## ORGANISED SHORE EXCURSIONS

Booking Direct with Silversea gives you peace of mind. Our local tour operators are fully insured and have been comprehensively vetted. In the unlikely event of issues with a Silversea tour, we assume responsibility and the ship will wait for our delayed shore excursion. These are important factors when comparing value. Looking for a special program with your travelling companions? In a nod to our Italian heritage, let us reserve for you our Silver Shore "Privato" service - a private vehicle with driver and/or guide. Create your own itinerary or leave it to us. This service is available in most ports which you can reserve on MySilversea ([my.silversea.com](http://my.silversea.com)) or at the Shore Concierge desk onboard for a truly tailor-made arrangement. Please bear in mind as we traverse many far reaching destinations, the local infrastructure varies and is beyond our control. Road conditions and vehicles available locally may not be up to standards we are accustomed to. Guides and drivers may speak with a heavy accent at times depending on the port of call. Be assured however that at Silversea, we contract only the best tours and best operators available at each destination. Please Note: Silversea reserves the right to make any changes or modify a tour in case of unforeseen circumstances and/or to ensure the safety and comfort of our guests.

## BOOKING & CANCELLATION DEADLINES

Shore excursions must be purchased on or before the booking deadline for each port of call. Tours are available on a first-come, first-served basis; some tours are very popular with guests often ending up being wait-listed: in order to avoid disappointment, it is therefore suggested to book in advance via [my.silversea.com](http://my.silversea.com) from 120 days until 48 hours prior to sailing. Last-minute requests to participate on excursions are subject to space availability, which in some cases may not be determined until departure time pier-side. Please note that certain shore excursions may have different reservation deadlines and may incur cancellation fees if cancelled after the deadline. Unless otherwise indicated in the tour description for a particular shore excursion a 100% cancellation fee will be charged for shore excursions cancelled within 48 hours of the scheduled start time. If changes or cancellations are required once onboard, tickets must be returned to the Shore Concierge desk within the cancellation deadline period.

## ONLINE ADVANCE RESERVATION OF SHORE EXCURSIONS

For those of you that are not aware, at Silversea you can pre-reserve your excursions at leisure prior to your journey on the internet, log on to MySilversea ([my.silversea.com](http://my.silversea.com)) until 48 hours prior to sailing. If you have pre-reserved your excursions on line, your tickets will be delivered to your suite upon embarkation and all charges will be billed to your shipboard account.

## ON BOARD RESERVATIONS

Once on board, you may also reserve and purchase your shore excursions. You will find a consolidated tour booking form in your suite and at the Shore Concierge desk. Select the tours in which you wish to participate, then leave the completed and signed form at the Shore Concierge desk prior to the booking deadline indicated. Tour tickets will be delivered to your suite and your selected excursions charged to your shipboard account. Overland and exclusive excursions must be pre-paid by credit card through your reservation agents. If still available they may also be purchased on board. Shore excursions require a minimum number of participants in order to operate as described. If this minimum number is not met, Silversea reserves the right to offer the programme at a different rate or to cancel the specific departure.

## SHORE EXCURSION PRICING

Prices are generally quoted per person, per tour, with the exception of Silver Shore Privato or group-designated excursions. Prices are subject to change without notice. Please visit MySilversea ([my.silversea.com](http://my.silversea.com)) for the most up-to-date information. Discounts for children under 12 years of age are available on some, but not all tours. Prices for children, if available, will be adjusted onboard. Please meet with the Shore Concierge team prior to your excursion to discuss the availability of children's pricing.

## ON-TIME TOUR DEPARTURES

As a courtesy to fellow guests, tour departures generally will not be announced unless there is an unforeseen change. Departure times from the ship are published in the ships daily newspaper, the Silversea Chronicle. Guests are kindly requested to proceed ashore at least ten minutes prior to the tour departure time. The Shore Concierge team will be pier-side to direct you to the appropriate transportation. When the ship is at anchor, guests must allow additional time to tender ashore.

Silversea Cruises reserves the right to adjust itineraries and tour departures as local conditions dictate. Please note that pier departure times are also listed in MySilversea ([my.silversea.com](http://my.silversea.com))

## TOUR SUITABILITY

At Silversea we offer a broad range of activities for our guests of all physical capabilities. Some excursions are decidedly only for the physically fit and active guest. Each excursion offered is clearly identified with an activity level to assist you. For your safety and enjoyment and that of your fellow guests, please be certain you're selecting excursions that meet your physical capability. We therefore encourage guests to review the tour description carefully including the PLEASE NOTE section which includes useful information and attend the port talks onboard. If you still have any questions or concerns regarding this, please contact Shore Concierge ([shoreconcierge@silversea.com](mailto:shoreconcierge@silversea.com)) prior to your cruise or visit the Shore Concierge desk for more detailed information once onboard.

#### **ONBOARD SHORE CONCIERGE TEAM**

Whether you wish to participate in an organised shore excursion or bespoke tailor-made tour, Silversea's experienced Shore Concierge team are happy to assist you in ensuring your shore-side experiences are nothing less than a memory that lasts forever.

The Shore Concierge team is available onboard on sea days from 9:00 a.m. to 12:00 noon and from 3:00 p.m. to 7:00 p.m. Office opening hours in port may vary whilst staff is shore-side assisting you on tour. Please refer to the Silversea Chronicle for daily office opening hours.

When contemplating a tailor-made program onboard, please contact the Shore Concierge team as early as possible at the beginning of your cruise, as time may be a factor in reaching local contacts. Please be aware that once arrangements have been confirmed, 100% cancellation fee will be applied. Unfortunately, we are unable to change or cancel airline tickets, car rental, hotel or any other reservations you made previously with your travel agent or on your own. In many ports of call there may be a local hospitality representative on board to provide additional information, for two hours after the ship's arrival. In some ports, local information may be found in the tourist information centre ashore.

#### **PORT TALKS**

Throughout your cruise we'll be offering Port & Shore Excursion information given by our Shore Concierge Manager and Destination Consultant prior to arrival in each port of call. Our aim is to give you a travel experience that goes beyond the ordinary and many of your questions about our ports of call will be answered in these briefings, giving you more time to enjoy and immerse yourself in each port. The information is presented in the theater or is pre-recorded and played on your in-suite entertainment system.

#### **SILVERSEA SHUTTLE SERVICE**

Complimentary transportation may be provided by Silversea when the local town is beyond a reasonable walking distance from the port. This service may not be possible in ports where a strong taxi union exists, preventing Silversea from providing a complimentary shuttle. The availability and schedule for this service will be announced onboard and listed in the Silversea Chronicle. We are not able to advise this in advance. Operationally, intervals between shuttle bus departures could be affected by local traffic. Silversea is not liable for any unforeseen delays. There will be a break in service for driver meal times. Shuttle service is offered during the day only. The shuttle service is designed to augment local transportation; guests requiring more flexibility may prefer not to wait for a shuttle and secure a taxi at their own expense.

#### **CHILDREN ON TOUR**

To ensure the safety of our younger guests, participation by children in certain shore excursions may be restricted. To ensure the safety of our younger guests, children up to the age of 8 years old are only permitted to participate in suitable Silver Shore Excursions and the shuttle service, if the vehicles are equipped with the correct safety harness and seating equipment, to accommodate a child. Such harnesses' and secure seating cannot be guaranteed. Alternately guests may use their own approved safety seat, booster seat or harness as long as they are compatible with the local touring vehicle and can properly secure the young guest. Silversea reserves the right to refuse children under the age of 8 years old on any tour on the basis of safety.

#### **GRATUITIES**

Gratuities for local guides and drivers are not included in the excursion price. It is customary to tip tour guides and drivers. Such gratuities if extended, should be done so on a voluntary, individual basis.

#### **MOBILE TELEPHONES**

As a courtesy to fellow guests, kindly refrain from using mobile telephones while on tour so as not to interfere with the guide's explanation. Most tours make frequent stops, allowing time for guests to use their mobile telephones. We appreciate your understanding in this matter.

#### **SMOKING**

For reasons of safety and comfort, smoking is not permitted on any tour vehicles used by Silversea. Your understanding in this matter is appreciated.

#### **VIDEO/PHOTOGRAPHY CHARGES**

At some museums, sites and monuments, photography and/or the use of video cameras may not be allowed or may incur a charge. These charges are not included in the tour price and are at guests' own expense.

#### **SHOPPING STOPS**

While our organised excursions are not generally geared to the serious shopper, some tours allow for short shopping stops as indicated in the tour description. In the interest of all tour participants, guests should adhere to the allotted time and return to the tour vehicle promptly as advised by the tour guide or ship's escort. Please Note: The selection of shops is generally left to the discretion of the tour operator. Silversea does require that establishments be reputable, of general interest to our guests and offer quality goods. However, all purchases are the responsibility of the individual.

**ADDITIONAL TERMS & CONDITIONS**

Silversea Cruises Ltd. and its associated or affiliated companies act solely as agents for airlines, motorcoach companies, railroads and other service providers. LTT-D / BORMES-LES-MIMOSAS

DIFFICULTY

Price:\$99; Duration:5.00 hrs

Embrace the scenic beauty of Provence during this half-day outing to the seaside village of Bormes-les-Mimosas. Located in the heart of the Mediterranean coastal region of the south of France, this medieval ancient village offers a step back in time.

After tendering ashore in St. Tropez, depart for the scenic, 50-minute journey southwest to Bormes-les-Mimosas. En route, the coastal road follows the St. Tropez Peninsula past numerous beaches, and the villages of Ramatuelle, La Croix and Valmer. Of particular interest are the monuments and landing beach at Cape Cavalaire, where Churchill's 'Operation Dragon' came ashore in August of 1944.

### Bormes-Les-Mimosas

Located just three miles from Le Lavandou, yet a world away, is Bormes-Les-Mimosas, one of the most attractive and flower-filled villages in France. Precede through the *Massif des Maures* along a hairpin road that affords breath-taking views at every turn of the indented coastline, which is replete with beautiful mimosa, palm and gum trees. Built as an amphitheatre, the hilltop village of Bormes-Les-Mimosas is famous for its benign climate, fabulous panoramas and a flowery charm that has attracted many artists, painters and sculptors.

### Village Walking Tour

Next, take a guided walking tour through the narrow streets of the village. Your route begins at the Renaissance Chapel of Saint-François de Paule, located next to the old cemetery and remains of windmills. Traverse the charming, narrow and twisted streets dotted with arts and crafts shops en route to the old castle.

### Provence Castle

Built between the 13th and 14th centuries, the castle bears witness to the reign of the Counts of Provence; parts of it have been registered as historic monuments. Although now a private residence, its threshold offers a wonderful panoramic view across Lavandou Bay, the Levant and Port Cros islands, the Port of la Favière, and the private grounds of Cap Bénat and Gaou Bénat.

Your visit concludes with a refreshing drink and some free time to stroll about the slender, steep passages before re-boarding your coach for the return drive along the coastal road to St. Tropez Harbour.

Please note: This tour requires an extensive amount of walking for approximately 1100m (3/4 of a mile) over cobblestones and some uneven pavement with some steep inclines or steps in the village of Bormes. Tour coaches are not permitted to enter the port area of St. Tropez; therefore, a lengthy walk is required to-and-from the coaches. This tour is not recommended for guests with limited mobility and guests who utilise a wheelchair. We recommend lightweight clothing, comfortable shoes and sun protection.

LTT-A / PORT GRIMAUD VILLAGE

DIFFICULTY

Price:\$119; Duration:4.00 hrs

Experience an eclectic blend of cosmopolitan chic and country charm in the area of St. Tropez during this scenic cruise along Port Grimaud, and a visit to its charming hilltop village.

After tendering ashore, depart the pier for the brief drive via coach to Port Grimaud.

### Port Grimaud

Port Grimaud was created in the 1960s as a private lagoon pleasure city with waterways for roads and yachts parked at the end of every garden. This extraordinary architectural experiment was the idea of François Spoerry who envisioned a town built in the manner of Venice with channels of water and traditional French fisherman's houses, each with a personal boat mooring space at the end of the garden. The houses are built in the tasteful old Provençal style. Upon arrival, take a pleasant guided stroll through this unique enclave, followed by a 15-20 minute motorboat cruise past exquisite homes, lovely gardens, tiny squares and bridges spanning the manmade canals.

Itinerary, all arrangements, and prices are subject to change without notice. Silversea reserves the right to correct any errors or omissions. Please refer to [my.silversea.com](http://my.silversea.com) for the most current schedules, fares and complete terms and conditions.

**Grimaud Village**

Next, re-board your coach and proceed for a countryside drive to the village of Grimaud, and a look at the quieter side of life in the South of France. Known as a 'village perché', Grimaud is perched on a hillside high above the fertile valley, and is accessed by an uphill walk. Your reward is a serene, rustic village with warm, ochre-coloured houses grouped around an 11th-century church. Until the end of the 19th century, the Castle of Grimaud was the command post overlooking the Gulf of Grimaud. The remains of a medieval castle are an added attraction, as are the stunning views from its hilltop location.

After a leisurely stroll around this charming setting, walk back to your coach for the return drive to St. Tropez Harbour.

**Please note:** This tour requires an extensive amount of walking on cobblestone, unpaved and paved surfaces, with steps to negotiate, and is not recommended for guests with limited mobility or guests who utilise a wheelchair. Total walking distance is approximately 1400m (1 mile). We recommend wearing comfortable clothing, walking shoes and sun protection. During high season traffic may be congested in the area and may affect timing of this excursion.

**LTT-C / VILLAGES OF GASSIN & RAMATUELLE**

DIFFICULTY

Price: \$99; Duration: 4.00 hrs

Experience Gassin and Ramatuelle in the Var region in the south of France, both beautiful hilltop villages set high above the Mediterranean Sea and the peninsula of Saint Tropez. The villages were originally created to escape the pirates who terrorized the local Mediterranean waters. Gassin is believed to be one of the oldest villages in the south of France with first written evidence dating back to 1234. Ramatuelle is located above the famous Pampelonne beach, famous for its role in the Allied landing and also renowned as one of the main beaches of Saint Tropez. After tendering ashore, depart via coach for a scenic drive through the heart of the St. Tropez Peninsula.

**Gassin**

Your first stop is at the picturesque village of Gassin. Its shape and size is reminiscent of a small ship perched on a summit. The original name of Garcin dates back to earlier times to the 10th century. The Knights Templar is thought to have built the castle on the rock and you can see traces of the Templiers on the ancient walls in some of the streets and doors. Once a Moorish stronghold, today Gassin is a chic and popular tourist destination. It is known as 'the most beautiful village of France' and has an unrivalled panoramic view of the Golfe de St. Tropez, the Iles d'Or and the surrounding hills.

During your visit, walk the maze of alleyways, sometimes linked by stairs, and take in the cosy atmosphere of the village. Leaving Gassin's hilltop location, proceed to its lower-lying neighbour of Ramatuelle.

**Ramatuelle**

Larger than Gassin but just as old, Ramatuelle is surrounded by some of the best Côte de Provence vineyards. Upon arrival, commence your guided walking tour. The guide points out the area's most interesting sites and the main highlights of the area as you proceed through the twisting arcade of streets abounding with arts and crafts shops. Old houses, recently restored, huddle against the ancient town wall. Ocher facades and pastel shutters are decorated with jasmine, honeysuckle and bougainvillea, a feast for the senses.

Of special interest is a monument to the members of the Special Services who died in World War II, and the ivy-covered tomb of French actor Gerard Philippe, who died in 1959 and is buried in Ramatuelle's cemetery.

Following your visit, re-board the coach for the drive back to St. Tropez Harbour.

**Please note:** This tour requires an extensive amount of walking over cobbled and uneven surfaces, with steps to negotiate in the villages. Since the tour coaches are not permitted to enter the port's parking area, a lengthy walk is required to-and-from the coaches. This tour is not recommended for guests with limited mobility and guests who utilise a wheelchair. Timings may vary during high season due to increased traffic in St. Tropez.

**LTT-F / FAMOUS & GLAMOUR HELI-RIDE OVER ST TROPEZ**

DIFFICULTY

Price: \$489; Duration: 1.00 hrs

See the French Riviera like you never have before, touring above Saint Tropez on a panoramic helicopter ride that you will never forget. Transfer from the pier by coach and arrive at the Heli pad for your exclusive private tour of the heart of the French Riviera, the exclusive, glamorous city of Saint Tropez.

Tour past the space-age multi-million-Euro yachts and get a rare opportunity to see secluded villages as well as luxury properties that are otherwise inaccessible to the public. Fly over the Saint Tropez Citadel, which from the air casts a striking shape, like an elongated star.

Enjoy the spectacular scenery of the brilliant turquoise of the Mediterranean giving way to beaches, and further inland the ancient villages with their distinctive rooftops. See the spectacular harbor of Cavalaire lined with luxury boats, and the colorful homes lining the canals of Port Grimaud.

At the end of your brief flight (a total of 20 minutes in the air), make the return trip to the pier, or to downtown Saint Tropez to explore at your leisure.

Please note: This tour involves little walking (150 m) and the ability to take one large step to enter the helicopter. Guests with limited mobility must be able to get in and out of the helicopter and board the coach without assistance. This tour is not accessible for wheelchairs, but guests who are able to transfer on their own may participate. Guests do not need to sign a waiver but must bring a copy of a valid photo ID and present it in order to board. This tour is not recommended for those prone to motion sickness or with a fear of heights. LTT-B / ST. TROPEZ STROLL &amp; WINE APPRECIATION

DIFFICULTY

Price:\$109; Duration:3.00 hrs

Indulge your senses with the culture, architecture and flavours of St. Tropez during a scenic stroll around this seaside resort, and a wine class and tasting in a quaint village private terrace. Medieval streets lined with walled gardens, little squares set with dripping fountains and picturesque houses all await your exploration.

## St. Tropez

Although St. Tropez is world-renowned as an ultra-chic haunt of the rich and famous, this charming seaside resort is also a genuine Provençal village with a rich cultural heritage.

After tendering ashore, meet your guide at the pier station, then take a guided walking tour to discover the architectural and traditional beauty of St. Tropez. As you proceed along the old harbour, often painted by famous artists, see an 1866 statue of Bailli de Suffren, seaside houses with vaulted basements that used to be boat garages on quai Jean-Jaurès, and the famous Sénéquier Teahouse.

Next, your walking tour continues on to the Town Hall Square for a look back at a time when St. Tropez was an independent republic so rigorously well-defended by its inhabitants that it was never conquered.

## Wine Tasting

Your tour concludes at an intimate village terrace, where an expert oenologist greets your arrival and introduces you to the world of wine and winemaking on the St. Tropez Peninsula. Learn the three techniques, sight, smell and taste, as well as the art of using the right words to describe these sensations. The expert then puts your senses to the test in an interactive game of flavour-detection. Learn how to discern different types of wine, and match food with the correct wine.

Following this unique experience, you may return directly to the pier or spend the afternoon in town at your leisure.

**Please note: This tour requires an extensive amount (approximately 1.5 hours) of walking, at times over cobbled surfaces and it is not suitable for guests with limited mobility or those who utilise a wheelchair. We recommend lightweight, comfortable clothing, walking shoes and sun protection. Guests need to be of legal drinking age to participate in the wine tasting.**

LTT-E / BUGGY ADVENTURE: THE WILDS OF THE RIVIERA

DIFFICULTY

Price:\$459; Duration:5.00 hrs

Go on an adventure for the day discovering wilds surrounding the French Riviera on your nimble off-road buggy. Fill your eyes with views of spectacular landscapes including vineyards, forests and wilderness, as well as incredible panoramic vistas over the Mediterranean Sea.

Departing the pier, drive via coach with your guide to St. Raphael, a resort town on the Cote d'Azur that serves as your starting point for your buggy adventure. Receiving a safety and technical briefing from your English-speaking instructor, and then it is time to set off.

Discover the incredible rocky coastal wilderness of Estérel, which provides spectacular terrain for cruising while taking in sweeping views of the sea below. Follow your instructor to a private field for an exclusive session driving off-road. Travel to the wild playground at the heart of the forest in Fréjus, getting close-up to the iconic wild donkeys that dwell here.

Departing Fréjus, drive along the iconic, winding road: the famous Corniche d'Or. Drive along in convoy, awestruck at the views offered here as you coast between land and sea in your buggy. Prepare to be awed at the bright turquoise blue sea before you and the red rocks of the Massif of Esterel behind you.

Part-way through the trip take a pause in the wilderness to quench your thirst and enjoy a snack in an inspiring natural setting near a modest hunter's home. Enjoy an improvised snack of Provençal treats like fresh fruits, sweet candies, biscuits and syrup. Prepare to share with a wild donkey as they often take quite a bit of interest in picnics!

There are many opportunities to stop, relax, switch drivers and take in the views before you. Remember to bring your bathing suit as there are a few chances to jump into water, in the sea and also in a wild creek.

Please note: This tour involves a moderate amount of activity over uneven natural terrain, navigating the off-road experience in a buggy. Due to the activity level and uneven ground, this tour is not recommended for individuals with limited mobility or those with back or neck issues (also not suitable for pregnant women). Buggies are not equipped for wheelchairs. This tour is for adults only, no children are allowed. Guests must sign a waiver to participate on this tour and provide a valid ID and driver's license. Guests are recommended to wear comfortable clothes and closed-toe shoes, bring a swimsuit and towel, and also to bring a bandana/scarf to protect face from dust. Guests should expect significant sun exposure. Space on this tour is extremely limited; we suggest you book well in advance to avoid disappointment. Wildlife sightings likely but not guaranteed

BCN-B / GOTHIC QUARTER & PUBLIC MARKETS

DIFFICULTY

Price:\$99; Duration:4.00 hrs

---

From the comfort of your coach, enjoy the views of Columbus Monument, the Old Port's installations, the Noucentist Avenue of Via Laietana and the Roman City Walls, until reaching the millenary heart of Barcelona and immersing in your enchanting traditional Markets walk through the ancient Barri Gotic - the Gothic Quarter.

### Gothic Quarter

An island within the urban metropolis with narrow streets of ancient stone and historical buildings, the Gothic Quarter hosts the eternal administrative core of the city, with both the Palau de la Generalitat (Catalan Government palace) and l'Ajuntament (Town Hall), located on opposite sides of the over five centuries old Sant Jaume's Square. Follow your guide too through the vestiges of the Old Roman City of Barcino, medieval palaces and squares such as Plaça del Rei and Barcelona's main Cathedral of Santa Eulalia.

### Public Markets

Just across Via Laietana, the oldest "path" in town, you will also visit the renewed Mercat of Santa Catarina, a place to taste a market snack and the flavour of local life, indeed a magnificent showcase of tradition, architectural innovation and recent archaeological excavations.

### La Boqueria

Depart the pier for the drive through the centre of the city towards the north and Colonia Güell.

### Colonia Güell

A jewel of modernism still relatively unknown to the big public, Colonia Güell remains today as one of the most secret treasures of Catalan architecture genius Antoni Gaudí. Conceived as an industrial village to accommodate factory workers, Gaudí was in charge of building the church of the installations and even though the temple remained unfinished, the crypt is considered a culminating point of his works: the construction including for the first time practically all of his architectural innovations. After a guided visit, your tour continues on with a visit to the Church of the Holy Family, or, 'La Sagrada Familia'.

### La Sagrada Familia

This monumental but unfinished church is Gaudí's most famous masterpiece. Its towering spires are Barcelona's most prominent landmark. Many of the steeples Gaudí envisioned have not yet been built, and much of the structure is still exposed to the heavens. Take a walk around this unfinished church on an exterior visit for photos before continuing your drive through the Eixample District.

### Eixample District Tour

The Eixample District is home to some of Barcelona's most stunning examples of Modernist architecture, especially along the elegant Passeig de Gracia. Important buildings such as the Pedrera House, the Batlló House and the Amatller House line this impressive thoroughfare.

### Casa Batlló

Next, a visit is made to Casa Batlló. Originally a residence of a wealthy industrialist, Gaudí completely renovated the building between 1904 and 1906, and its façade is unsurpassed in the entire city. There are no corners; even the walls are rounded and the tile roof depicts the back of a dragon. Your guided walking tour of this Gaudí masterpiece includes the impressive main floor and rooftop, which features whimsical chimneys and offers spectacular views over the city.

Following your visit, re-board your coach for the return drive to the pier.

**Please note:** This tour involves a moderate amount of walking, with several steps to negotiate at the Casa Batlló (4 floors). It is not suitable for guests with limited mobility or those who utilise a wheelchair. Barcelona's City Government will no longer allow motor-coaches to drive by or stop near the Sagrada Familia. Respectful attire that covers the shoulders and knees should be worn in order to enter the crypt. Photos and video are not allowed inside the crypt. Motor-coaches are required to park in a parking lot approximately 2-3 blocks away from the Sagrada Familia. This will add an approximate 10 to 15 minute walk to and from Sagrada Familia (30 minutes total) and the order of sites visited may vary.

PMI-G / CAVES OF DRACH

DIFFICULTY

Price:\$69; Duration:5.00 hrs

Unveil the mystery of Mallorcan pearls during this half-day journey to the renowned Caves of Drach, and a subterranean classical concert at one of the world's largest underwater lakes. The caves have formed by water being forced through the entrance from the Mediterranean Sea, and some researchers think the formation may date back to the Miocene. There is an underground lake situated in the caves called Martel Lake.

### Porto Cristo, Caves of Drach

Depart the pier for the approximately one-hour drive to the island's interior, passing through the beautiful historic town of Porto Cristo, one of the island's oldest harbours. Arrive to the Caves of Drach, or 'Cuevas del Drach', located near Porto Cristo. Perhaps as famous as the pearls, the caves were believed to have been discovered in the 12th century. In 1929, a visitor's entrance was built at the caves, and in 1935, the caves' interior was artistically illuminated for the first time. Today, the caves offer a surreal experience to visitors strolling through their ancient rooms. Dramatic lighting highlights the grottoes and silhouettes of immense stalagmites and stalactites.

During your walking tour inside the cave, see formations with names like 'Snow Mountain', 'The Ruined Castle', and 'Diana's Baths' en route to the shore of Lake Martel, one of the largest subterranean lakes in the world. Here, a short concert of classical pieces is accompanied by the interplay of shadows and light against the water.

### Scenic drive, Pearl factory

The excursion continues with a stop to the Pearl factory. Here you will have time to browse during a visit to Majorica, the local world-known pearl factory and showroom. The return motorcoach ride to the ship is across the island's fertile plains, passing through many local picturesque farming communities and very typical windmills.

**Please note:** This tour requires an extensive amount of walking, with 120 steps to negotiate in the caves. This tour is not recommended for guests with limited mobility or guests who utilise a wheelchair. No photography or video is permitted in the caves.

Along the way, a visit is made to the Church of San Francesco and its 14<sup>th</sup> century cloister, centrally located in the Spanish Quarter.

The maze-like narrow lanes and piazzas of Alghero old town protrude out into the Mediterranean from the regular grid of streets that now constitute the modern town. This geographical aspect and the strategic position of Alghero on the North West coast of Sardinia led to the construction of massive sea facing city walls to guard against maritime threats from this direction.

Alghero marina is situated just outside the walls and immediately beyond is the town beach of Alghero also known as the Lido. This long expanse of white sand stretches for 3 miles (4.8 km) to the town of Fertilia and is backed by numerous hotels and apartments.

Following your walking tour, some free time is made available to browse the local shops at your leisure before re-boarding the coach to reach the venue Azienda Agrituristica Ledà d'Ittiri for the wine tasting.

### Azienda Agrituristica Leda' d'Ittiri

The estate is located just a short distance away from the frenetic town of Alghero and from wonderful white-sand beaches, at the feet of Monte Doglia, a mountain from whose peak it is possible to admire the bay of Porto Conte and the promontory of Capo Caccia. The estate consists of 18 hectares (44.5 acres) of olive orchards and vineyards that are carefully cultivated by the owners as if they were the garden of their farmhouse.

Antonella and Annamaria are two ladies with an ambitious business project. Together as mother and daughter, they belong to an ancient Sardinian noble household, the only heraldic coat of arms within the Sardinian wine sector. They have become passionate, expert entrepreneurs who are able not only to look after each detail of their business, but also to personally keep up with the issues of the cultivation. The result has come up to their expectations.

Given the favorable location of the estate, the owners have integrated the agricultural activities with a tourist/cultural project, aimed at promoting the area and its products. The business philosophy consists in producing small quantities in favor of a higher quality and in offering a high-level hospitality to those visitors who appreciate the tranquility and the fragrance of the countryside.

Following your wine tasting, re-board the coach for the return drive to the pier in Alghero. En route, pass by the entrance to the Nuraghe Palmavera and learn some interesting facts about the archaeological site from your guide.

## Alghero - Italy

AHO-B / ALGHERO & NURAGHE PALMAVERA

DIFFICULTY

Price:\$79; Duration:3.50 hrs

Experience the splendid beauty of Sardinia during a scenic and memorable visit to the Nuraghe Palmavera archaeological site, the Capo Caccia Belvedere and Alghero's Old Town.

After tendering ashore, board your coach for the scenic drive along the coastal road to Nuraghe Palmavera which is located approximately 6 miles (about 10 kilometres) from town.

### Nuraghe Palmavera

From the bus parking area, proceed on foot to the archaeological site. During a walking tour of the premises, your guide explains the history and significance of these remarkable remains dating from the civilization that existed here about 1300-1200 B.C. The main tower is an excellent example of Sardinia's earliest inhabitants, who remain a prehistoric enigma. Ancient writers called them the 'Nuraghic' people, named after their stone dwellings, the 'Nuraghi'. These structures are unique to Sardinia, just as the Aztec pyramids are to Mexico.

### Capo Caccia Belvedere

Next your drive continues on to Capo Caccia Belvedere, where a photo stop is made for spectacular panoramic views of the Coral Riviera, or 'Riviera del Corallo'. After the photo stop, re-board the coach for the approximately one-hour drive back to Alghero. Upon arrival, take a walking tour of the Catalan-styled Old Town.

### Alghero's Old Town

The best way to see this appealing walled town with its distinctly Spanish-Catalan flavour is on-foot. During your brief walking tour your guide points out Alghero's most notable attractions. Along the way, a visit is made to the Church of San Francesco and its 14<sup>th</sup>-century cloister, centrally located in the Spanish Quarter.
