, and carry a sweater or windbreaker for the visit at Mt. Hakodate; you will need one if you opt to walk around outside the observatory. Sunscreen, a hat and sunglasses are also recommended. Japanese yen is required for any purchases: guests are advised to exchange money at the airport prior the cruise. The view from Goryokaku Tower and the Mt. Hakodate is dependent upon weather conditions. Guests wishing to enter the Magistrate's office are required to remove their shoes, therefore guests must be wearing socks to experience this portion of the tour.
